211 760.29(4)(b).

212       b. The retirement community is located in a county in  
213 which 25 percent or more of its population is age 65 and older.

214       c. The retirement community is located in a county that  
215 has a rate of no more than 16.1 beds per 1,000 persons age 65  
216 years or older. The rate shall be determined by using the  
217 current number of licensed and approved community nursing home  
218 beds in the county per the agency's most recent published  
219 inventory.

220       d. The retirement community has a population of at least  
221 8,000 residents within the county, based on a population data  
222 source accepted by the agency.

223       e. The number of proposed community nursing home beds in  
224 an application does not exceed the projected bed need after  
225 applying the rate of 16.1 beds per 1,000 persons aged 65 years  
226 and older projected for the county 3 years into the future using  
227 the estimates adopted by the agency reduced by the agency's most  
228 recently published inventory of licensed and approved community  
229 nursing home beds in the county.

230       2. No more than 120 community nursing home beds shall be  
231 approved for a qualified retirement community under each request  
232 for expedited review. Subsequent requests for expedited review  
233 under this process may not be made until 2 years after

CS/CS/HB 31A, Engrossed 1

2015A

234 construction of the facility has commenced or 1 year after the  
235 beds approved through the initial request are licensed,  
236 whichever occurs first.

237 3. The total number of community nursing home beds which  
238 may be approved for any single deed-restricted community  
239 pursuant to this paragraph may not exceed 240, regardless of  
240 whether the retirement community is located in more than one  
241 qualifying county.

242 4. Each nursing home facility approved under this  
243 paragraph must be dually certified for participation in the  
244 Medicare and Medicaid programs.

245 5. Each nursing home facility approved under this  
246 paragraph must be at least 1 mile, as measured over publicly  
247 owned roadways, from an existing approved and licensed community  
248 nursing home.

249 6. A retirement community requesting expedited review  
250 under this paragraph shall submit a written request to the  
251 agency for expedited review. The request must include the number  
252 of beds to be added and provide evidence of compliance with the  
253 criteria specified in subparagraph 1.

254 7. After verifying that the retirement community meets the  
255 criteria for expedited review specified in subparagraph 1., the  
256 agency shall publicly notice in the Florida Administrative  
257 Register that a request for an expedited review has been  
258 submitted by a qualifying retirement community and that the  
259 qualifying retirement community intends to make land available

CS/CS/HB 31A, Engrossed 1

2015A

260 for the construction and operation of a community nursing home.  
261 The agency's notice must identify where potential applicants can  
262 obtain information describing the sales price of, or terms of  
263 the land lease for, the property on which the project will be  
264 located and the requirements established by the retirement  
265 community. The agency notice must also specify the deadline for  
266 submission of the certificate-of-need application, which may not  
267 be earlier than the 91st day or later than the 125th day after  
268 the date the notice appears in the Florida Administrative  
269 Register.

270       8. The qualified retirement community shall make land  
271 available to applicants it deems to have met its requirements  
272 for the construction and operation of a community nursing home  
273 but may sell or lease the land only to the applicant that is  
274 issued a certificate of need by the agency under this paragraph.

275       a. A certificate-of-need application submitted under this  
276 paragraph must identify the intended site for the project within  
277 the retirement community and the anticipated costs for the  
278 project based on that site. The application must also include  
279 written evidence that the retirement community has determined  
280 that both the provider submitting the application and the  
281 project satisfy its requirements for the project.

282       b. If the retirement community determines that more than  
283 one provider satisfies its requirements for the project, it may  
284 notify the agency of the provider it prefers.

285       9. The agency shall review each submitted application. If

CS/CS/HB 31A, Engrossed 1

2015A

286 multiple applications are submitted for a project published  
287 pursuant to subparagraph 7., the agency shall review the  
288 competing applications.

289

290 The agency shall develop rules to implement the expedited review  
291 process, including time schedule, application content that may  
292 be reduced from the full requirements of s. 408.037(1), and  
293 application processing.

294 (3) EXEMPTIONS.—Upon request, the following projects are  
295 subject to exemption from the provisions of subsection (1):

417 quality of care, nurse staffing, physician staffing, physical  
418 plant, equipment, emergency transportation, and data reporting  
419 found in agency certificate of need rules for Level II and Level  
420 III neonatal intensive care units and if the applicant commits  
421 to the provision of services to Medicaid and charity patients at  
422 a level equal to or greater than the district average. Such a  
423 commitment is subject to s. 408.040.

