 120.12 owners may join in a verified application ~~therefor~~ to the county board of the county in
 120.13 which the forest is situated in a form prescribed by the commissioner of natural resources.
 120.14 If the county board determines that each of the parts into which the forest has been divided
 120.15 is suitable and sufficient for a separate auxiliary forest as provided by law, it may, ~~in~~
 120.16 ~~its discretion~~, grant the application, subject to the approval of the commissioner. Upon
 120.17 ~~such~~ approval, the commissioner shall prepare a new auxiliary forest contract for each

 120.32 owners thereof ~~shall be~~ are subject to the new contract or contracts or the modified prior
 120.33 contract relating thereto, as the case may be, as provided for an original auxiliary forest
 120.34 contract. The provisions of this subdivision shall not supersede or affect the application

121.1 of any other provision of law to any auxiliary forest which is divided by transfer of title
 121.2 unless the procedure herein authorized is fully consummated.

121.3 Sec. 50. Minnesota Statutes 2014, section 88.491, subdivision 2, is amended to read:

 121.16 Law; plus

121.17 (ii) beginning with taxes payable in 2003, the taxes that would have been paid if the
 121.18 land had been enrolled in the sustainable forest incentive program; and

 121.31 within an auxiliary forest shall be valued and assessed as personal property and classified
 121.32 as class 3 under the general system of ad valorem taxation. In any proceeding for the

 123.20 county auditor a report showing the kinds, quantities, and value of the timber proposed to
 123.21 be cut or removed and approved by the director of ~~lands and~~ forestry for cutting within
 123.22 two years after the date of approval of the report by the director of ~~lands and~~ forestry. The
 123.23 county auditor shall assess and levy the estimated yield tax thereon, make proper record
 123.24 of this assessment and levy in the auditor's office, and notify the owner of the auxiliary
 123.25 forest of the tax amount ~~thereof~~. The owner shall, before any timber in the forest is cut or
 123.26 removed, give a bond payable to the state of Minnesota, or ~~in lieu thereof~~, a deposit in
 123.27 cash with the county treasurer, in the amount required by the report, ~~which shall be~~ and not
 123.28 less than 150 percent of the amount of the levy, conditioned for the payment of all taxes on
 123.29 the timber to be cut or removed. Upon receipt of notification from the county auditor that
 123.30 the bond or cash requirement has been deposited, the director of ~~lands and~~ forestry will
 123.31 issue a cutting permit in accordance with the report. The owner shall keep an accurate
 123.32 count or scale of all timber cut. On or before ~~the fifteenth day of April 15~~ following

 123.35 lands prior to the termination of ~~such~~ the permit, the owner of the timber covered by the

124.1 permit shall file with the director of ~~lands and~~ forestry a sworn statement, submitted in
 124.2 duplicate, on a form prepared by the director of ~~lands and~~ forestry, one copy of which
 124.3 ~~shall~~ must be transmitted to the county auditor, specifying the quantity and value of each
 124.4 variety of timber and kind of product cut during the preceding year ending on March 31,
 124.5 as shown by the scale or measurement ~~thereof~~ made on the ground as cut, skidded, or
 124.6 loaded as the case may be. If no such scale or measurement ~~shall have been~~ was made on
 124.7 the ground, an estimate ~~thereof shall~~ must be made and ~~such estimate~~ corrected by the first
 124.8 scale or measurement, made in the due course of business, ~~and such~~. The correction must

 124.12 the auditor shall assess and levy a yield (severance) tax, according to Minnesota Statutes
 124.13 2014, section 88.51, subdivision 2, of the timber cut during the year ending on ~~the~~ March
 124.14 ~~31st~~ 31 preceding the date of assessing and levying this tax. This tax is payable and must

 124.16 of the yield (severance) tax assessment and of the yield (severance) tax payment ~~shall~~ must
 124.17 be filed with the director of ~~lands and~~ forestry and the county auditor. Except as otherwise
 124.18 provided, all yield (severance) taxes herein provided for ~~shall~~ must be levied and collected,
 124.19 and payment ~~thereof~~, with penalties and interest, enforced in the same manner as taxes
 124.20 imposed under ~~the provisions of~~ section 88.51, subdivision 1, and ~~shall~~ must be credited to
 124.21 the funds of the taxing districts affected in the proportion of their interests in the taxes on
 124.22 the land producing the yield (severance) tax. ~~At any time~~ On deeming it necessary, the
 124.23 director of ~~lands and~~ forestry may order an inspection of any or all cutting areas within
 124.24 an auxiliary forest and ~~also~~ may require the owner of the auxiliary forest to produce for
 124.25 inspection by the director of ~~lands and~~ forestry of any or all cutting records pertaining to
 124.26 timber cutting operations within an auxiliary forest for the purpose of determining the
 124.27 accuracy of scale or measurement reports, and if intentional error in scale or measurement
 124.28 reports is found to exist, shall levy and assess a tax triple the yield (severance) tax on the
 124.29 stumpage value of the timber cut in excess of the quantity and value reported.

124.30 (b) The following alternative method of assessing and paying annually the yield tax
 124.31 on an auxiliary forest is to be available to an auxiliary forest owner upon application and
 124.32 upon approval of the county board of the county within which the auxiliary forest is located.

124.33 For auxiliary forests entered under this ~~subdivision~~ paragraph, the county auditor
 124.34 shall assess and levy the yield tax by multiplying the acreage of each legal description
 124.35 included within the auxiliary forest by the acre quantity of the annual growth by species,
 124.36 calculated in cords, or in thousands of feet board measure Minnesota standard log scale

125.1 rule, whichever is more reasonably usable, for the major species found in each type by
125.2 the from year-to-year appraised stumpage prices for each of these species, used by the
125.3 Division of ~~Lands and~~ Forestry, Department of Natural Resources, in selling trust fund
125.4 timber located within the district in which the auxiliary forest is located. The assessed
125.5 value of the annual growth of the auxiliary forest, thus determined, ~~shall be~~ is subject to
125.6 a ten percent of stumpage value yield tax, payable annually on or before May 31. In all
125.7 other respects the assessment, levying and collection of the yield tax, as provided for in
125.8 this subdivision ~~shall~~ must follow the procedures specified in ~~elause~~ paragraph (a).

125.9 Forest owners operating under this ~~subdivision shall be~~ paragraph are subject to all
125.10 other provisions of the auxiliary forest law except ~~such~~ the provisions of ~~elause~~ paragraph
125.11 (a) ~~as that~~ are in conflict with this ~~subdivision~~ paragraph. Penalties for intentional failure
125.12 by the owner to report properly the quantity and value of the annual growth upon an
125.13 auxiliary forest entered under this ~~subdivision~~ paragraph and for failure to pay the yield
125.14 tax when due ~~shall be~~ are the same as the penalties specified in other subdivisions of this
125.15 law for like failure to abide by its provisions.

125.16 To qualify for the assessment and levying of the yield tax by this method, the
125.17 owner of the forest requesting this method of taxation must submit a map or maps
125.18 and a tabulation in acres and in quantity of growth by legal descriptions showing the
125.19 division of the area covered by the auxiliary forest for which this method of taxation is
125.20 requested into the following forest types, namely: white and ~~Norway~~ red pine; jack pine;
125.21 aspen-birch; spruce-balsam fir; ~~swamp~~ black spruce; tamarack; cedar; upland hardwoods;
125.22 lowland hardwoods; upland brush and grass (temporarily nonproductive); lowland brush
125.23 (temporarily nonproductive); and permanently nonproductive (open bogs, stagnant
125.24 swamps, rock outcrops, flowage, etc.). Definition of these types and determination of the
125.25 average rate or rates of growth (in cords or thousand feet, board measure, Minnesota
125.26 standard log scale rule, ~~which ever~~ whichever is more logically applicable for each of
125.27 them) ~~shall~~ must be made by the director of the Division of ~~Lands and~~ Forestry, Minnesota
125.28 Department of Natural Resources, with the advice and assistance of the land commissioner
125.29 of the county in which the auxiliary forest is located; the director of the United States
125.30 Forest Service's North Central Forest Experiment Station; and the director of the School of
125.31 Forestry, University of Minnesota. Before the approval of the application of the owner of
125.32 an auxiliary forest to have the auxiliary ~~or proposed auxiliary~~ forest taxed under provisions
125.33 of this ~~subdivision~~ paragraph is submitted to the county board, the distribution between
125.34 types of the area as shown on the maps and in the tabulations submitted by the owner of the
125.35 auxiliary ~~or proposed auxiliary~~ forest ~~shall~~ must be examined and their accuracy determined

126.1 by the director of the Division of ~~Lands and~~ Forestry, Department of Natural Resources,
 126.2 with the assistance of the county board of the county in which the auxiliary forest is located.

126.3 During the life of the auxiliary forest, contract timber cutting operations within the
 126.4 various types shown upon the type map accepted as a part of the approved auxiliary forest
 126.5 application ~~shall~~ do not bring about a reclassification of the forest types shown upon that
 126.6 map or those maps until after the passage of ten years following the termination of ~~said~~ the
 126.7 timber cutting operations and then only upon proof of a change in type.

126.8 Sec. 56. Minnesota Statutes 2014, section 88.52, subdivision 4, is amended to read:

126.9 Subd. 4. **Hearing, procedure.** The owner of any land or timber upon which a yield
 126.10 tax is assessed and levied as provided in this section may, within 15 days after mailing
 126.11 of notice of the amount of the tax, file with the county auditor a demand for hearing
 126.12 ~~thereon on the tax~~ before the county board. The county auditor shall thereupon fix a date
 126.13 of hearing, which ~~shall~~ must be held within 30 days after the filing of the demand, and

 126.15 the meeting and present evidence and argument as to the amount of the tax and as to any
 126.16 related matter relating thereto. The county board shall ~~thereupon~~ determine whether the
 126.17 tax as levied is proper in amount and make its order ~~thereon~~. The county auditor shall
 126.18 ~~forthwith~~ mail to the owner a notice of the order. If the amount of the tax is increased or
 126.19 reduced by the order, the county auditor shall make a supplemental assessment and levy

126.21 Sec. 57. Minnesota Statutes 2014, section 88.52, subdivision 5, is amended to read:

126.22 Subd. 5. **Yield tax, a prior lien.** Throughout the life of any ~~such~~ auxiliary forest,
 126.23 ~~the yield tax accruing thereon shall constitute and be~~ yield tax constitutes and is a first and
 126.24 prior lien upon all the merchantable timber and forest products growing or grown thereon;

128.16 Sec. 63. Minnesota Statutes 2014, section 90.14, is amended to read:

128.17 **90.14 AUCTION SALE PROCEDURE.**

128.18 (a) All state timber shall be offered and sold by the same unit of measurement as it
 128.19 was appraised. No tract shall be sold to any person other than the purchaser in whose name
 128.20 the bid was made. The commissioner may refuse to approve any and all bids received and
 128.21 cancel a sale of state timber for good and sufficient reasons.

