GOVERNOR

KARYN POLITO
LIEUTENANT GOVERNOR

EXECUTIVE DEPARTMENT
STATE HOUSE • BOSTON 02133
(617) 725-4000

July 17, 2015.

To the Honorable Senate and House of Representatives:

Pursuant to Section 5 of Article 63 of the Amendments to the Constitution, we are today signing House Bill 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements,” and returning certain portions to you for reconsideration.

The Fiscal Year 2016 budget we are signing into law reflects responsible budget practices that allow the Commonwealth to make critical investments that create better communities, better schools, and better jobs for all of Massachusetts. This budget is largely similar to what we filed in House 1 on March 4th, 2015. Both House 1 and the budget we are signing today reflect our collaborative efforts working with the Legislature to solve a \$1.8 billion spending gap without new taxes while investing in local aid, education, and transportation.

In light of more than \$2.5 billion worth of adjustments we have worked with you to solve in both Fiscal Years 2015 and 2016, this \$38.1 billion budget responsibly keeps spending growth to 3%. This amount is reasonably within our tax revenue projections and ensures our state government begins to live within our means. The budget reduces our reliance on one-time solutions by half, to \$600 million, and marks the first time in four budget cycles where the state will not draw down from the Stabilization Fund.

Consistent with our overall commitment to protect the hard-working taxpayers of Massachusetts, this budget includes no new taxes and protects the anticipated reduction in the state income tax to 5.1% on January 1, 2016. In addition, we are also increasing the

Earned Income Tax Credit to 23%, a 50% increase that will help over 400,000 low income working individuals and families.

The budget fortifies state government's commitment to cities and towns as a reliable partner. Unrestricted local aid will increase by 3.6% this year to \$980 million, 75% of the growth in state tax revenue, reflecting a pledge we made prior to taking office. Chapter 70 funding for local schools will grow by \$111 million (3%), to \$4.5 billion total — the highest ever Chapter 70 funding level to cities and towns. The budget provides funding for increased investments in summer jobs, and supports \$2.6 million worth of grants and technical assistance from our newly created Community Compact Cabinet to promote and reward best practices at the local level. In addition, the public-private partnership program known as I-Cubed will receive \$10 million this fiscal year to support job-creating economic development projects. The initial elements of our administration's urban agenda are funded in this budget through \$2 million in economic development grants in urban communities and \$1 million for the Transformative Development Initiative focused on Gateway Cities.

This year, it became apparent that our state transportation system is in need of a top to bottom review to ensure that we provide taxpayers with the world class service they deserve. We are pleased that this budget provides \$105 million in additional transportation funding to be spent across the state, including a 53% increase in direct aid to the MBTA. The budget also allows us the oversight to make sure that funding is wisely invested and properly managed. The creation of the MBTA Fiscal and Management Control Board and the three-year suspension of the Commonwealth's anti-privatization law will allow a focused, dedicated group of individuals to diagnose and fix the problems of the MBTA with the necessary flexibility to increase both the system's efficiency and the speed at which reforms will be enacted.

The budget importantly reins in the growth of MassHealth spending while still investing more than \$21 billion in Health and Human Services. The Department of Children and Families will be funded 4.3% over last year and this budget will support \$111 million for substance abuse treatment. The Department of Agriculture's Emergency Food Assistance program will receive \$17.1 million, up from \$15 million last year, providing over 19 million meals for those in need across the Commonwealth. Additionally, the budget appropriates \$30 million to adjust rates for human service providers governed by Chapter 257, provides a \$50 increase for a \$200 clothing allowance as part of a Transitional Aid to Families with Dependent Children program, and supports the Women's Preventive Health Reserve that we originally filed in House 1.

In conjunction with today's budget signing, we are also filing an end of the year supplemental budget for Fiscal Year 2015 that includes \$5 million for homelessness prevention services and \$28 million for our Opioid Working Group's efforts to provide substance abuse treatment through MassHealth, the Department of Public Health, the Department of Mental Health, and school-based substance abuse prevention grants.

While we are proud to achieve so many accomplishments in our first budget, we also must recognize and acknowledge that there are several revenue and spending items within the conference committee report which require corrective action.