424 (m)1. For the provision of adult open-heart services in a  
425 hospital located within the boundaries of a health service  
426 planning district, as defined in s. 408.032(5), which has  
427 experienced an annual net out-migration of at least 600 open-  
428 heart surgery cases for 3 consecutive years according to the  
429 most recent data reported to the agency, and the district's  
430 population per licensed and operational open-heart programs  
431 exceeds the state average of population per licensed and  
432 operational open-heart programs by at least 25 percent. All  
433 hospitals within a health service planning district which meet  
434 the criteria reference in sub-subparagraphs 2.a.-h. shall be

442 program upon filing a request for exemption and complying with  
443 the criteria enumerated in sub-subparagraphs 2.a.-h., and is  
444 entitled to immediately commence operation of the program.

445 b. An otherwise eligible hospital that has not received a  
446 notice of intent to grant a certificate of need or a final order  
447 of the agency granting a certificate of need for the  
448 establishment of an open heart surgery program is entitled to  
449 immediately receive a letter of exemption for the establishment  
450 of an adult open heart surgery program upon filing a request for  
451 exemption and complying with the criteria enumerated in sub-  
452 subparagraphs 2.a.-h., but is not entitled to commence operation  
453 of its program until December 31, 2006.

454 2. A hospital shall be exempt from the certificate of need  
455 review for the establishment of an open heart surgery program  
456 when the application for exemption submitted under this  
457 paragraph complies with the following criteria:

458 a. The applicant must certify that it will meet and  
459 continuously maintain the minimum licensure requirements adopted  
460 by the agency governing adult open heart programs, including the  
461 most current guidelines of the American College of Cardiology  
462 and American Heart Association Guidelines for Adult Open Heart

465 sufficient appropriate equipment and health personnel to ensure  
466 quality and safety.

467 c. The applicant must certify that it will maintain

468 appropriate times of operation and protocols to ensure  
469 availability and appropriate referrals in the event of  
470 emergencies.

471 d. The applicant can demonstrate that it has discharged at  
472 least 300 inpatients with a principal diagnosis of ischemic  
473 heart disease for the most recent 12-month period as reported to  
474 the agency.

475 e. The applicant is a general acute care hospital that is  
476 in operation for 3 years or more.

477 f. The applicant is performing more than 300 diagnostic  
478 cardiac catheterization procedures per year, combined inpatient  
479 and outpatient.

480 g. The applicant's payor mix at a minimum reflects the  
481 community average for Medicaid, charity care, and self-pay  
482 patients or the applicant must certify that it will provide a  
483 minimum of 5 percent of Medicaid, charity care, and self-pay to  
484 open-heart surgery patients.

485 h. If the applicant fails to meet the established criteria  
486 for open-heart programs or fails to reach 300 surgeries per year  
487 by the end of its third year of operation, it must show cause  
488 why its exemption should not be revoked.

489 3. By December 31, 2004, and annually thereafter, the  
490 agency shall submit a report to the Legislature providing  
491 information concerning the number of requests for exemption it

494 calendar year.

495 (n) For the provision of percutaneous coronary  
496 intervention for patients presenting with emergency myocardial  
497 infarctions in a hospital without an approved adult open-heart  
498 surgery program. In addition to any other documentation required  
499 by the agency, a request for an exemption submitted under this  
500 paragraph must comply with the following:501 1. The applicant must certify that it will meet and  
502 continuously maintain the requirements adopted by the agency for  
503 the provision of these services. These licensure requirements  
504 shall be adopted by rule and must be consistent with the  
505 guidelines published by the American College of Cardiology and  
506 the American Heart Association for the provision of percutaneous  
507 coronary interventions in hospitals without adult open-heart  
508 services. At a minimum, the rules must require the following:509 a. Cardiologists must be experienced interventionalists  
510 who have performed a minimum of 75 interventions within the  
511 previous 12 months.512 b. The hospital must provide a minimum of 36 emergency  
513 interventions annually in order to continue to provide the  
514 service.515 c. The hospital must offer sufficient physician, nursing,  
516 and laboratory staff to provide the services 24 hours a day, 7  
517 days a week.518 d. Nursing and technical staff must have demonstrated  
519 experience in handling acutely ill patients requiring

520 intervention based on previous experience in dedicated  
521 interventional laboratories or surgical centers.

522 e. Cardiac care nursing staff must be adept in hemodynamic  
523 monitoring and Intra-aortic Balloon Pump (IABP) management.