128.22 (b) The purchaser at any sale of timber shall, immediately upon the approval of the
 128.23 bid, or, if unsold at public auction, at the time of purchase at a subsequent sale under section
 128.24 90.101, subdivision 1, pay to the commissioner a down payment of 15 percent of the
 128.25 appraised value. In case any purchaser fails to make such payment, the purchaser shall be
 128.26 liable therefor to the state in a civil action, and the commissioner may reoffer the timber for
 128.27 sale as though no bid or sale under section 90.101, subdivision 1, therefor had been made.

128.28 (c) In lieu of the scaling of state timber required by this chapter, a purchaser of state
 128.29 timber may, at the time of payment by the purchaser to the commissioner of 15 percent
 128.30 of the appraised value, elect in writing on a form prescribed by the attorney general to
 128.31 purchase a permit based solely on the appraiser's estimate of the volume of timber described
 128.32 in the permit, provided that the commissioner has expressly designated the availability of
 128.33 such option for that tract on the list of tracts available for sale as required under section
 128.34 90.101. A purchaser who elects in writing on a form prescribed by the attorney general

129.1 to purchase a permit based solely on the appraiser's estimate of the volume of timber
 129.2 described on the permit does not have recourse to the provisions of section 90.281.

129.3 (d) In the case of a public auction sale conducted by a sealed bid process, tracts shall
 129.4 be awarded to the high bidder, who shall pay to the commissioner a down payment of 15
 129.5 percent of the appraised value that must be received or postmarked within 14 days of
 129.6 the date of the sealed bid opening. If a purchaser fails to make the down payment, the
 129.7 purchaser is liable for the down payment to the state and the commissioner may offer the
 129.8 timber for sale to the next highest bidder as though no higher bid had been made.

129.9 (e) Except as otherwise provided by law, at the time the purchaser signs a permit
 129.10 issued under section 90.151, the commissioner shall require the purchaser to make a bid
 129.11 guarantee payment to the commissioner in an amount equal to 15 percent of the total
 129.12 purchase price of the permit less the down payment amount required by paragraph (b)
 129.13 for any bid increase in excess of ~~\$5,000~~ \$10,000 of the appraised value. If a required bid
 129.14 guarantee payment is not submitted with the signed permit, no harvesting may occur, the
 129.15 permit cancels, and the down payment for timber forfeits to the state. The bid guarantee
 129.16 payment forfeits to the state if the purchaser and successors in interest fail to execute
 129.17 an effective permit.

129.18 **EFFECTIVE DATE.** This section is effective June 1, 2015, and applies to permits
 129.19 sold on or after that date.

129.20 Sec. 64. Minnesota Statutes 2014, section 90.193, is amended to read:

129.21 **90.193 EXTENSION OF TIMBER PERMITS.**

129.22 The commissioner may, in the case of an exceptional circumstance beyond the
 129.23 control of the timber permit holder which makes it unreasonable, impractical, and not
 129.24 feasible to complete cutting and removal under the permit within the time allowed, grant
 129.25 one regular extension for one year. A written request for the regular extension must be
 129.26 received by the commissioner before the permit expires. The request must state the reason
 129.27 the extension is necessary and be signed by the permit holder. An interest rate of ~~eight~~
 129.28 five percent may be charged for the period of extension.

129.29 **EFFECTIVE DATE.** This section is effective the day following final enactment.

 129.33 or policy while producing economic benefits for Minnesota's public schools. For the

130.1 purposes of satisfying the Minnesota Constitution, article XI, section 8, which limits the
130.2 sale of school trust lands to a public sale, the commissioner of natural resources shall
130.3 acquire school trust lands through condemnation, as provided in subdivision 2.

130.4 Subd. 2. **Commencement of condemnation proceedings.** When the commissioner
130.5 of natural resources has determined sufficient money is available to acquire any of the
130.6 lands identified under section 84.027, subdivision 18, paragraph (c), the commissioner
130.7 shall proceed to extinguish the school trust interest by condemnation action. When
130.8 requested by the commissioner, the attorney general shall commence condemnation of
130.9 the identified school trust lands.

130.10 Subd. 3. **Payment.** The portion of the payment of the award and judgment that
130.11 is for the value of the land shall be deposited into the permanent school fund. The
130.12 remainder of the award and judgment payment shall first be remitted for reimbursement
130.13 to the accounts from which expenses were paid, with any remainder deposited into the
130.14 permanent school fund.

130.15 Subd. 4. **Account.** The school trust lands account is created in the state treasury.
130.16 Money credited to the account is appropriated to the commissioner of natural resources

130.22 newspaper of general distribution in the county in which the real property to be sold is
130.23 situated. The notice shall specify the time and place at which the sale will commence, a
130.24 general description of the lots or tracts to be offered, and a general statement of the terms
130.25 of sale. The commissioner shall also provide electronic notice of sale.

130.26 (b) The minimum bid for a parcel of land must include the estimated value or
130.27 appraised value of the land and any improvements and, if any of the land is valuable for
130.28 merchantable timber, the value of the merchantable timber. The minimum bid may include
130.29 expenses incurred by the commissioner in rendering the property salable, including
130.30 survey, appraisal, legal, advertising, and other expenses.

130.31 (c) Except as provided under paragraph (d), parcels remaining unsold after the
130.32 offering may be sold to anyone agreeing to pay at least 75 percent of the appraised
130.33 value. The sale shall continue until all parcels are sold or until the commissioner orders a
130.34 reappraisal or withdraws the remaining parcels from sale.

131.1 (d) The commissioner may retain the services of a licensed real estate broker to find
131.2 a buyer for parcels remaining unsold after the offering. The sale price may be negotiated
131.3 by the broker, but must not be less than 90 percent of the appraised value as determined by
131.4 the commissioner. The broker's fee must be established by prior agreement between the

131.9 in amount to the survey, appraisal, legal, advertising, real estate broker fee, and other
131.10 expenses incurred by the commissioner of natural resources in rendering the property
131.11 salable and sold shall be remitted to the account from which the expenses were paid,
131.12 and are appropriated and immediately available for expenditure in the same manner as

131.23 facilities or renovate existing buildings for administrative use or to acquire land for,
131.24 design, and construct administrative buildings for the Department of Natural Resources.

131.25 (c) The remainder of the proceeds from the sale of land not within a unit of the
131.26 outdoor recreation system under section 86A.05 and not an administrative site, but under

132.15 to address issues that transcend the fisheries and wildlife oversight committees.

132.16 (d) The Budgetary Oversight Committee shall develop recommendations for a

136.14 (1) scientific methodologies for determining the functions of wetlands; and

136.15 (2) criteria for determining the resulting public values of wetlands.

136.16 (c) The methodologies and criteria established under this section or other
136.17 methodologies and criteria that include the functions in paragraph (a) and are approved
136.18 by the board, in consultation with the commissioners of natural resources and agriculture
136.19 and local government units, must be used to determine the functions and resulting public
136.20 values of wetlands in the state. The functions listed in paragraph (a) are not listed in
136.21 order of priority.

136.22 (d) Public value criteria established or approved by the board under this section do
136.23 not apply in areas subject to local comprehensive wetland protection and management
136.24 plans established under section 103G.2243.

136.25 (e) The Board of Water and Soil Resources, in consultation with the commissioners
136.26 of natural resources and agriculture and local government units, ~~may~~ must identify ~~regions~~
136.27 areas of the state where preservation, enhancement, restoration, and establishment
136.28 of wetlands would have high public value. The board, in consultation with the
136.29 commissioners, ~~may~~ must identify high priority ~~wetland regions~~ areas for wetland
136.30 replacement using available information relating to the factors listed in paragraph
136.31 (a), the historic loss and abundance of wetlands, current applicable state and local
136.32 government water management and natural resource plans, and studies using a watershed
136.33 approach to identify current and future watershed needs. The board shall notify local
136.34 units of government with water planning authority of these high priority ~~regions~~ areas.
136.35 Designation of high priority areas is exempt from the rulemaking requirements of chapter

137.1 14, and section 14.386 does not apply. Designation of high priority areas is not effective
137.2 until 30 days after publication in the State Register.

137.3 (f) Local units of government, as part of a state-approved comprehensive local
137.4 water management plan as defined in section 103B.3363, subdivision 3, a state-approved
137.5 comprehensive watershed management plan as defined in section 103B.3363, subdivision
137.6 3a, or a state-approved local comprehensive wetland protection and management plan
137.7 under section 103G.2243, may identify priority areas for wetland replacement and provide
137.8 them for consideration under paragraph (e).

137.9 Sec. 76. Minnesota Statutes 2014, section 103D.335, subdivision 21, is amended to
137.10 read:

137.11 Subd. 21. **Contracts.** The managers may make contracts or other arrangements with
137.12 the federal government, persons, railroads or other corporations, political subdivisions,
137.13 and the state or other states, with drainage authorities, flood control, soil conservation,
137.14 or other improvement districts in this state or other states, for cooperation or assistance
137.15 in constructing, maintaining, and operating the projects of the watershed district, or for
137.16 the control of its waters, or for making surveys and investigations or reports on them.
137.17 Property acquired for flood damage reduction purposes by the watershed district may be
137.18 operated or leased by the district for agricultural purposes during periods the property is
137.19 not needed for flood control, provided it remains subject to use by the watershed district
137.20 as necessary for flood control purposes. Notwithstanding section 16A.695, revenue
137.21 received by the watershed district from the operation or lease of state bond financed
137.22 property acquired for flood control purposes shall be retained by the district in a separate
137.23 project-specific account and used solely for flood control operation, maintenance, and
137.24 replacement purposes within the related project area and, if the district determines that the
137.25 account contains adequate reserves for future operation, maintenance, and replacement,
137.26 any excess may be used for the construction, operation, maintenance, or replacement of
137.27 other flood control projects as approved by the commissioner.