We have identified \$83 million in additional spending over our House 1 proposal. We recognize several underfunded accounts, such as the Committee for Public Counsel Services and the Emergency Assistance program, which we know we will need to fund at higher levels later this year. Finally, we anticipate that non-tax, departmental revenue will come in lower than initially projected for Fiscal Year 2016.

We must make corresponding corrective measures in order to balance the budget and maintain fiscal stability. We are vetoing \$162 million in line-item vetoes and outside sections, including \$38 million in earmarks. We are also proposing to use surplus money from Fiscal Year 2015 to make advance payments and retire debt early to achieve upfront savings.

Therefore:

- I am reducing appropriation amounts in items of section 2 of House 3650 that are enumerated in Attachment A of this message, by the amount and for the reasons set forth in that Attachment;
- I am disapproving, or striking wording in, items of section 2 of House 3650 also set forth in Attachment A, for the reasons set forth in that Attachment;
- I am disapproving those sections of House 3650 itemized in Attachment B of this message for the reasons set forth in that Attachment; and
- Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution of the Commonwealth, I am returning sections 13, 28, 39, 51, 53, 67, 108, 144, and 191 with recommendations for amendment. My reasons for doing so and the recommended amendments are set forth in separate letters dated today which are included with this message as Attachments C to K, inclusive.

Respectfully submitted,

CHARLES D. BAKER,
Governor.

KARYN POLITO,
Lieutenant-Governor

Compensation Rates - Public Counsel Services

Section 119

I am vetoing this section because it sets rates that become effective in fiscal year 2017. I believe it is not appropriate to raise rates for this important program without addressing overall cost issues in a comprehensive manner.

Session Clerk

Section 123

I am vetoing this section because it increases the costs to the trial courts without any corresponding benefits.

Abuse Deterrent Drug Report

Section 134

I am vetoing this section because the United States Food and Drug Administration's approval of abuse deterrent labeling for a drug product does not resolve the issue of drug interchangeability. These designations should therefore await the drug formulary commission's review and determination, which will commence in August of 2015.

Essex County Regional Communication Funds

Section 139

I am vetoing this section because, at a time when unfunded liabilities represent a significant financial exposure for the Commonwealth, the Commonwealth cannot bear fringe and indirect costs on behalf of other governmental organizations. Funding issues for sheriffs are important and currently uncertain, and I look forward to undertaking the work required under section 172 of this act, which I am approving today.

Martha's Vineyard Airport

Section 140

I am vetoing this section because control of the Martha's Vineyard Airport has been resolved by the courts, in accordance with the laws governing local and regional airports.

DOC Re-Procurement

Section 155

I am vetoing this section because the Department of Correction recently reprocured its food and commissary contracts after lengthy processes, and this section will interfere with those existing contracts.

Task Force for Drug Disposal Program

Section 159

I am vetoing this section because under separate legislation filed today, I have proposed to create a Massachusetts Council on Substance Use Disorder Prevention and Treatment whose work will include providing recommendations on methods and programs to increase the collection and safe disposal of federally scheduled prescription medications.

Commission on State House Tourism

Section 163

I am vetoing this section because the goals of enhancing tourism at the State House and increasing retail sales at the State House bookstore, whatever their merits, can be addressed without the creation of a new 11-member commission.

Public Health Evaluation Grant Program

Section 176

I am vetoing this section because I am vetoing line item 4590-0081, which provides the funding for this program.

Chapter 257 Report

Section 180

I am vetoing this section because the budget appropriates \$30 million to resolve certain litigation and to adjust rates for human service providers governed by Chapter 257. That litigation has been resolved, and human service provider rates will be adjusted accordingly. Therefore, the reporting requirements under this section are unnecessary and burdensome.

Task Force on the Bulk Purchase of Prescription Medications

Section 181

I am vetoing this section because the Department of Public Health already employs a consolidated bulk buying plan for all state entities that purchase pharmaceuticals, and whether further advantages could be achieved by participating in a multi-state program of this sort is a question that can be settled without the creation of a new 13-member task force.