524 f. Formalized written transfer agreements must be  
525 developed with a hospital with an adult open-heart surgery  
526 program, and written transport protocols must be in place to  
527 ensure safe and efficient transfer of a patient within 60  
528 minutes. Transfer and transport agreements must be reviewed and  
529 tested, with appropriate documentation maintained at least every  
530 3 months. However, a hospital located more than 100 road miles  
531 from the closest Level II adult cardiovascular services program  
532 does not need to meet the 60 minute transfer time protocol if  
533 the hospital demonstrates that it has a formalized, written  
534 transfer agreement with a hospital that has a Level II program.  
535 The agreement must include written transport protocols that  
536 ensure the safe and efficient transfer of a patient, taking into  
537 consideration the patient's clinical and physical  
538 characteristics, road and weather conditions, and viability of  
539 ground and air ambulance service to transfer the patient.

540 g. Hospitals implementing the service must first undertake  
541 a training program of 3 to 6 months' duration, which includes

546 times the patient selection criteria for the performance of  
547 primary angioplasty at hospitals without adult open-heart-  
548 surgery programs issued by the American College of Cardiology  
549 and the American Heart Association. At a minimum, these criteria  
550 would provide for the following:

551 a. Avoidance of interventions in hemodynamically stable  
552 patients who have identified symptoms or medical histories.

553 b. Transfer of patients who have a history of coronary  
554 disease and clinical presentation of hemodynamic instability.

555 3. The applicant must agree to submit a quarterly report  
556 to the agency detailing patient characteristics, treatment, and  
557 outcomes for all patients receiving emergency percutaneous  
558 coronary interventions pursuant to this paragraph. This report  
559 must be submitted within 15 days after the close of each  
560 calendar quarter.

561 4. The exemption provided by this paragraph does not apply  
562 unless the agency determines that the hospital has taken all  
563 necessary steps to be in compliance with all requirements of  
564 this paragraph, including the training program required under  
565 sub-subparagraph 1.g.

566 5. Failure of the hospital to continuously comply with the  
567 requirements of sub-subparagraphs 1.c.-f. and subparagraphs 2.  
568 and 3. will result in the immediate expiration of this  
569 exemption.

570 6. Failure of the hospital to meet the volume requirements  
571 of sub-subparagraphs 1.a. and b. within 18 months after the

CS/CS/HB 31A, Engrossed 1

2015A

572 program begins offering the service will result in the immediate  
573 expiration of the exemption.

574

575 ~~If the exemption for this service expires under subparagraph 5.~~  
576 ~~or subparagraph 6., the agency may not grant another exemption~~  
577 ~~for this service to the same hospital for 2 years and then only~~  
578 ~~upon a showing that the hospital will remain in compliance with~~  
579 ~~the requirements of this paragraph through a demonstration of~~  
580 ~~corrections to the deficiencies that caused expiration of the~~  
581 ~~exemption. Compliance with the requirements of this paragraph~~  
582 ~~includes compliance with the rules adopted pursuant to this~~  
583 ~~paragraph.~~

584 ~~(e) For the addition of mental health services or beds if~~  
585 ~~the applicant commits to providing services to Medicaid or~~  
586 ~~charity care patients at a level equal to or greater than the~~  
587 ~~district average. Such a commitment is subject to s. 408.040.~~

588 ~~(j) (p) For replacement of a licensed nursing home on the~~  
589 ~~same site, or within 5 miles of the same site if within the same~~  
590 ~~subdistrict, if the number of licensed beds does not increase~~  
591 ~~except as permitted under paragraph (e) (f).~~

592 ~~(k) (q) For consolidation or combination of licensed~~  
593 ~~nursing homes or transfer of beds between licensed nursing homes~~  
594 ~~within the same planning district, by nursing homes with any~~  
595 ~~shared controlled interest within that planning district, if~~  
596 ~~there is no increase in the planning district total number of~~  
597 ~~nursing home beds and the site of the relocation is not more~~

601 forensic facilities operated under chapter 916.

602       (m)-(s) For beds in state developmental disabilities  
603 centers as defined in s. 393.063.

604       (4) REQUESTS FOR EXEMPTION.—A request for exemption under  
605 subsection (3) may be made at any time and is not subject to the  
606 batching requirements of this section. The request shall be  
607 supported by such documentation as the agency requires by rule.  
608 The agency shall assess a fee of \$250 for each request for  
609 exemption submitted under subsection (3).

610       (5) NOTIFICATION.—Health care facilities and providers  
611 must provide to the agency notification of:

612           (a) Replacement of a health care facility when the  
613 proposed project site is located in the same district and on the  
614 existing site or within a 1-mile radius of the replaced health  
615 care facility, if the number and type of beds do not increase.