137.28 Sec. 77. Minnesota Statutes 2014, section 103F.421, subdivision 4, is amended to read:

137.29 Subd. 4. **Application for cost-sharing funds.** The landowner has 90 days after a
137.30 ~~mediated settlement is filed~~ complaint is substantiated to apply for state cost-sharing funds
137.31 ~~that will provide 75 percent of the cost of the permanent conservation practices. Only 50~~
137.32 Fifty percent of the cost share will be provided if the application is not made within 90
137.33 days after the settlement is filed, unless the soil and water conservation district or the
137.34 board provides an extension. An extension must be granted if funds are not available. The

138.1 ~~landowner must apply for 50 percent of the cost share within 270 days after the mediated~~
 138.2 ~~settlement is filed.~~

138.3 Sec. 78. Minnesota Statutes 2014, section 103F.421, is amended by adding a
 138.4 subdivision to read:

138.5 Subd. 6. **Application of state and federal law.** Nothing in this section is intended
 138.6 to preclude the application of other applicable state or federal law.

138.7 Sec. 79. **[103F.48] RIPARIAN PROTECTION AND WATER QUALITY**
 138.8 **PRACTICES.**

138.9 Subdivision 1. **Definitions.** (a) For the purposes of this section, the following terms
 138.10 have the meanings given them.

138.11 (b) "Board" means the Board of Water and Soil Resources.

138.12 (c) "Buffer" means an area consisting of perennial vegetation, excluding invasive
 138.13 plants and noxious weeds, adjacent to all bodies of water within the state and that protects
 138.14 the water resources of the state from runoff pollution; stabilizes soils, shores, and banks;
 138.15 and protects or provides riparian corridors.

138.16 (d) "Buffer protection map" means buffer maps established and maintained by the
 138.17 commissioner of natural resources.

138.18 (e) "Commissioner" means the commissioner of natural resources.

138.19 (f) "Executive director" means the executive director of the Board of Water and
 138.20 Soil Resources.

138.21 (g) "Local water management authority" means a watershed district, metropolitan
 138.22 water management organization, or county operating separately or jointly in its role as
 138.23 local water management authority under chapter 103B or 103D.

138.24 (h) "Normal water level" means the level evidenced by the long-term presence of
 138.25 surface water as indicated directly by hydrophytic plants or hydric soils or indirectly
 138.26 determined via hydrological models or analysis.

138.27 (i) "Public waters" has the meaning given in section 103G.005, subdivision 15.

138.28 Subd. 2. **Purpose.** It is the policy of the state to establish riparian buffers and
 138.29 water quality practices to:

138.30 (1) protect state water resources from erosion and runoff pollution;

138.31 (2) stabilize soils, shores, and banks; and

138.32 (3) protect or provide riparian corridors.

138.33 Subd. 3. **Water resources riparian protection requirements on public waters**
 138.34 **and public drainage systems.** (a) Except as provided in paragraph (b), landowners

139.1 owning property adjacent to a water body identified and mapped on a buffer protection
139.2 map must maintain a buffer to protect the state's water resources as follows:

139.3 (1) for all public waters, the more restrictive of:

139.4 (i) a 50-foot average width, 30-foot minimum width, continuous buffer of
139.5 perennially rooted vegetation; or

139.6 (ii) the state shoreland standards and criteria adopted by the commissioner under
139.7 section 103F.211; and

139.8 (2) for public drainage systems established under chapter 103E, a 16.5-foot
139.9 minimum width continuous buffer of perennially rooted vegetation on ditches within the
139.10 benefited area of public drainage systems.

139.11 (b) A landowner owning property adjacent to a water body identified in a buffer
139.12 protection map and whose property is used for cultivation farming may meet the
139.13 requirements under paragraph (a) by adopting an alternative riparian water quality
139.14 practice, or combination of structural, vegetative, and management practices, based on the
139.15 Natural Resources Conservation Service Field Office Technical Guide or other practices
139.16 approved by the board, that provide water quality protection comparable to the buffer
139.17 protection for the water body that the property abuts.

139.18 (c) The width of a buffer must be measured from the top or crown of the bank. Where
139.19 there is no defined bank, measurement must be from the edge of the normal water level.

139.20 (d) Upon request by a landowner or authorized agent or operator of a landowner,
139.21 a technical professional employee or contractor of the soil and water conservation
139.22 district or its delegate may issue a validation of compliance with the requirements of
139.23 this subdivision. The soil and water conservation district validation may be appealed to
139.24 the board as described in subdivision 9.

139.25 (e) Buffers or alternative water quality practices required under paragraph (a) or
139.26 (b) must be in place on or before:

139.27 (1) November 1, 2017, for public waters; and

139.28 (2) November 1, 2018, for public drainage systems.

139.29 **Subd. 4. Local water resources riparian protection. On or before July 1, 2017,**
139.30 the soil and water conservation district shall develop, adopt, and submit to each local
139.31 water management authority within its boundary a summary of watercourses for inclusion
139.32 in the local water management authority's plan. A local water management authority that
139.33 receives a summary of watercourses identified under this subdivision must revise its
139.34 comprehensive local water management plan or comprehensive watershed management
139.35 plan to incorporate the soil and water conservation district recommendations.

140.1 Subd. 5. **Exemptions.** Land adjacent to waters subject to subdivision 3 is exempt
140.2 from the water resource protection requirements under subdivision 3, to the extent these
140.3 exemptions are not inconsistent with the requirements of the state shoreland rules adopted
140.4 by the commissioner pursuant to section 103F.211, if it is:

140.5 (1) enrolled in the federal Conservation Reserve Program;

140.6 (2) used as a public or private water access or recreational use area including
140.7 stairways, landings, picnic areas, access paths, beach and watercraft access areas, and
140.8 permitted water-oriented structures as provided in the shoreland model standards and
140.9 criteria adopted pursuant to section 103F.211 or as provided for in an approved local
140.10 government shoreland ordinance;

140.11 (3) covered by a road, trail, building, or other structures; or

140.12 (4) regulated by a national pollutant discharge elimination system/state disposal
140.13 system (NPDES/SDS) permit under Minnesota Rules, chapter 7090, and provides water
140.14 resources riparian protection, in any of the following categories:

140.15 (i) municipal separate storm sewer system (MS4);

140.16 (ii) construction storm water (CSW); or

140.17 (iii) industrial storm water (ISW);

140.18 (5) part of a water-inundation cropping system; or

140.19 (6) in a temporary nonvegetated condition due to drainage tile installation and
140.20 maintenance, alfalfa or other perennial crop or plant seeding, or construction or
140.21 conservation projects authorized by a federal, state, or local government unit.

140.22 Subd. 6. **Local implementation and assistance.** (a) Soil and water conservation
140.23 districts must assist landowners with implementation of the water resource riparian
140.24 protection requirements established in this section. For the purposes of this subdivision,
140.25 assistance includes planning, technical assistance, implementation of approved alternative
140.26 practices, and tracking progress towards compliance with the requirements.

140.27 (b) The commissioner or the board must provide sufficient funding to soil and water
140.28 conservation districts to implement this section.

140.29 Subd. 7. **Corrective actions.** (a) If the soil and water conservation district
140.30 determines a landowner is not in compliance with this section, the district must notify the
140.31 county or watershed district with jurisdiction over the noncompliant site. The county or
140.32 watershed district must provide the landowner with a list of corrective actions needed to
140.33 come into compliance and a practical timeline to meet the requirements in this section.
140.34 The county or watershed district with jurisdiction must provide a copy of the corrective
140.35 action notice to the board.

141.1 (b) If the landowner does not comply with the list of actions and timeline provided,
141.2 the county or watershed district may enforce this section under the authority granted in
141.3 section 103B.101, subdivision 12a. Before exercising this authority, a county or watershed
141.4 district must adopt a plan containing procedures for the issuance of administrative penalty
141.5 orders and may issue orders beginning November 1, 2017. If a county or watershed
141.6 district with jurisdiction over the noncompliant site has not adopted a plan under this
141.7 paragraph, the board may enforce this section under the authority granted in section
141.8 103B.101, subdivision 12a.

141.9 (c) If the county, watershed district, or board determines that sufficient steps have
141.10 been taken to fully resolve noncompliance, all or part of the penalty may be forgiven.

141.11 (d) An order issued under paragraph (b) may be appealed to the board as provided
141.12 under subdivision 9.

141.13 (e) A corrective action is not required for conditions resulting from a flood or other
141.14 act of nature.

141.15 (f) A landowner agent or operator of a landowner may not remove or willfully degrade
141.16 a riparian buffer or water quality practice, wholly or partially, unless the agent or operator
141.17 has obtained a signed statement from the property owner stating that the permission for the
141.18 work has been granted by the unit of government authorized to approve the work in this
141.19 section or that a buffer or water quality practice is not required as validated by the soil and
141.20 water conservation district. Removal or willful degradation of a riparian buffer or water
141.21 quality practice, wholly or partially, by an agent or operator is a separate and independent
141.22 offense and may be subject to the corrective actions and penalties in this subdivision.

141.23 Subd. 8. **Funding subject to withholding.** The state may withhold funding from a
141.24 local water management authority or a soil and water conservation district that fails to
141.25 implement this section. Funding subject to withholding includes soil and water program
141.26 aid, a natural resources block grant, and other project or program funding. Funding may
141.27 be restored upon the board's approval of a corrective action plan.

141.28 Subd. 9. **Appeals of validations and penalty orders.** A landowner or agent or
141.29 operator may appeal the terms and conditions of a soil and water conservation district
141.30 validation or an administrative penalty order to the board within 30 days of receipt of
141.31 written or electronic notice of the validation or order. The request for appeal must be in
141.32 writing. The appealing party must provide a copy of the validation or order that is being
141.33 appealed, the basis for the appeal, and any supporting evidence. The request for appeal
141.34 may be submitted personally, by first class mail, or electronically to the executive director.
141.35 If a written or electronic request for appeal is not submitted within 30 days, the validation
141.36 or order is final. The executive director shall review the request and supporting evidence

142.1 and issue a decision within 60 days of receipt of an appeal. The executive director's
142.2 decision is appealable directly to the Court of Appeals pursuant to sections 14.63 to 14.69.

142.3 Subd. 10. **Landowner financial assistance and public drainage system procedure.**

142.4 (a) A landowner or drainage authority may contact the soil and water conservation district
142.5 for information on how to apply for local, state, or federal cost-share grants, contracts, or
142.6 loans that are available to establish buffers or other water resource protection measures.

142.7 (b) The provisions of sections 103E.011, subdivision 5; 103E.021, subdivision 6;
142.8 and 103E.715 may be used in advance or retroactively to acquire or provide compensation
142.9 for all or part of the buffer strip establishment or alternative riparian water quality
142.10 practices as required under subdivision 3, paragraph (a), within the benefited area of a
142.11 public drainage system. Implementation of this subdivision is not subject to limitation of
142.12 project costs to the current benefits adopted for the drainage system.