Report on MassHealth Bulk Purchase of Prescription Medications

Section 182

I am vetoing this section because the Office of Medicaid is already engaged in an independent review of methods to reduce costs in the area of prescription medications, and that review will include consideration of the two areas of potential cost savings on prescription medications targeted by Section 182. The Office of Medicaid will provide the Legislature with its relevant findings in this area upon request.

Federal Grants Management Task Force

Section 183

I am vetoing this section because the Executive Office for Administration and Finance is already working on the issues to be addressed by this proposed new task force. The task force process would slow down that important work. We look forward to sharing the results of this work with the Legislature.

Barnstable County Sheriff

Section 186

I am vetoing this section because, at a time when unfunded liabilities represent a significant financial exposure for the Commonwealth, the Commonwealth cannot bear fringe and indirect costs on behalf of other governmental organizations. Funding issues for sheriffs are important and currently uncertain, and I look forward to undertaking the work required under section 172 of this act, which I am approving today.

New Business Registration Study

Section 188

I am vetoing this section because, while I support the goals of streamlining new business registration processes and eliminating duplicative registration requirements, these are improvements that the relevant executive agencies can and will execute independently, without the need for a new 22-member special commission.

Effective Date for Combined Reporting

Section 213

I am vetoing this section because I am vetoing the underlying section related to combined reporting, section 70.

To the Honorable Senate and House of Representatives:

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 13 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 13 enhances the role of the existing internal auditor at the department of transportation. I support the need to ensure the quality, efficiency and integrity of the department’s operating and capital programs, including those of the Massachusetts Bay Transportation Authority, and to prevent waste, fraud, and abuse in the expenditure of public or private transportation funds.

However, the authority that this section grants to the internal auditor exceeds that granted to the inspector general under chapter 12A of the General Laws.

For this reason, I recommend that Section 13 be amended by striking out the text and inserting in place thereof the following text:-

SECTION 13. Section 9 of said chapter 6C, as so appearing, is hereby amended by striking out subsections (a) to (d), inclusive, and inserting in place thereof the following 4 subsections:-

(a) There shall be within the department, but not subject to the control of the department, an internal special audit unit. The inspector general shall appoint a director of the internal special audit unit, who shall serve as an assistant inspector general under the supervision of the inspector general, and who shall serve for a term of 6 years. The inspector general may remove the director for cause, and shall fill any vacancy for the unexpired term. The director shall devote full time and attention to the duties of the unit.

(b) The director may appoint and remove, subject to the approval of the inspector general, such persons as the director shall deem necessary to perform the functions of the internal special audit unit; provided, however, that section 9A of chapter 30 and chapter 31 shall not apply to any such employee holding any such appointment. Employees of the internal special audit unit shall have experience with accounting, auditing, financial analysis, applicable law, business management and public administration and shall devote their full time and efforts to the unit. Employees shall be subject to the rules and regulations established for employees of the office of the inspector general pursuant to chapter 12A. Every person so appointed to any position in the internal special audit unit shall have experience and skill in the field of such position.

(c) Pursuant to chapter 12A, the internal special audit unit shall monitor the quality, efficiency and integrity of the department's operating and capital programs, including those of the Massachusetts Bay Transportation Authority, and seek to prevent, detect and correct fraud, waste and abuse in the expenditure of public or private transportation funds. In accordance with said chapter 12A, the department shall cooperate with the unit in carrying out the unit's duties, including granting access to persons, documents, databases, electronic data or other materials deemed necessary by the director to conduct an investigation, audit or review.

(d) The director may report and refer any instances of fraud, waste or abuse in the expense of transportation funds or the procurement of any supplies, services or construction by the department to the inspector general for investigation pursuant to chapter 12A and the results of such investigation may be referred to the attorney general for appropriate action.

To the Honorable Senate and House of Representatives:

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 28 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 28 codifies the Massachusetts percent for art program (MPAP), to be administered by a newly-created public art commission, to help preserve existing artwork in Boston and gateway cities, and to create new artwork in connection with public construction projects. It requires that at least 0.5 per cent of the cost of any construction or substantial renovation of state-owned buildings or properties, up to a ceiling of \$250,000, be dedicated to public art preservation and creation. Governor Patrick created the framework for this program in Executive Order 553.