616           (b) The termination of a health care service, upon 30  
617 days' written notice to the agency.

618           (c) The addition or delicensure of beds.

619  
620 Notification under this subsection may be made by electronic,  
621 facsimile, or written means at any time before the described  
622 action has been taken.

625 408.037 Application content.—

626 (1) ~~Except as provided in subsection (2) for a general~~  
627 ~~hospital,~~ An application for a certificate of need must contain:

628 (a) A detailed description of the proposed project and  
629 statement of its purpose and need in relation to the district  
630 health plan.

631 (b) A statement of the financial resources needed by and  
632 available to the applicant to accomplish the proposed project.  
633 This statement must include:

634 1. A complete listing of all capital projects, including  
635 new health facility development projects and health facility  
636 acquisitions applied for, pending, approved, or underway in any  
637 state at the time of application, regardless of whether or not  
638 that state has a certificate-of-need program or a capital  
639 expenditure review program pursuant to s. 1122 of the Social  
640 Security Act. The agency may, by rule, require less-detailed  
641 information from major health care providers. This listing must  
642 include the applicant's actual or proposed financial commitment  
643 to those projects and an assessment of their impact on the  
644 applicant's ability to provide the proposed project.

645 2. A detailed listing of the needed capital expenditures,  
646 including sources of funds.

647 3. A detailed financial projection, including a statement  
648 of the projected revenue and expenses for the first 2 years of  
649 operation after completion of the proposed project. This

650 statement must include a detailed evaluation of the impact of  
651 the proposed project on the cost of other services provided by  
652 the applicant.

653 (c) An audited financial statement of the applicant or the  
654 applicant's parent corporation if audited financial statements  
655 of the applicant do not exist. In an application submitted by an

657 or hospice, financial condition documentation must include, but  
658 need not be limited to, a balance sheet and a profit-and-loss  
659 statement of the 2 previous fiscal years' operation.

660 ~~(2) An application for a certificate of need for a general~~  
661 ~~hospital must contain a detailed description of the proposed~~  
662 ~~general hospital project and a statement of its purpose and the~~  
663 ~~needs it will meet. The proposed project's location, as well as~~  
664 ~~its primary and secondary service areas, must be identified by~~  
665 ~~zip code. Primary service area is defined as the zip codes from~~  
666 ~~which the applicant projects that it will draw 75 percent of its~~  
667 ~~discharges. Secondary service area is defined as the zip codes~~  
668 ~~from which the applicant projects that it will draw its~~  
669 ~~remaining discharges. If, subsequent to issuance of a final~~  
670 ~~order approving the certificate of need, the proposed location~~  
671 ~~of the general hospital changes or the primary service area~~  
672 ~~materially changes, the agency shall revoke the certificate of~~

676 participating in the administrative hearing regarding the  
677 issuance of the certificate of need for a general hospital has  
678 standing to participate in any subsequent proceeding regarding  
679 the revocation of the certificate of need for a hospital for  
680 which the location has changed or for which the primary service  
681 area has materially changed. In addition, the application for  
682 the certificate of need for a general hospital must include a  
683 statement of intent that, if approved by final order of the  
684 agency, the applicant shall within 120 days after issuance of  
685 the final order or, if there is an appeal of the final order,  
686 within 120 days after the issuance of the court's mandate on  
687 appeal, furnish satisfactory proof of the applicant's financial  
688 ability to operate. The agency shall establish documentation  
689 requirements, to be completed by each applicant, which show  
690 anticipated provider revenues and expenditures, the basis for  
691 financing the anticipated cash flow requirements of the  
692 provider, and an applicant's access to contingency financing. A  
693 party participating in the administrative hearing regarding the  
694 issuance of the certificate of need for a general hospital may  
695 provide written comments concerning the adequacy of the  
696 financial information provided, but such party does not have  
697 standing to participate in an administrative proceeding  
698 regarding proof of the applicant's financial ability to operate.  
699 The agency may require a licensee to provide proof of financial

707 Section 6. Paragraphs (c) and (d) of subsection (3),  
708 paragraphs (b) and (c) of subsection (5), and paragraph (d) of  
709 subsection (6) of section 408.039, Florida Statutes, are amended  
710 to read:

711 408.039 Review process.—The review process for  
712 certificates of need shall be as follows:

713 (3) APPLICATION PROCESSING.—

714 ~~(e) Except for competing applicants, in order to be~~  
715 ~~eligible to challenge the agency decision on a general hospital~~  
716 ~~application under review pursuant to paragraph (5)(c), existing~~  
717 ~~hospitals must submit a detailed written statement of opposition~~  
718 ~~to the agency and to the applicant. The detailed written~~  
719 ~~statement must be received by the agency and the applicant~~  
720 ~~within 21 days after the general hospital application is deemed~~  
721 ~~complete and made available to the public.~~

722 ~~(d) In those cases where a written statement of opposition~~

726 ~~Such response must be received by the agency within 10 days of~~  
727 ~~the written statement due date.~~

## 728       (5) ADMINISTRATIVE HEARINGS.—

729       (b) Hearings shall be held in Tallahassee unless the  
730 administrative law judge determines that changing the location  
731 will facilitate the proceedings. The agency shall assign  
732 proceedings requiring hearings to the Division of Administrative  
733 Hearings of the Department of Management Services within 10 days  
734 after the time has expired for requesting a hearing. Except upon  
735 unanimous consent of the parties or upon the granting by the  
736 administrative law judge of a motion of continuance, hearings  
737 shall commence within 60 days after the administrative law judge  
738 has been assigned. ~~For an application for a general hospital,~~  
~~administrative hearings shall commence within 6 months after the~~  
~~administrative law judge has been assigned, and a continuance~~  
~~may not be granted absent a finding of extraordinary~~  
~~circumstances by the administrative law judge.~~ All parties,  
742 except the agency, shall bear their own expense of preparing a  
743 transcript. In any application for a certificate of need which  
744 is referred to the Division of Administrative Hearings for  
745 hearing, the administrative law judge shall complete and submit  
746 to the parties a recommended order as provided in ss. 120.569  
747 and 120.57. The recommended order shall be issued within 30 days  
748 after the receipt of the proposed recommended orders or the  
749 deadline for submission of such proposed recommended orders,  
750 whichever is earlier. The division shall adopt procedures for  
751 administrative hearings which shall maximize the use of  
752 stipulated facts and shall provide for the admission of prepared

754 testimony.

755 (c) In administrative proceedings challenging the issuance  
756 or denial of a certificate of need, only applicants considered  
757 by the agency in the same batching cycle are entitled to a  
758 comparative hearing on their applications. Existing health care  
759 facilities may initiate or intervene in an administrative  
760 hearing upon a showing that an established program will be  
761 substantially affected by the issuance of any certificate of  
762 need, whether reviewed under s. 408.036(1) or (2), to a  
763 competing proposed facility or program within the same district.  
764 ~~With respect to an application for a general hospital, competing~~  
765 ~~applicants and only those existing hospitals that submitted a~~  
766 ~~detailed written statement of opposition to an application as~~  
767 ~~provided in this paragraph may initiate or intervene in an~~  
768 ~~administrative hearing. Such challenges to a general hospital~~  
769 ~~application shall be limited in scope to the issues raised in~~  
770 ~~the detailed written statement of opposition that was provided~~  
771 ~~to the agency. The administrative law judge may, upon a motion~~  
772 ~~showing good cause, expand the scope of the issues to be heard~~  
773 ~~at the hearing. Such motion shall include substantial and~~  
774 ~~detailed facts and reasons for failure to include such issues in~~  
775 ~~the original written statement of opposition.~~

776 (6) JUDICIAL REVIEW.—

777 (d) ~~The party appealing a final order that grants a~~

784 the amount of \$1 million in order to maintain the appeal.  
785 2. Except as provided under s. 120.595(5), in no event  
786 shall the agency be held liable for any other party's attorney's  
787 fees or costs.

788 Section 7. Subsection (1) of section 408.043, Florida  
789 Statutes, is amended to read:

790 408.043 Special provisions.—

791 (1) ~~OSTEOPATHIC ACUTE CARE HOSPITALS~~. When an application  
792 is made for a certificate of need to construct or to expand an  
793 osteopathic acute care hospital, the need for such hospital  
794 shall be determined on the basis of the need for and  
795 availability of osteopathic services and osteopathic acute care  
796 hospitals in the district. When a prior certificate of need to  
797 establish an osteopathic acute care hospital has been issued in  
798 a district, and the facility is no longer used for that purpose,  
799 the agency may continue to count such facility and beds as an  
800 existing osteopathic facility in any subsequent application for  
801 construction of an osteopathic acute care hospital.

802 Section 8. Effective July 1, 2015, paragraph (f) of