142.13 Subd. 11. **State lands.** This section applies to the state and its departments and
142.14 agencies.

142.15 Sec. 80. Minnesota Statutes 2014, section 103F.612, subdivision 2, is amended to read:

142.16 Subd. 2. **Application.** (a) A wetland owner may apply to the county where a
142.17 wetland is located for designation of a wetland preservation area in a high priority wetland
142.18 ~~area identified in a comprehensive local water plan, as defined in section 103B.3363,~~
142.19 ~~subdivision 3, and located within a high priority wetland region~~ designated by the Board
142.20 of Water and Soil Resources, if the county chooses to accept wetland preservation area
142.21 applications. The application must be made on forms provided by the board. If a wetland
142.22 is located in more than one county, the application must be submitted to the county where
142.23 the majority of the wetland is located.

142.24 (b) The application shall be executed and acknowledged in the manner required
142.25 by law to execute and acknowledge a deed and must contain at least the following
142.26 information and other information the Board of Water and Soil Resources requires:

142.27 (1) legal description of the area to be approved, which must include an upland strip
142.28 at least 16-1/2 feet in width around the perimeter of wetlands within the area and may
142.29 include total upland area of up to four acres for each acre of wetland;

142.30 (2) parcel identification numbers where designated by the county auditor;

142.31 (3) name and address of the owner;

142.32 (4) a statement by the owner covenanting that the land will be preserved as a wetland
142.33 and will only be used in accordance with conditions prescribed by the Board of Water and
142.34 Soil Resources and providing that the restrictive covenant will be binding on the owner
142.35 and the owner's successors or assigns, and will run with the land.

143.1 (c) The upland strip required in paragraph (b), clause (1), must be planted with
143.2 permanent vegetation other than a noxious weed.

143.3 Sec. 81. Minnesota Statutes 2014, section 103G.005, is amended by adding a
143.4 subdivision to read:

143.5 Subd. 10g. **In-lieu fee program.** "In-lieu fee program" means a program in which
143.6 wetland replacement requirements of section 103G.222 are satisfied through payment of
143.7 money to the board or a board-approved sponsor to develop replacement credits according
143.8 to section 103G.2242, subdivision 12.

143.9 Sec. 82. Minnesota Statutes 2014, section 103G.222, subdivision 1, is amended to read:

143.10 Subdivision 1. **Requirements.** (a) Wetlands must not be drained or filled, wholly or
143.11 partially, unless replaced by ~~restoring or creating wetland areas of~~ actions that provide
143.12 at least equal public value under a replacement plan approved as provided in section
143.13 103G.2242, a replacement plan under a local governmental unit's comprehensive wetland
143.14 protection and management plan approved by the board under section 103G.2243, or, if a
143.15 permit to mine is required under section 93.481, under a mining reclamation plan approved
143.16 by the commissioner under the permit to mine. For project-specific wetland replacement
143.17 completed prior to wetland impacts authorized or conducted under a permit to mine within
143.18 the Great Lakes and Rainy River watershed basins, those basins shall be considered a single
143.19 watershed for purposes of determining wetland replacement ratios. Mining reclamation
143.20 plans shall apply the same principles and standards for replacing wetlands ~~by restoration~~
143.21 ~~or creation of wetland areas~~ that are applicable to mitigation plans approved as provided
143.22 in section 103G.2242. Public value must be determined in accordance with section
143.23 103B.3355 or a comprehensive wetland protection and management plan established
143.24 under section 103G.2243. Sections 103G.221 to 103G.2372 also apply to excavation in
143.25 permanently and semipermanently flooded areas of types 3, 4, and 5 wetlands.

143.26 (b) Replacement must be guided by the following principles in descending order
143.27 of priority:

143.28 (1) avoiding the direct or indirect impact of the activity that may destroy or diminish
143.29 the wetland;

143.30 (2) minimizing the impact by limiting the degree or magnitude of the wetland
143.31 activity and its implementation;

143.32 (3) rectifying the impact by repairing, rehabilitating, or restoring the affected
143.33 wetland environment;

144.1 (4) reducing or eliminating the impact over time by preservation and maintenance
144.2 operations during the life of the activity;

144.3 (5) compensating for the impact by restoring a wetland; and

144.4 (6) compensating for the impact by replacing or providing substitute wetland
144.5 resources or environments.

144.6 For a project involving the draining or filling of wetlands in an amount not exceeding
144.7 10,000 square feet more than the applicable amount in section 103G.2241, subdivision 9,
144.8 paragraph (a), the local government unit may make an on-site sequencing determination
144.9 without a written alternatives analysis from the applicant.

144.10 (c) If a wetland is located in a cultivated field, then replacement must be accomplished
144.11 through restoration only without regard to the priority order in paragraph (b), provided
144.12 that the altered wetland is not converted to a nonagricultural use for at least ten years.

144.13 (d) If a wetland is replaced under paragraph (c), or drained under section 103G.2241,
144.14 subdivision 2, paragraph (b) or (e), the local government unit may require a deed
144.15 restriction that prohibits nonagricultural use for at least ten years. The local government
144.16 unit may require the deed restriction if it determines the wetland area drained is at risk of
144.17 conversion to a nonagricultural use within ten years based on the zoning classification,
144.18 proximity to a municipality or full service road, or other criteria as determined by the
144.19 local government unit.

144.20 (e) Restoration and replacement of wetlands must be accomplished in accordance
144.21 with the ecology of the landscape area affected and ponds that are created primarily to
144.22 fulfill storm water management, and water quality treatment requirements may not be
144.23 used to satisfy replacement requirements under this chapter unless the design includes
144.24 pretreatment of runoff and the pond is functioning as a wetland.

144.25 (f) Except as provided in paragraph (g), for a wetland or public waters wetland
144.26 located on nonagricultural land, replacement must be in the ratio of two acres of replaced
144.27 wetland for each acre of drained or filled wetland.

144.28 (g) For a wetland or public waters wetland located on agricultural land or in a greater
144.29 than 80 percent area, replacement must be in the ratio of one acre of replaced wetland
144.30 for each acre of drained or filled wetland.

144.31 (h) Wetlands that are restored or created as a result of an approved replacement plan
144.32 are subject to the provisions of this section for any subsequent drainage or filling.

144.33 (i) Except in a greater than 80 percent area, only wetlands that have been
144.34 restored from previously drained or filled wetlands, wetlands created by excavation in
144.35 nonwetlands, wetlands created by dikes or dams along public or private drainage ditches,
144.36 or wetlands created by dikes or dams associated with the restoration of previously

145.1 drained or filled wetlands may be used ~~in a statewide banking program established in for~~
145.2 wetland replacement according to rules adopted under section 103G.2242, subdivision 1.
145.3 Modification or conversion of nondegraded naturally occurring wetlands from one type to
145.4 another are not eligible for ~~enrollment in a statewide wetlands bank~~ wetland replacement.

145.5 (j) The Technical Evaluation Panel established under section 103G.2242, subdivision
145.6 2, shall ensure that sufficient time has occurred for the wetland to develop wetland
145.7 characteristics of soils, vegetation, and hydrology before recommending that the wetland
145.8 be deposited in the statewide wetland bank. If the Technical Evaluation Panel has reason
145.9 to believe that the wetland characteristics may change substantially, the panel shall
145.10 postpone its recommendation until the wetland has stabilized.

145.11 (k) This section and sections 103G.223 to 103G.2242, 103G.2364, and 103G.2365
145.12 apply to the state and its departments and agencies.

145.13 (l) For projects involving draining or filling of wetlands associated with a new public
145.14 transportation project, and for projects expanded solely for additional traffic capacity,
145.15 public transportation authorities may purchase credits from the board at the cost to the
145.16 board to establish credits. Proceeds from the sale of credits provided under this paragraph
145.17 are appropriated to the board for the purposes of this paragraph. For the purposes of this
145.18 paragraph, "transportation project" does not include an airport project.

145.19 (m) A replacement plan for wetlands is not required for individual projects that
145.20 result in the filling or draining of wetlands for the repair, rehabilitation, reconstruction,
145.21 or replacement of a currently serviceable existing state, city, county, or town public road
145.22 necessary, as determined by the public transportation authority, to meet state or federal
145.23 design or safety standards or requirements, excluding new roads or roads expanded solely
145.24 for additional traffic capacity lanes. This paragraph only applies to authorities for public
145.25 transportation projects that:

145.26 (1) minimize the amount of wetland filling or draining associated with the project
145.27 and consider mitigating important site-specific wetland functions on site;

145.28 (2) except as provided in clause (3), submit project-specific reports to the board, the
145.29 Technical Evaluation Panel, the commissioner of natural resources, and members of the
145.30 public requesting a copy at least 30 days prior to construction that indicate the location,
145.31 amount, and type of wetlands to be filled or drained by the project or, alternatively,
145.32 convene an annual meeting of the parties required to receive notice to review projects to
145.33 be commenced during the upcoming year; and

145.34 (3) for minor and emergency maintenance work impacting less than 10,000 square
145.35 feet, submit project-specific reports, within 30 days of commencing the activity, to the board
145.36 that indicate the location, amount, and type of wetlands that have been filled or drained.

146.1 Those required to receive notice of public transportation projects may appeal
146.2 minimization, delineation, and on-site mitigation decisions made by the public
146.3 transportation authority to the board according to the provisions of section 103G.2242,
146.4 subdivision 9. The Technical Evaluation Panel shall review minimization and delineation
146.5 decisions made by the public transportation authority and provide recommendations
146.6 regarding on-site mitigation if requested to do so by the local government unit, a
146.7 contiguous landowner, or a member of the Technical Evaluation Panel.

146.8 Except for state public transportation projects, for which the state Department of
146.9 Transportation is responsible, the board must replace the wetlands, and wetland areas of
146.10 public waters if authorized by the commissioner or a delegated authority, drained or filled
146.11 by public transportation projects on existing roads.

146.12 Public transportation authorities at their discretion may deviate from federal and
146.13 state design standards on existing road projects when practical and reasonable to avoid
146.14 wetland filling or draining, provided that public safety is not unreasonably compromised.
146.15 The local road authority and its officers and employees are exempt from liability for
146.16 any tort claim for injury to persons or property arising from travel on the highway and
146.17 related to the deviation from the design standards for construction or reconstruction under
146.18 this paragraph. This paragraph does not preclude an action for damages arising from
146.19 negligence in construction or maintenance on a highway.