The enacted language leaves substantial questions regarding the types of projects to which this requirement applies, and could lead to unsustainable funding requirements. It also restricts the program to Boston and to gateway cities, even though other locations may have needs that are as pressing. The enacted language also proposes an unwieldy administrative structure, which could lead to delays in decisions that need to be made for projects to proceed.

For this reason, I recommend that Section 28 be amended by striking out the text and inserting in place thereof the following text:-

SECTION 28. Chapter 7C of the General Laws is hereby amended by adding the following section:-

Section 73. (a) There shall be a Massachusetts percent for art program, or MPAP, to be administered by the executive office for administration and finance. The MPAP shall provide for the creation and preservation of public art in the commonwealth. Under this program, in connection with construction or substantial renovation of any commonwealth-owned, managed and occupied building, up to 0.5 per cent of the budgeted capital cost of the project, not to exceed \$100,000 per building, and not to exceed \$1,000,000 in the aggregate in any fiscal year of the commonwealth, may be expended for the creation or preservation of public art in or on the site of such building, provided that borrowing for such expenditure shall be duly authorized as a part of the applicable construction or renovation project.

(b) There shall be a public art advisory commission that shall advise the commissioner of capital asset management and maintenance with respect to the MPAP by: (i) establishing partnerships with artists, cultural institutions, arts organizations and educational institutions; (ii) consulting with local art and cultural commissions; (iii) encouraging public art and cultural activities; and (iv) promoting public access to and education with respect to art installations in public facilities. The commission may also research public-private partnerships and may coordinate with educational, arts and cultural organizations, municipalities and other organizations to provide alternate sources of funding for public art and programming for arts and cultural education.

(c) The advisory commission shall consist of the following 9 members: the commissioner of capital asset management and maintenance or a designee, who shall serve as chair; the secretary of education or a designee; and 7 persons to be appointed by the governor, 1 of whom shall be recommended by the mayor of the city of Boston; 1 of whom shall be a representative from a municipality designated as a gateway municipality under section 3A of chapter 23A, who shall be selected from individuals recommended by the chief executive officer of any such municipality; 1 of whom shall be a project designer with experience in the creation and installation of public art; 1 of whom shall be an artist or representative from a nonprofit or community organization associated with the arts; 1 of whom shall be a student at the Massachusetts College of Art and Design; and 2 persons whom the governor otherwise deems appropriate. Commission members shall serve without compensation or reimbursement for expenses. The commission shall meet at such times and places as directed by the chair.

To the Honorable Senate and House of Representatives:

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 39 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 39 requires the Department of Children and Families (DCF) to conduct fingerprint-based checks of the state and national criminal history databases for all individuals, and their household members age 15 or older, applying to be adoptive or foster parents. It also requires DCF to obtain all available sex offender registry information associated with the address of the applicant’s home. I support the need to conduct these activities in order to protect the safety of children.

However, Section 39 does not address the requirements of Public Law 92-544. That law permits the Federal Bureau of Investigation to exchange identification records with state and local governments, provided that the exchanges are authorized by state law and the records are not disseminated outside the receiving department or agency. Section 39 does not include the safeguards necessary to comply with Public Law 92-544. Instead, it largely duplicates the existing provisions in section 26A of chapter 119 of the General Laws, which requires fingerprint-based checks of adoptive and foster parent applicants and their household members, but does not address the requirements of Public Law 92-544.

For these reasons, I recommend that Section 39 be amended by striking out the text and inserting in place thereof the following text:-

SECTION 39. Section 26A of chapter 119 of the General Laws, as so appearing, is hereby amended by striking out subsections (a) and (b), and inserting in place thereof the following 2 subsections:-

(a) As part of the department's licensing and background record check process, the department shall conduct fingerprint-based checks of the state and national criminal history databases for all applicants filing a request to become adoptive or foster parents as authorized by 42 U.S.C. § 16962. All household members, age 15 or older, of any applicants filing a request to become adoptive or foster parents shall be subject to a fingerprint-based check of the state and national criminal history databases as authorized by Public Law 92-544. Only authorized department staff may receive the results of checks of state and national databases under Public Law 92-544 and shall not further disseminate said results except as authorized under Public Law 92-544. When the department obtains the results of checks of state and national criminal history databases, it shall treat the information according to sections 167 to 178, inclusive, of chapter 6 and the regulations thereunder regarding criminal offender record information.

