guidelines for primary caregivers to give informed consent to patients that the products they cultivate or produce may contain contaminants and that the THC levels are not verified.

The bill requires all primary caregivers to register with the state health agency and the state medical marijuana licensing authority (licensing authority). Any primary caregiver who is not registered shall register within 10 days of being informed of the duty to register. If a person fails to register after such 10 days, the state health agency and licensing authority shall prohibit the person from ever registering and acting as a primary caregiver.

The bill requires the licensing authority and the state health agency to share the minimum amount of information necessary to ensure that a medical marijuana patient has only one caregiver and is not using a primary caregiver and a medical marijuana center.

The bill permits moneys in the marijuana tax fund to be used to fund the implementation of any bills approved by the marijuana revenues interim committee.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds and declares that:

4 (a) Colorado authorizes the sale and use of small amounts of
5 medical and retail marijuana;

6 (b) The United States department of justice expects a state that has
7 enacted laws regarding regulated marijuana use and sales to put measures
8 in place to prevent the diversion of marijuana from the regulated system
9 and prevent illicit marijuana trade that funds criminal enterprises;

10 (c) If Colorado creates a robust regulatory environment that is
11 strongly enforced, the federal government will not interfere except in
12 those individual cases where the department of justice's enforcement
13 priorities are at risk;

14 (d) Large medical and recreational marijuana grows should be
15 subject to enhanced oversight to augment health and safety and decrease
16 trafficking;

1 (e) The sale and use of medical marijuana is limited to those
2 Colorado residents who have a physician's recommendation that they
3 have a debilitating medical condition that could benefit from the use of
4 medical marijuana; and

5 (f) It is necessary to ensure that there is broad and appropriate
6 access to medical marijuana while maintaining the safety and security of
7 the regulated medical marijuana market.

8 (2) Now, therefore, the general assembly hereby enacts the
9 following protections to ensure that access to the medical marijuana
10 market is limited to Colorado residents who have a physician's
11 recommendation that they have a debilitating medical condition that could
12 benefit from the use of medical marijuana and to ensure that the medical
13 marijuana that is grown, processed, and sold in the regulated market does
14 not enter the retail market or cross state borders.