146.20 (n) If a landowner seeks approval of a replacement plan after the proposed project
146.21 has already affected the wetland, the local government unit may require the landowner to
146.22 replace the affected wetland at a ratio not to exceed twice the replacement ratio otherwise
146.23 required.

146.24 (o) A local government unit may request the board to reclassify a county or
146.25 watershed on the basis of its percentage of presettlement wetlands remaining. After
146.26 receipt of satisfactory documentation from the local government, the board shall change
146.27 the classification of a county or watershed. If requested by the local government unit,
146.28 the board must assist in developing the documentation. Within 30 days of its action to
146.29 approve a change of wetland classifications, the board shall publish a notice of the change
146.30 in the Environmental Quality Board Monitor.

146.31 (p) One hundred citizens who reside within the jurisdiction of the local government
146.32 unit may request the local government unit to reclassify a county or watershed on the basis
146.33 of its percentage of presettlement wetlands remaining. In support of their petition, the
146.34 citizens shall provide satisfactory documentation to the local government unit. The local
146.35 government unit shall consider the petition and forward the request to the board under
146.36 paragraph (o) or provide a reason why the petition is denied.

147.1 Sec. 83. Minnesota Statutes 2014, section 103G.222, subdivision 3, is amended to read:

147.2 Subd. 3. **Wetland replacement siting.** (a) Impacted wetlands in a 50 to 80 percent
147.3 area must be replaced in a 50 to 80 percent area or in a less than 50 percent area. Impacted
147.4 wetlands in a less than 50 percent area must be replaced in a less than 50 percent area.

147.5 All wetland replacement must follow this priority order:

147.6 (1) on site or in the same minor watershed as the impacted wetland;

147.7 (2) in the same watershed as the impacted wetland;

147.8 (3) in the same county or wetland bank service area as the impacted wetland; and

147.9 (4) in another wetland bank service area; and

147.10 ~~(5) statewide for public transportation projects, except that wetlands impacted in~~
147.11 ~~less than 50 percent areas must be replaced in less than 50 percent areas, and wetlands~~
147.12 ~~impacted in the seven-county metropolitan area must be replaced at a ratio of two to one in:~~
147.13 ~~(i) the affected county or, (ii) in another of the seven metropolitan counties, or (iii) in one~~
147.14 ~~of the major watersheds that are wholly or partially within the seven-county metropolitan~~
147.15 ~~area, but at least one to one must be replaced within the seven-county metropolitan area.~~

147.16 ~~(b) The exception in paragraph (a), clause (5), does not apply to replacement~~
147.17 ~~completed using wetland banking credits established by a person who submitted a~~
147.18 ~~complete wetland banking application to a local government unit by April 1, 1996.~~

147.19 (b) Notwithstanding paragraph (a), wetland banking credits approved according to
147.20 a complete wetland banking application submitted to a local government unit by April
147.21 1, 1996, may be used to replace wetland impacts resulting from public transportation
147.22 projects statewide.

147.23 (c) Notwithstanding paragraph (a), clauses (1) and (2), the priority order for
147.24 replacement by wetland banking begins at paragraph (a), clause (3), according to rules
147.25 adopted under section 103G.2242, subdivision 1.

147.26 ~~(e) (d)~~ When reasonable, practicable, and environmentally beneficial replacement
147.27 opportunities are not available in siting priorities listed in paragraph (a), the applicant
147.28 may seek opportunities at the next level.

147.29 ~~(d) (e)~~ For the purposes of this section, "reasonable, practicable, and environmentally
147.30 beneficial replacement opportunities" are defined as opportunities that:

147.31 (1) take advantage of naturally occurring hydrogeomorphological conditions and
147.32 require minimal landscape alteration;

147.33 (2) have a high likelihood of becoming a functional wetland that will continue
147.34 in perpetuity;

147.35 (3) do not adversely affect other habitat types or ecological communities that are
147.36 important in maintaining the overall biological diversity of the area; and

148.1 (4) are available and capable of being done after taking into consideration cost,
148.2 existing technology, and logistics consistent with overall project purposes.

148.3 ~~(e) Applicants and local government units shall rely on board-approved~~
148.4 ~~comprehensive inventories of replacement opportunities and watershed conditions,~~
148.5 ~~including the Northeast Minnesota Wetland Mitigation Inventory and Assessment (January~~
148.6 ~~2010), in determining whether reasonable, practicable, and environmentally beneficial~~
148.7 ~~replacement opportunities are available.~~

148.8 (f) Regulatory agencies, local government units, and other entities involved in
148.9 wetland restoration shall collaborate to identify potential replacement opportunities within
148.10 their jurisdictional areas.

148.11 (g) The board must establish wetland replacement ratios and wetland bank service
148.12 area priorities to implement the siting and targeting of wetland replacement and encourage
148.13 the use of high priority areas for wetland replacement.

148.14 Sec. 84. Minnesota Statutes 2014, section 103G.2242, subdivision 1, is amended to
148.15 read:

148.16 Subdivision 1. **Rules.** (a) The board, in consultation with the commissioner, shall
148.17 adopt rules governing the approval of wetland value replacement plans under this section
148.18 and public waters work permits affecting public waters wetlands under section 103G.245.
148.19 These rules must address the criteria, procedure, timing, and location of acceptable
148.20 replacement of wetland values; and may address the state establishment and administration
148.21 of a wetland banking program for public and private projects, ~~which may include~~ including
148.22 provisions allowing monetary payment to the wetland banking program for alteration of
148.23 wetlands on agricultural land for an in-lieu fee program; the administrative, monitoring, and
148.24 enforcement procedures to be used; and a procedure for the review and appeal of decisions
148.25 under this section. In the case of peatlands, the replacement plan rules must consider the
148.26 impact on carbon balance ~~described in the report required by Laws 1990, chapter 587, and~~
148.27 ~~include the planting of trees or shrubs.~~ Any in-lieu fee program established by the board
148.28 must conform with Code of Federal Regulations, title 33, section 332.8, as amended.

148.29 (b) After the adoption of the rules, a replacement plan must be approved by a
148.30 resolution of the governing body of the local government unit, consistent with the
148.31 provisions of the rules or a comprehensive wetland protection and management plan
148.32 approved under section 103G.2243.

148.33 (c) If the local government unit fails to apply the rules, or fails to implement a
148.34 local comprehensive wetland protection and management plan established under section
148.35 103G.2243, the government unit is subject to penalty as determined by the board.

149.1 Sec. 85. Minnesota Statutes 2014, section 103G.2242, subdivision 2, is amended to
 149.2 read:

149.3 Subd. 2. **Evaluation.** (a) Questions concerning the public value, location, size,
 149.4 or type of a wetland shall be submitted to and determined by a Technical Evaluation
 149.5 Panel after an on-site inspection. The Technical Evaluation Panel shall be composed of
 149.6 a technical professional employee of the board, a technical professional employee of
 149.7 the local soil and water conservation district or districts, a technical professional with
 149.8 expertise in water resources management appointed by the local government unit, and
 149.9 a technical professional employee of the Department of Natural Resources for projects
 149.10 affecting public waters or wetlands adjacent to public waters. The panel shall use the
 149.11 "United States Army Corps of Engineers Wetland Delineation Manual" (January 1987),
 149.12 including updates, supplementary guidance, and replacements, if any, "Wetlands of
 149.13 the United States" (United States Fish and Wildlife Service Circular 39, 1971 edition),
 149.14 and "Classification of Wetlands and Deepwater Habitats of the United States" (1979
 149.15 edition). The panel shall provide the wetland determination and recommendations on
 149.16 other technical matters to the local government unit that must approve a replacement plan,
 149.17 ~~wetland banking plan~~ sequencing, exemption determination, no-loss determination, or
 149.18 wetland boundary or type determination and may recommend approval or denial of the
 149.19 plan. The authority must consider and include the decision of the Technical Evaluation
 149.20 Panel in their approval or denial of a plan or determination.

149.21 (b) Persons conducting wetland or public waters boundary delineations or type
 149.22 determinations are exempt from the requirements of chapter 326. The board may develop
 149.23 a professional wetland delineator certification program.

149.24 (c) The board must establish an interagency team to assist in identifying and
 149.25 evaluating potential wetland replacement sites. The team must consist of members
 149.26 of the Technical Evaluation Panel and representatives from the Department of Natural
 149.27 Resources; the Pollution Control Agency; the United States Army Corps of Engineers, St.
 149.28 Paul district; and other organizations as determined by the board.

149.29 Sec. 86. Minnesota Statutes 2014, section 103G.2242, subdivision 3, is amended to
 149.30 read:

149.31 Subd. 3. **Replacement completion.** (a) Replacement of wetland values must be
 149.32 completed prior to or concurrent with the actual draining or filling of a wetland, unless:

149.33 (1) an irrevocable bank letter of credit or other security financial assurance
 149.34 acceptable to the local government unit or the board is given to the local government unit
 149.35 or the board to guarantee the successful completion of the replacement; or

150.1 (2) the replacement is approved under an in-lieu fee program according to rules
 150.2 adopted under subdivision 1. In the case of an in-lieu fee program established by a
 150.3 board-approved sponsor, the board may require that a financial assurance in an amount
 150.4 and method acceptable to the board be given to the board to ensure the approved sponsor
 150.5 fulfills the sponsor's obligation to complete the required wetland replacement.

150.6 ~~The board may establish, sponsor, or administer a wetland banking program, which~~
 150.7 ~~may include provisions allowing monetary payment to the wetland bank for impacts to~~
 150.8 ~~wetlands on agricultural land, for impacts that occur in greater than 80 percent areas, and~~
 150.9 ~~for public road projects. (b) The board may acquire land in fee title, purchase or accept~~
 150.10 ~~easements, enter into agreements, and purchase existing wetland replacement credits to~~
 150.11 ~~facilitate the wetland banking program. The board may establish in-lieu fee payment~~
 150.12 ~~amounts and hold money in an account in the special revenue fund, which is appropriated~~
 150.13 ~~to the board to be used solely for establishing replacement wetlands and administering the~~
 150.14 ~~wetland banking program.~~

150.15 (c) The board shall coordinate the establishment and operation of a wetland bank
 150.16 with the United States Army Corps of Engineers, the Natural Resources Conservation
 150.17 Service of the United States Department of Agriculture, and the commissioners of natural
 150.18 resources, agriculture, and the Pollution Control Agency.