(b) Fingerprints, as referenced in subsection (a), shall be submitted to the identification section of the department of state police for a state criminal history check and forwarded to the Federal Bureau of Investigation for a national criminal history check, according to the policies and procedures established by the identification section and by the department of criminal justice information services. Fingerprint submissions may be retained by the Federal Bureau of Investigation, the state identification section and the department of criminal justice information services to assist the department in its review of suitability for initial or continued approval of pre-adoptive or foster parents. Pursuant to 42 U.S.C § 16962, the department of criminal justice information services may disseminate the results of a state and national criminal history check to authorized department of children and families staff to determine the suitability of adoptive and foster parent applicants. Pursuant to Public Law 92-544, the department of criminal justice information services may disseminate the results of a state and national criminal history check to authorized department of children and families staff to determine the suitability of the household members, age 15 or older, of adoptive and foster parent applicants. If the department of children and families receives information from a fingerprint-based check that does not include a final disposition or is otherwise incomplete, the department may request that an applicant provide additional information to assist the department in determining the suitability of the individual for approval.

SECTION 39A. Said section 26A of said chapter 119, as so appearing, is hereby further amended by striking out subsection (e), and inserting in place thereof the following subsection:-

(e) The department shall promulgate regulations requiring applicants filing a request to become adoptive or foster parents to be subject to a fingerprint-based check of the state and national criminal history databases pursuant to 42 U.S.C. § 16962; requiring

their household members age 15 or older to be subject to a fingerprint-based check of the state and national criminal history databases pursuant to Public Law 92-544; and requiring applicants and their household members age 15 or older to be subject to a sexual offender registry information check pursuant to sections 178I and 178J of chapter 6. The regulations shall incorporate all fees associated with conducting fingerprint-based checks, under 42 U.S.C. § 16962 and Public Law 92-544, as set by the department.

To the Honorable Senate and House of Representatives:

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 51 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 51 limits the length of time that a stay of a final classification of a sex offender may last. I support the goal of timely resolution of appeals of decisions of the sex offender registry board, and recognize the need to ensure public safety by not unduly delaying the implementation of the board’s decisions while any appeal process is pending.

However, I have been advised that the time limit as applied to the courts may be subject to challenge as an unconstitutional violation of the separation of powers doctrine or, in certain cases, the due process rights of a litigant. In order to avoid the uncertainty and expense associated with this sort of challenge to the law, I recommend that Section 51 be amended by striking out the text and inserting in place thereof the following text:-

SECTION 51. Paragraph (3) of section 14 of said chapter 30A, as so appearing, is hereby amended by adding the following sentence:-

Notwithstanding the foregoing, if the sex offender registry board issues a stay of a final classification in a sex offender registry board proceeding then such stay shall be for not more than 60 days; and if a court issues a stay of a final classification in a court appeal held pursuant to section 178M of chapter 6, then such hearing shall be expedited and such stay shall be for not more than 60 days, without written findings with good cause shown.

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 53 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 53 changes the amount required to be transferred to the retirement system in fiscal year 2017 to reflect the impact in that year, on the state retirement system, of the early retirement incentive program implemented during fiscal year 2015. Since I filed H.1, and each branch passed its version of the fiscal year 2016 budget, the early retirement incentive program has been implemented and we now know with greater certainty its effect on the state retirement system. The amendment proposed below simply changes the number that appears in Section 53 to conform to the new, lower transfer that is expected to be required in fiscal year 2017.

For this reason, I recommend that Section 53 be amended by striking out the figure, “\$2,217,749,000,” and inserting in place thereof the following figure:-
\$2,198,092,616.

