1.19 Section 1. **[326B.0921] BOND REQUIREMENTS.**

1.20 (a) All bonds that are required by this chapter must be in the form of a corporate  
 1.21 surety bond conditioned upon the faithful and lawful performance of all work contracted  
 1.22 for or performed in the state of Minnesota. The bond must be for the benefit of any person  
 1.23 injured or suffering financial loss by reason of the licensee's failure to comply with the  
 1.24 requirements of this chapter, the State Building Code, and all contracts entered into.

1.25 (b) The licensee must file the bond with the commissioner on the bond form  
 1.26 provided by the commissioner. The bond must be in lieu of all other license bonds to any  
 1.27 other political subdivision. The bond must be written by a corporate surety licensed  
 1.28 to do business in the state of Minnesota.

2.1 (c) The penal sum of the bond is cumulative and must be aggregated every two years  
2.2 that the bond is in force. The aggregate liability shall be limited to the bond penalty shown  
2.3 on the bond form for each two-year period that the bond remains in effect for any losses  
2.4 that occur during each two-year period. The bond shall be effective continuously from  
2.5 the date of issue but may be canceled as to future liability by the surety upon 30 days'  
2.6 written notice mailed to the commissioner by certified mail. In the event the surety pays a  
2.7 claim that reduces the penal sum of the bond, the surety must notify the commissioner  
2.8 in writing of the payment of the claim and the reduced penal sum of the bond within 15  
2.9 days of the payment of the claim.

2.10 (d) A licensee that is required to maintain a bond as a condition of licensure must  
2.11 ensure that it has a valid bond filed with the commissioner at all times that its license is  
2.12 active and that the required penal sum of the bond is maintained at all times.

2.13 Sec. 2. Minnesota Statutes 2014, section 326B.094, subdivision 2, is amended to read:

2.14 Subd. 2. **Availability of renewal.** A licensee may apply to renew a license no later

2.16 renewal application no later than two years after the expiration of the license, then the  
2.17 department must approve or deny the renewal application within 60 days of receiving the  
2.18 complete renewal application. If the department receives a renewal application more than  
2.19 two years after the expiration of the license, the department must return the renewal license  
2.20 fee to the applicant without approving or denying the application. If the licensee wishes  
2.21 to obtain a valid license more than two years after expiration of the license, the licensee  
2.22 must apply for a new license. This section does not apply to a holder of a certificate of  
2.23 exemption issued under section 326B.805, subdivision 6, unlicensed individuals who

14.1 fee equal to one-half of the license renewal fee; except that, for the purpose of calculating  
 14.2 the late fee only, the license renewal fee shall not include any contractor recovery fund fee

14.12 (2) if the department receives an application for license renewal after the renewal  
 14.13 deadline, license duration means the number of years for which the renewed license would  
 14.14 have been issued if the renewal application had been submitted on time and all other

 14.27 education fee for all license classifications shall be: \$10 if the renewal license duration is  
 14.28 one year; \$20 if the renewal license duration is two years; and \$30 if the renewal license  
 14.29 duration is three years.

14.34 (f) If the application is for the renewal of a license issued under sections 326B.802  
 14.35 to 326B.885, then the contractor recovery fund fee required under section 326B.89,

15.1 subdivision 3, and any additional assessment required under section 326B.89, subdivision

16.5 about their potential fire danger and procedures to minimize the danger.

16.6 (h) **Relocated residential buildings.** A residential building relocated within or  
16.7 into a political subdivision of the state need not comply with the State Energy Code or

 17.5 components of the roof.

17.6 The commissioner may waive all or a portion of the requirements of this paragraph  
 17.7 related to reconstruction, alteration, or repair, if the installation of dedicated anchorages  
 17.8 would not result in significant safety improvements due to limits on the size of the project,  
 17.9 or other factors as determined by the commissioner.

 18.7 the contested case hearing, including fees charged by the Office of Administrative Hearings  
 18.8 and the expense of transcript preparation. Costs under this section do not include attorney

18.13 **326B.194 INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR**  
 18.14 **BUILDINGS.**

18.15 The state of Minnesota ratifies and approves the ~~following compact:~~ Interstate  
 18.16 Industrialized Buildings Commission's Interstate Compact as amended by Laws 1990,  
 18.17 chapter 458, section 2; Laws 1995, chapter 254, article 4, section 1; and Laws 2007,  
 18.18 chapter 140, article 4, section 61, and article 13, section 4, on industrialized/modular  
 18.19 buildings and incorporates the compact by reference. The commissioner must make a  
 18.20 copy of the compact available to the public.

18.21 ~~INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR BUILDINGS~~  
 18.22 ~~ARTICLE I~~  
 18.23 ~~FINDINGS AND DECLARATIONS OF POLICY~~

18.24 ~~(1) The compacting states find that:~~

18.25 ~~(a) Industrialized/modular buildings are constructed in factories in the various states~~  
 18.26 ~~and are a growing segment of the nation's affordable housing and commercial building~~  
 18.27 ~~stock.~~

18.28 ~~(b) The regulation of industrialized/modular buildings varies from state to state and~~  
 18.29 ~~locality to locality, which creates confusion and burdens state and local building officials~~  
 18.30 ~~and the industrialized/modular building industry.~~

18.31 ~~(c) Regulation by multiple jurisdictions imposes additional costs, which are~~  
 18.32 ~~ultimately borne by the owners and users of industrialized/modular buildings, restricts~~  
 18.33 ~~market access and discourages the development and incorporation of new technologies.~~

18.34 ~~(2) It is the policy of each of the compacting states to:~~

18.35 ~~(a) Provide the states which regulate the design and construction of~~  
 18.36 ~~industrialized/modular buildings with a program to coordinate and uniformly adopt and~~

19.1 ~~administer the states' rules and regulations for such buildings, all in a manner to assure~~  
 19.2 ~~interstate reciprocity.~~

19.3 ~~(b) Provide to the United States Congress assurances that would preclude the need~~  
 19.4 ~~for a voluntary preemptive federal regulatory system for modular housing, as outlined~~  
 19.5 ~~in Section 572 of the Housing and Community Development Act of 1987, including~~  
 19.6 ~~development of model standards for modular housing construction, such that design and~~  
 19.7 ~~performance will insure quality, durability and safety; will be in accordance with life-cycle~~  
 19.8 ~~cost-effective energy conservation standards; all to promote the lowest total construction~~  
 19.9 ~~and operating costs over the life of such housing.~~

19.10 ~~ARTICLE II~~  
 19.11 ~~DEFINITIONS~~

19.12 ~~As used in this compact, unless the context clearly requires otherwise:~~