150.19 Sec. 87. Minnesota Statutes 2014, section 103G.2242, subdivision 4, is amended to
 150.20 read:

150.21 Subd. 4. **Decision.** Upon receiving and considering all required data, the local
 150.22 government unit reviewing replacement plan applications, ~~banking plan sequencing~~
 150.23 applications, and exemption or no-loss determination requests must act on all replacement
 150.24 plan applications, ~~banking plan sequencing~~ applications, and exemption or no-loss
 150.25 determination requests in compliance with section 15.99.

150.26 Sec. 88. Minnesota Statutes 2014, section 103G.2242, subdivision 12, is amended to
 150.27 read:

150.28 Subd. 12. **Replacement credits.** (a) No public or private wetland restoration,
 150.29 enhancement, or construction may be allowed for replacement unless specifically
 150.30 designated for replacement and paid for by the individual or organization performing the
 150.31 wetland restoration, enhancement, or construction, ~~and is completed prior to any draining~~
 150.32 ~~or filling of the wetland.~~

150.33 (b) Paragraph (a) does not apply to a wetland whose owner has paid back with
 150.34 interest the individual or organization restoring, enhancing, or constructing the wetland.

151.1 (c) Notwithstanding section 103G.222, subdivision 1, paragraph (i), the following
151.2 actions, and others established in rule, that are consistent with criteria in rules adopted by
151.3 the board in conjunction with the commissioners of natural resources and agriculture, are
151.4 eligible for replacement credit as determined by the local government unit or the board,
151.5 including enrollment in a statewide wetlands bank:

151.6 (1) reestablishment of permanent native, noninvasive vegetative cover on a wetland
151.7 on agricultural land that was planted with annually seeded crops, was in a crop rotation
151.8 seeding of pasture grasses or legumes, or was in a land retirement program during the
151.9 past ten years;

151.10 (2) buffer areas of permanent native, noninvasive vegetative cover established or
151.11 preserved on upland adjacent to replacement wetlands;

151.12 (3) wetlands restored for conservation purposes under terminated easements or
151.13 contracts; ~~and~~

151.14 (4) water quality treatment ponds constructed to pretreat storm water runoff prior
151.15 to discharge to wetlands, public waters, or other water bodies, provided that the water
151.16 quality treatment ponds must be associated with an ongoing or proposed project that
151.17 will impact a wetland and replacement credit for the treatment ponds is based on the
151.18 replacement of wetland functions and on an approved storm water management plan for
151.19 the local government; and

151.20 (5) in a greater than 80 percent area, restoration and protection of streams and
151.21 riparian buffers that are important to the functions and sustainability of aquatic resources.

151.22 (d) Notwithstanding section 103G.222, subdivision 1, paragraphs (f) and (g), the
151.23 board may establish by rule different replacement ratios for restoration projects with
151.24 exceptional natural resource value.

151.25 Sec. 89. Minnesota Statutes 2014, section 103G.2242, subdivision 14, is amended to
151.26 read:

151.27 Subd. 14. **Fees established.** (a) Fees must be assessed for managing wetland bank
151.28 accounts and transactions as follows:

151.29 (1) account maintenance annual fee: one percent of the value of credits not to
151.30 exceed \$500;

151.31 (2) account establishment, deposit, or transfer: 6.5 percent of the value of credits not
151.32 to exceed \$1,000 per establishment, deposit, or transfer; and

151.33 (3) withdrawal fee: 6.5 percent of the value of credits withdrawn.

151.34 (b) The board may establish fees at or below the amounts in paragraph (a) for
151.35 single-user or other dedicated wetland banking accounts.

152.1 (c) Fees for single-user or other dedicated wetland banking accounts established
 152.2 pursuant to section 103G.005, subdivision 10e, clause (4), are limited to establishment
 152.3 of a wetland banking account and are assessed at the rate of 6.5 percent of the value of
 152.4 the credits not to exceed \$1,000.

152.5 (d) The board may assess a fee to pay the costs associated with establishing
 152.6 conservation easements, or other long-term protection mechanisms prescribed in the rules
 152.7 adopted under subdivision 1, on property used for wetland replacement.

152.8 Sec. 90. Minnesota Statutes 2014, section 103G.2251, is amended to read:

152.9 **103G.2251 STATE CONSERVATION EASEMENTS; WETLAND BANK**
 152.10 **CREDIT.**

152.11 In greater than 80 percent areas, preservation of wetlands, riparian buffers, and
 152.12 watershed areas essential to maintaining important functions and sustainability of aquatic
 152.13 resources in the watershed that are protected by a permanent conservation easement
 152.14 as defined under section 84C.01 and held by the board may be eligible for wetland
 152.15 replacement or mitigation credits, according to rules adopted by the board. To be eligible
 152.16 for credit under this section, a conservation easement must be established after May 24,
 152.17 2008, and approved by the board. Wetland areas on private lands preserved under this
 152.18 section are not eligible for replacement or mitigation credit if the area has been protected
 152.19 using public conservation funds.

152.20 Sec. 91. Minnesota Statutes 2014, section 103G.245, subdivision 2, is amended to read:

152.21 Subd. 2. **Exceptions.** A public waters work permit is not required for:

152.22 (1) work in altered natural watercourses that are part of drainage systems established
 152.23 under chapter 103D or 103E if the work in the waters is undertaken according to chapter
 152.24 103D or 103E; ~~or~~

152.25 (2) a drainage project for a drainage system established under chapter 103E that does
 152.26 not substantially affect public waters; or

152.27 (3) culvert restoration or replacement of the same size and elevation, if the
 152.28 restoration or replacement does not impact a designated trout stream.

152.29 Sec. 92. Minnesota Statutes 2014, section 103G.271, subdivision 3, is amended to read:

152.30 Subd. 3. **Permit restriction during summer months.** The commissioner must not
 152.31 modify or restrict the amount of appropriation from a groundwater source authorized in a
 152.32 water use permit issued to irrigate agricultural land between ~~May~~ April 1 and October

153.1 1, or, for agricultural land with a crop, until November 15, unless the commissioner
153.2 determines the authorized amount of appropriation endangers a domestic water supply.

153.3 Sec. 93. Minnesota Statutes 2014, section 103G.271, subdivision 5, is amended to read:

153.4 Subd. 5. **Prohibition on once-through water use permits.** (a) Except as provided
153.5 in paragraph (c), the commissioner may not issue a water use permit to increase the
153.6 volume of appropriation from a groundwater source for a once-through cooling system.

153.7 (b) Except as provided in paragraph (c), once-through system water use permits
153.8 using in excess of 5,000,000 gallons annually must be terminated by the commissioner,
153.9 unless the discharge is into a public water basin within a nature preserve approved by the
153.10 commissioner and established prior to January 1, 2001. The commissioner may issue a
153.11 permit for a system in existence prior to January 1, 2015, for up to 5,000,000 gallons
153.12 annually. Existing once-through systems must not be expanded and are required to convert
153.13 to water efficient alternatives within the design life of existing equipment.

153.14 (c) Notwithstanding paragraphs (a) and (b), the commissioner, with the approval of
153.15 the commissioners of health and the Pollution Control Agency, may issue once-through
153.16 system water use permits on an annual basis for groundwater thermal exchange devices
153.17 or aquifer storage and recovery systems that return all once-through system water to the
153.18 source aquifer. Water use permit processing fees in subdivision 6, paragraph (a), apply
153.19 to all water withdrawals under this paragraph, including any reuse of water returned to
153.20 the source aquifer.

153.21 Sec. 94. Minnesota Statutes 2014, section 103G.271, subdivision 6a, is amended to read:

153.22 Subd. 6a. **Payment of fees for past unpermitted appropriations.** An entity that
153.23 appropriates water without a required permit under subdivision 1 must pay the applicable
153.24 water use permit processing fee specified in subdivision 6 for the period during which the
153.25 unpermitted appropriation occurred. The fees for unpermitted appropriations are required
153.26 for the previous seven calendar years after being notified of the need for a permit. This
153.27 fee is in addition to any other fee or penalty assessed. The commissioner may waive
153.28 payment of fees for past unpermitted appropriations for a residential system permitted
153.29 under subdivision 5, paragraph (b).

153.30 Sec. 95. Minnesota Statutes 2014, section 103G.287, subdivision 1, is amended to read:

153.31 Subdivision 1. **Applications for groundwater appropriations; preliminary well**
153.32 **construction approval.** (a) Groundwater use permit applications are not complete until
153.33 the applicant has supplied:

154.1 (1) a water well record as required by section 103I.205, subdivision 9, information
154.2 on the subsurface geologic formations penetrated by the well and the formation or aquifer
154.3 that will serve as the water source, and geologic information from test holes drilled to
154.4 locate the site of the production well;

154.5 (2) the maximum daily, seasonal, and annual pumpage rates and volumes being
154.6 requested;

154.7 (3) information on groundwater quality in terms of the measures of quality
154.8 commonly specified for the proposed water use and details on water treatment necessary
154.9 for the proposed use;

154.10 ~~(4) an inventory of existing wells within 1-1/2 miles of the proposed production well~~
154.11 ~~or within the area of influence, as determined by the commissioner. The inventory must~~
154.12 ~~include information on well locations, depths, geologic formations, depth of the pump or~~
154.13 ~~intake, pumping and nonpumping water levels, and details of well construction;~~

154.14 ~~(5)~~ (4) the results of an aquifer test completed according to specifications approved
154.15 by the commissioner. The test must be conducted at the maximum pumping rate requested
154.16 in the application and for a length of time adequate to assess or predict impacts to other
154.17 wells and surface water and groundwater resources. The permit applicant is responsible
154.18 for all costs related to the aquifer test, including the construction of groundwater and
154.19 surface water monitoring installations, and water level readings before, during, and after
154.20 the aquifer test; and

154.21 ~~(6)~~ (5) the results of any assessments conducted by the commissioner under
154.22 paragraph (c).

154.23 (b) The commissioner may waive an application requirement in this subdivision
154.24 if the information provided with the application is adequate to determine whether the
154.25 proposed appropriation and use of water is sustainable and will protect ecosystems, water
154.26 quality, and the ability of future generations to meet their own needs.

154.27 (c) The commissioner shall provide an assessment of a proposed well needing a
154.28 groundwater appropriation permit. The commissioner shall evaluate the information
154.29 submitted as required under section 103I.205, subdivision 1, paragraph (f), and determine
154.30 whether the anticipated appropriation request is likely to meet the applicable requirements
154.31 of this chapter. If the appropriation request is likely to meet applicable requirements, the
154.32 commissioner shall provide the person submitting the information with a letter providing
154.33 preliminary approval to construct the well.