To the Honorable Senate and House of Representatives:

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 67 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 67 increases from 15% to 23% the percentage of the federal earned income tax credit recognized under Massachusetts tax laws. This change provides additional tax relief of up to \$507 to more than 400,000 individuals and families in Massachusetts. I support this important benefit for Massachusetts taxpayers.

But section 67 proposed to pay for this change by eliminating a deduction previously enacted by the Legislature to mitigate the effects on certain corporations from the Commonwealth’s adoption of combined reporting in 2008. Although this temporary, seven-year deduction has not yet started to take effect, it is an important commitment to these corporations, many of which have relied on this undertaking by the Commonwealth and have invested in significant durable assets in our state. Accordingly, I do not support eliminating the deduction proposed in Section 67.

For these reasons, I recommend that Section 67 be amended by striking out the text and inserting in place thereof the following text:-

SECTION 67. (a) Section 6 of chapter 62 of the General Laws, as so appearing, is hereby amended by striking out, in lines 302 and 307, the figure "15" and inserting in place thereof, in each instance, the following figure:- 23.

(b) Subsection (2) of section 95 of chapter 173 of the acts of 2008 is hereby amended by striking out the words, "7-year," and inserting in place thereof the following words:- 30-year.

(c) Said subsection (2) of said section 95 of said chapter 173 is hereby further amended by striking out the figure "2016", inserted by section 189 of chapter 165 of the acts of 2014, and inserting in place thereof the following figure:- 2021.

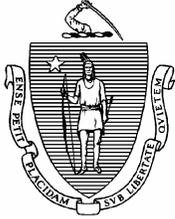

(d) Said subsection (2) of said section 95 of said chapter 173 is hereby further amended by striking out the words, "one-seventh," and inserting in place thereof the following words:- one-thirtieth.

(e) Subsection (a) of this section shall take effect on January 1, 2016 and shall apply to tax years beginning on or after January 1, 2016.

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 108 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 108 ensures that District Attorneys receive notice of requests to alter court-ordered movement restrictions of patients confined to mental health facilities. This is a positive change in the law, as District Attorneys can provide valuable information to the courts in deciding these requests. However, Section 108 as written eliminates the existing 14-day period during which objections to such requests must be made and leaves the time for making objections indeterminate. Prompt determination of these requests can be vital to patients’ treatment plans.

For this reason, I recommend that Section 108 be amended by striking out the text and inserting in place thereof the following text:-

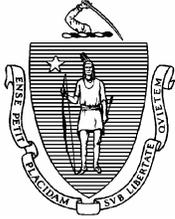

SECTION 108. Subsection (e) of section 16 of chapter 123 of the General Laws, as so appearing, is hereby amended by striking out the third sentence and inserting in place thereof the following sentence:-

In the event the superintendent communicates his intention to remove or modify such restriction in writing to the court and the district attorney who has or had jurisdiction of the criminal case, and within fourteen days of receipt of notice from the superintendent, neither the court nor the district attorney makes written objection thereto, such restrictions shall be removed by the superintendent.

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 144 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 144 transfers \$11.5 million to the Housing Preservation and Stabilization Trust Fund (HPSTF), including \$6,500,000 from MassHousing and \$5,000,000 from the General Fund. The HPSTF provides funds for a critically important program, which develops affordable housing units and provides necessary support services for families making a transition from homeless shelters and overflow facilities. The populations served also include those who are facing special challenges, such as homeless veterans and persons with disabilities. I support the Trust Fund and the programs it funds.

However, this additional transfer of \$5 million to HPSTF comes at the expense of the operating budget, which is unnecessary. Additional funds from the programs already identified at MassHousing are available, and should instead be tapped to support the important work of the Trust Fund in fiscal year 2016.