154.34 Sec. 96. **[103G.289] WELL INTERFERENCE; WELL SEALING.**

155.1 The commissioner shall not validate a well interference claim if the affected well has
155.2 been sealed prior to the completion of the commissioner's investigation of the complaint.
155.3 If the well is sealed prior to completion of the investigation, the commissioner must
155.4 dismiss the complaint.

155.5 Sec. 97. Minnesota Statutes 2014, section 103G.291, subdivision 3, is amended to read:

155.6 Subd. 3. **Water supply plans; demand reduction.** (a) Every public water supplier
155.7 serving more than 1,000 people must submit a water supply plan to the commissioner
155.8 for approval by January 1, 1996. In accordance with guidelines developed by the
155.9 commissioner, the plan must address projected demands, adequacy of the water supply
155.10 system and planned improvements, existing and future water sources, natural resource
155.11 impacts or limitations, emergency preparedness, water conservation, supply and demand
155.12 reduction measures, and allocation priorities that are consistent with section 103G.261.
155.13 Public water suppliers must update their plan and, upon notification, submit it to the
155.14 commissioner for approval every ten years.

155.15 (b) The water supply plan in paragraph (a) is required for all communities in the
155.16 metropolitan area, as defined in section 473.121, with a municipal water supply system
155.17 and is a required element of the local comprehensive plan required under section 473.859.
155.18 ~~Water supply plans or updates submitted after December 31, 2008, must be consistent~~
155.19 ~~with the metropolitan area master water supply plan required under section 473.1565,~~
155.20 ~~subdivision 1, paragraph (a), clause (2).~~

155.21 (c) Public water suppliers serving more than 1,000 people must encourage
155.22 water conservation by employing water use demand reduction measures, as defined in
155.23 subdivision 4, paragraph (a), before requesting approval from the commissioner of health
155.24 under section 144.383, paragraph (a), to construct a public water supply well or requesting
155.25 an increase in the authorized volume of appropriation. The commissioner of natural
155.26 resources and the water supplier shall use a collaborative process to achieve demand
155.27 reduction measures as a part of a water supply plan review process.

155.28 (d) Public water suppliers serving more than 1,000 people must submit records
155.29 that indicate the number of connections and amount of use by customer category and
155.30 volume of water unaccounted for with the annual report of water use required under
155.31 section 103G.281, subdivision 3.

155.32 (e) For the purposes of this section, "public water supplier" means an entity that owns,
155.33 manages, or operates a public water supply, as defined in section 144.382, subdivision 4.

155.34 **EFFECTIVE DATE.** This section is effective the day following final enactment.

156.1 Sec. 98. Minnesota Statutes 2014, section 103G.301, subdivision 5a, is amended to read:

156.2 Subd. 5a. **Town fees ~~limited~~ exemption.** Notwithstanding this section or any
 156.3 other law, no permit application, general permit notification, or field inspection fee shall
 156.4 be charged to a town in connection with the construction or alteration of a town road,
 156.5 bridge, or culvert shall exceed \$100.

156.6 Sec. 99. **[114C.40] VOLUNTARY SELF-REPORTING OF MINOR**
 156.7 **VIOLATIONS.**

156.8 Subdivision 1. **Definitions.** (a) For the purposes of this section, the following terms
 156.9 have the meanings given.

 156.12 agency, a rule adopted by the agency, a permit or order issued by the agency, an agreement
 156.13 entered into with the agency, or a court order issued pursuant to any of the foregoing.

156.14 (d) "Regulated entity" means a public or private organization or individual that

 156.17 under subdivision 4, the commissioner must defer for 60 calendar days enforcement of an
 156.18 environmental requirement against a regulated entity if:

156.19 (1) violation of the environmental requirement was first identified by the regulated
 156.20 entity or an employee of or person contracted by the regulated entity;

156.21 (2) the regulated entity notified the commissioner, through electronic submission or
 156.22 in writing, that a violation has occurred within two business days of the violation coming to
 156.23 the regulated entity's attention. The commissioner must contact the regulated entity within
 156.24 seven business days of receipt of the notification to schedule a consultation to discuss the
 156.25 nature of the violation. During the consultation, the regulated entity and the commissioner
 156.26 must develop a plan and mutually agreed upon timeframe for the regulated entity to
 156.27 return to compliance. The regulated entity must submit, through electronic submission
 156.28 or in writing, the agreed upon plan within seven business days of the consultation. The
 156.29 regulated entity must return to compliance within 60 calendar days following the date of
 156.30 the consultation unless a different timeframe was agreed upon during the consultation; and

156.31 (3) the regulated entity has not been cited for noncompliance under subdivision 4 by
 156.32 the agency within the past two years from the date of the notification under clause (2).

156.33 Subd. 3. **Penalties waived.** The commissioner must not impose or bring an action
 156.34 for any administrative, civil, or criminal penalties against a regulated entity if the regulated
 156.35 entity complies with subdivision 2.

157.1 Subd. 4. **Exceptions.** Notwithstanding subdivisions 2 and 3, the commissioner
157.2 may, at any time, bring:

157.3 (1) a criminal enforcement action against any person who commits a violation
157.4 under section 609.671;

157.5 (2) a civil or administrative enforcement action, which may include a penalty, under
157.6 section 115.071 or 116.072, against the regulated entity if:

157.7 (i) a violation caused or had potential to cause serious harm to human health or the
157.8 environment;

157.9 (ii) a violation is of the specific terms of an administrative order, a judicial order or
157.10 consent decree, a stipulation agreement, or a schedule of compliance;

157.11 (iii) a violation has resulted in economic benefit which gives the regulated entity a
157.12 clear advantage over its business competitors; or

157.13 (iv) a violation is identified through a monitoring or sampling requirement prescribed
157.14 by statute, regulation, permit, judicial or administrative order, consent decree, stipulation
157.15 agreement, or schedule of compliance; or

157.16 (3) an enforcement action against a regulated entity to enjoin an imminent and
157.17 substantial danger under section 116.11.

157.18 Subd. 5. **Reporting required by law.** Nothing in this section alters the obligation of
157.19 any regulated entity to report releases, violations, or other matters that are required to be
157.20 reported by state or federal law, rule, permit, or enforcement action.

157.21 Sec. 100. **[115.035] EXTERNAL PEER REVIEW OF WATER QUALITY**
157.22 **STANDARDS.**

157.23 (a) When the commissioner convenes an external peer review panel during the
157.24 promulgation or amendment of water quality standards, the commissioner must provide
157.25 notice and take public comment on the charge questions for the external peer review
157.26 panel and must allow written and oral public comment as part of the external peer review
157.27 panel process. Documentation of the external peer review panel, including the name or
157.28 names of the peer reviewer or reviewers must be included in the statement of need and
157.29 reasonableness for the water quality standard. If the commissioner does not convene
157.30 an external peer review panel during the promulgation or amendment of water quality
157.31 standards, the commissioner must state the reason an external peer review panel will not
157.32 be convened in the statement of need and reasonableness.

157.33 (b) By December 15 each year, the commissioner shall post on the agency's Web
157.34 site a report identifying the water quality standards development work in progress or

158.1 completed in the past year, the lead agency scientist for each development effort, and
158.2 opportunities for public input.

158.3 Sec. 101. Minnesota Statutes 2014, section 115.44, is amended by adding a subdivision
158.4 to read:

158.5 Subd. 9. **Annual report.** (a) By January 15 each year, the commissioner shall
158.6 post on the Pollution Control Agency's Web site a report on the agency's activities
158.7 the previous calendar year to implement standards and classification requirements into
158.8 national pollutant discharge elimination system and state disposal system permits held by
158.9 municipalities. The report must include:

158.10 (1) a summary of permits issued or reissued over the previous calendar year,
158.11 including any changes to permitted effluent limits due to water quality standards adopted
158.12 or revised during the previous permit term;

158.13 (2) highlights of innovative approaches employed by the agency and municipalities
158.14 to develop and achieve permit requirements in a cost-effective manner;

158.15 (3) a summary of standards development and water quality rulemaking activities
158.16 over the previous calendar year, including economic analyses;

158.17 (4) a summary of standards development and water quality rulemaking activities
158.18 anticipated for the next three years, including economic analyses;

158.19 (5) a process and timeframe for municipalities to provide input to the agency
158.20 regarding their needs based on the information provided in the report; and

158.21 (6) a list of anticipated permitting initiatives in the next calendar year that may
158.22 impact municipalities and the agency's plan for involving the municipalities throughout
158.23 the planning and decision making process. The plan must include opportunities for input
158.24 and public comment from municipalities on rulemaking initiatives prior to preparation of
158.25 a statement of need and reasonableness required under section 14.131. The commissioner
158.26 must ensure the agency's plan under this clause is implemented.

158.27 (b) For the purposes of this section, "economic analyses" must include assessments
158.28 of the potential costs to regulated municipalities associated with water quality standards
158.29 or rules proposed by the agency.

158.30 Sec. 102. Minnesota Statutes 2014, section 115.55, subdivision 1, is amended to read:

158.31 Subdivision 1. **Definitions.** (a) The definitions in this subdivision apply to sections
158.32 115.55 to 115.56.

158.33 (b) "Advisory committee" means the Advisory Committee on Subsurface Sewage
158.34 Treatment Systems established under the subsurface sewage treatment system rules. The

159.7 sewage treatment system rules.

159.8 (d) "Building sewer connected to a subsurface sewage treatment system" means the
159.9 pipe that connects a structure to a subsurface sewage treatment system. Building sewers
159.10 connected to subsurface sewage treatment systems are codefined as both plumbing and
159.11 subsurface sewage treatment system components.

159.12 ~~(d)~~ (e) "City" means a statutory or home rule charter city.

159.13 ~~(e)~~ (f) "Commissioner" means the commissioner of the Pollution Control Agency.

159.16 ~~(g)~~ (h) "Subsurface sewage treatment system" or "system" means a sewage treatment
159.17 system, or part thereof, that uses subsurface soil treatment and disposal, or a holding tank,
159.18 serving a dwelling, other establishment, or a group thereof, and that does not require a
159.19 state permit. Subsurface sewage treatment system includes a building sewer connected
159.20 to a subsurface sewage treatment system.

159.21 ~~(h)~~ (i) "Subsurface sewage treatment system professional" means an inspector,
159.22 installer, designer, service provider, or maintainer.