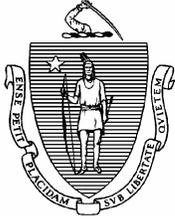

For this reason, I recommend that Section 144 be amended by striking out the text and inserting in place thereof the following text:-

SECTION 144. Notwithstanding any general or special law to the contrary, the Massachusetts Housing Finance Agency shall, not later than June 30, 2016 transfer \$5,000,000 from funds previously appropriated, or loans repaid, that the agency administers on behalf of the commonwealth as a result of the program established pursuant to item 1231-1020 of section 2 of chapter 151 of the acts of 1996 and \$5,000,000 from funds previously appropriated that the agency administers on behalf of the commonwealth as a result of the lead abatement program established in section 197E of chapter 111 of the General Laws, to the comptroller to be credited to the Housing Preservation and Stabilization Trust Fund for fiscal year 2016.

To the Honorable Senate and House of Representatives:

Pursuant to Article LVI, as amended by Article XC, Section 3 of the Amendments to the Constitution, I am returning to you for amendment Section 191 of House Bill No. 3650, “An Act Making Appropriations for the Fiscal Year 2016 for the Maintenance of the Departments, Boards, Commissions, Institutions and Certain Activities of the Commonwealth, for Interest, Sinking Fund and Serial Bond Requirements and for Certain Permanent Improvements.”

Section 191 directs the secretary of health and human services and the department of public health to examine the prescribing and treatment history of all persons in the commonwealth who suffered fatal opiate overdoses in calendar year 2014, and to publish findings on any trends identified in its examination not later than February 1, 2016. I recognize the need to understand more fully how the misuse of prescription medicines contributes to the problem of opiate addiction and opiate-related deaths in the commonwealth, and I support the examination outlined in Section 191.

The study proposed by Section 191, however, will require careful and detailed review of a large and complex set of data. That sort of analysis can be best performed by the department of public health in partnership with an academic research institution with special expertise in statistical analysis. Given the complexity of the undertaking, a complete analysis will likely require more time than provided by Section 191 as drafted.

For these reasons, I recommend that Section 191 be amended by striking out the proposed language and inserting in place thereof the following text:-

SECTION 191. Notwithstanding any general or special law to the contrary, the secretary of health and human services, in collaboration with the department of public health shall conduct or provide for an examination of the prescribing and treatment history, including court-ordered treatment or treatment within the criminal justice system, of persons in the commonwealth who suffered fatal opiate overdoses in calendar year 2014 and to make a report in an aggregate and de-identified form on trends discovered through the examination.

Notwithstanding any general or special law to the contrary, to facilitate the examination, the department shall request, and the relevant offices and agencies shall provide, information necessary to complete the examination from the division of medical assistance, the executive office of public safety and security, the center for health information and analysis, the office of patient protection and the chief justice of the trial court, which may include, but shall not be limited to: data from the prescription drug monitoring program; the all-payer claims database; the criminal offender record information database; and the court activity record information. To the extent feasible, the department shall request data from the Massachusetts Sheriffs Association, Inc. relating to treatment within houses of correction.

Not later than 1 year from the effective date of this act, the secretary of health and human services shall publish a report on the findings of the examination including, but not limited to: (i) instances of multiple provider episodes, meaning a single patient having access to opiate prescriptions from more than 1 provider; (ii) instances of poly-substance access, meaning a patient having simultaneous prescriptions for an opiate and a benzodiazepine or for an opiate and another drug which may enhance the effects or the risks of drug abuse or overdose; (iii) the overall opiate prescription history of the individuals, including whether the individuals had access to legal prescriptions for opiate drugs at the time of their deaths; (iv) whether the individuals had previously undergone voluntary or involuntary treatment for substance addiction or behavioral health; (v) whether the individuals had attempted to enter but were denied access to treatment for substance addiction or behavioral health; (vi) whether the individuals had received past treatment for a substance overdose; (vii) whether any individuals had been previously detained or incarcerated and, if so, whether they had received treatment during the detention or incarceration.

The report shall be filed with the clerks of the house of representatives and senate, the house and senate chairs of the joint committee on mental health and substance abuse, the joint committee on public health, the joint committee on health care financing and the house and senate committees on ways and means.

Notwithstanding any general or special law to the contrary, the executive office of health and human services may contract with a non-profit or educational entity to conduct data analytics on the data set generated in the examination, provided that the executive office shall implement appropriate privacy safeguards.

Respectfully submitted,

CHARLES D. BAKER,
Governor.