159.23 ~~(i)~~ (j) "Subsurface sewage treatment system rules" means rules adopted by the
159.24 agency that establish minimum standards and criteria for the design, location, installation,
159.25 use, maintenance, and closure of subsurface sewage treatment systems.

159.26 ~~(j)~~ (k) "Inspector" means a person who inspects subsurface sewage treatment
159.27 systems for compliance with the applicable requirements.

159.32 for environmental conditions on a site and is designed to adequately protect the public
159.33 health and the environment and provide consistent, reliable, long-term performance. At a
159.34 minimum, a performance based system must ensure that applicable water quality standards
159.35 are met in both ground and surface water that ultimately receive the treated sewage.

160.1 ~~(n)~~ (o) "Maintainer " means a person who removes solids and liquids from and
160.2 maintains and repairs components of subsurface sewage treatment systems including, but
160.3 not limited to, sewage, aerobic, and holding tanks.

160.4 ~~(o)~~ (p) "Seasonal dwelling" means a dwelling that is occupied or used for less than
160.5 180 days per year and less than 120 consecutive days.

160.6 ~~(p)~~ (q) "Septic system tank" means any covered receptacle designed, constructed,
160.7 and installed as part of a subsurface sewage treatment system.

160.8 ~~(q)~~ (r) "Designer" means a person who:

160.9 (1) investigates soils and site characteristics to determine suitability, limitations, and
160.10 sizing requirements; and

160.11 (2) designs subsurface sewage treatment systems.

160.12 ~~(r)~~ (s) "Straight-pipe system" means a sewage disposal system that transports raw or
160.13 partially treated sewage directly to a lake, a stream, a drainage system, or ground surface.

160.14 Sec. 103. Minnesota Statutes 2014, section 115.56, subdivision 2, is amended to read:

160.15 Subd. 2. **License required.** (a) Except as provided in paragraph (b), a person may
160.16 not design, install, maintain, pump, inspect, or provide service to a subsurface sewage
160.17 treatment system without a license issued by the commissioner. Licenses issued under this
160.18 section allow work on subsurface sewage treatment systems that do not require a state
160.19 permit using prescriptive designs and design guidances provided by the agency. Licensees
160.20 who design systems using these prescriptive designs and design guidances are not subject
160.21 to the additional licensing requirements of section 326.03.

160.22 (b) A license is not required for a person who complies with the applicable
160.23 requirements if the person is:

160.24 (1) a qualified employee of state or local government who is a certified professional;

160.25 (2) an individual who constructs a subsurface sewage treatment system on land that
160.26 is owned or leased by the individual and functions solely as the individual's dwelling or
160.27 seasonal dwelling, unless specifically disallowed in local ordinance. A person constructing
160.28 a subsurface sewage treatment system under this clause must comply with all local
160.29 administrative and technical requirements. In addition, the system must be inspected
160.30 before being covered and a compliance report must be provided to the local unit of
160.31 government after the inspection;

160.32 (3) a farmer who pumps and disposes of sewage waste from subsurface sewage
160.33 treatment systems, holding tanks, and privies on land that is owned or leased by the
160.34 farmer; or

161.1 (4) an individual who performs labor or services for a licensed business under this
161.2 section in connection with the design, installation, operation, pumping, or inspection of a
161.3 subsurface sewage treatment system at the direction and under the personal supervision of
161.4 a person certified under this section.

161.5 (c) The commissioner, in conjunction with the University of Minnesota Extension
161.6 Service or another higher education institution, shall ensure adequate training and design
161.7 guidance exists for subsurface sewage treatment system certified professionals.

161.8 (d) The commissioner shall conduct examinations to test the knowledge of applicants
161.9 for certification and shall issue documentation of certification.

161.10 (e) Licenses may be issued only upon submission of general liability insurance, a
161.11 corporate surety bond in the amount of at least ~~\$10,000~~ \$25,000, and the name of the
161.12 individual who will be the designated certified individual for that business. The bond may
161.13 be for both plumbing work and subsurface sewage treatment work if the bond complies
161.14 with the requirements of this section and satisfies the requirements and references
161.15 identified in section 326B.46, subdivision 2.

161.16 (f) Local units of government may not require additional local licenses for
161.17 subsurface sewage treatment system businesses.

161.18 (g) No other professional license under section 326.03 is required to design, install,
161.19 maintain, inspect, or provide service for a subsurface sewage treatment system that does
161.20 not require a state permit using prescriptive designs and design guidances provided by
161.21 the agency if the system designer, installer, maintainer, inspector, or service provider
161.22 is licensed under this subdivision and the local unit of government has not adopted
161.23 additional requirements.

161.24 Sec. 104. Minnesota Statutes 2014, section 115A.03, subdivision 25a, is amended to
161.25 read:

161.26 Subd. 25a. **Recyclable materials.** "Recyclable materials" means materials that are
161.27 separated from mixed municipal solid waste for the purpose of recycling or composting,
161.28 including paper, glass, plastics, metals, automobile oil, batteries, ~~and~~ source-separated
161.29 compostable materials, and sole source food waste streams that are managed through
161.30 biodegradative processes. Refuse-derived fuel or other material that is destroyed by
161.31 incineration is not a recyclable material.

161.32 Sec. 105. Minnesota Statutes 2014, section 115A.03, subdivision 32a, is amended to
161.33 read:

162.1 Subd. 32a. **Source-separated compostable materials.** "Source-separated
162.2 compostable materials" means materials that:

162.3 (1) are separated at the source by waste generators for the purpose of preparing
162.4 them for use as compost;

162.5 (2) are collected separately from mixed municipal solid waste, and are governed by
162.6 the licensing provisions of section 115A.93;

162.7 (3) are comprised of food wastes, fish and animal waste, plant materials, diapers,
162.8 sanitary products, and paper that is not recyclable because the commissioner has
162.9 determined that no other person is willing to accept the paper for recycling;

162.10 (4) are delivered to a facility to undergo controlled microbial degradation to yield
162.11 a humus-like product meeting the agency's class I or class II, or equivalent, compost
162.12 standards and where process ~~residues~~ rejects do not exceed 15 percent by weight of the
162.13 total material delivered to the facility; and

162.14 (5) may be delivered to a transfer station, mixed municipal solid waste processing
162.15 facility, or recycling facility only for the purposes of composting or transfer to a
162.16 composting facility, unless the commissioner determines that no other person is willing
162.17 to accept the materials.

162.18 Sec. 106. Minnesota Statutes 2014, section 115A.1314, subdivision 1, is amended to
162.19 read:

162.20 Subdivision 1. **Registration fee.** (a) Each manufacturer who registers under section
162.21 115A.1312 must, by September 1, 2007, and each year thereafter, pay to the commissioner
162.22 of revenue an annual registration fee. The commissioner of revenue must deposit the fee
162.23 in the state treasury and credit the fee to the environmental fund.

162.24 (b) The registration fee is equal to a base fee of \$2,500, plus a variable recycling
162.25 fee calculated according to the formula:

162.26 $((A \times B) - (C + D)) \times E$, where:

162.27 (1) A = the number of pounds of a manufacturer's video display devices sold to
162.28 households during the previous program year, as reported to the department under section
162.29 115A.1316, subdivision 1;

162.30 (2) B = the proportion of sales of video display devices required to be recycled, set at
162.31 0.6 for the first program year and 0.8 for the second program year and every year thereafter;

162.32 (3) C = the number of pounds of covered electronic devices recycled by a
162.33 manufacturer from households during the previous program year, as reported to the
162.34 department under section 115A.1316, subdivision 1;

163.1 (4) D = the number of recycling credits a manufacturer elects to use to calculate the
163.2 variable recycling fee, as reported to the department under section 115A.1316, subdivision
163.3 1; and

163.4 (5) E = the estimated per-pound cost of recycling, initially set at \$0.50 per pound for
163.5 manufacturers who recycle less than 50 percent of the product (A x B); \$0.40 per pound
163.6 for manufacturers who recycle at least 50 percent but less than 90 percent of the product
163.7 (A x B); and \$0.30 per pound for manufacturers who recycle at least 90 percent but less
163.8 than 100 percent of the product (A x B).

163.9 (c) If, as specified in paragraph (b), the term $C - (A \times B)$ equals a positive number of
163.10 pounds, that amount is defined as the manufacturer's recycling credits. A manufacturer
163.11 may retain recycling credits to be added, in whole or in part, to the actual value of C, as
163.12 reported under section 115A.1316, subdivision 2, during any succeeding program year,
163.13 provided that no more than 25 percent of a manufacturer's obligation (A x B) for any
163.14 program year may be met with recycling credits generated in a prior program year. A
163.15 manufacturer may sell any portion or all of its recycling credits to another manufacturer, at
163.16 a price negotiated by the parties, who may use the credits in the same manner.

163.17 (d) For the purpose of calculating a manufacturer's variable recycling fee under
163.18 paragraph (b), the weight of covered electronic devices collected from households located
163.19 outside the 11-county metropolitan area, as defined in subdivision 2, paragraph (c), is
163.20 calculated at 1.5 times their actual weight.

163.21 (e) The registration fee for the initial program year and the base registration fee
163.22 thereafter for a manufacturer who produces fewer than 100 video display devices for sale
163.23 annually to households is \$1,250.

163.24 (f) For the ninth program year, the agency shall publish a statewide recycling goal of
163.25 16,000,000 pounds.

163.26 (g) For the ninth program year, the agency shall determine each registered
163.27 manufacturer's market share of video display devices to be collected and recycled based
163.28 on the manufacturer's percentage share of the total weight of video display devices sold
163.29 as reported to the department for the eighth program year as reported to the agency by
163.30 July 15, 2015. By July 30, 2015, the agency shall provide each manufacturer with a
163.31 determination of its share of video display devices to be collected and recycled, which
163.32 is the quotient of the total weight of the manufacturer's video display devices sold to
163.33 households in the eighth program year, divided by the total weight of all manufacturers'
163.34 video display devices sold to households in this state based on reporting to the agency for
163.35 the eighth program year, then applied proportionally to the statewide recycling goal of
163.36 16,000,000 pounds as specified in paragraph (f).

164.1 (h) If a manufacturer's obligation for the recycling of video display devices as
164.2 determined in paragraph (b), clauses (1) and (2), by weight is higher than the obligation
164.3 determined by the agency in paragraph (g), then the higher number is the obligation for
164.4 program year nine.

164.5 (i) For the ninth program year, a manufacturer that did not report sales data to the
164.6 department for the eighth or ninth program years shall be subject to a recycling obligation
164.7 that is equal to 80 percent by weight of the manufacturer's video display devices sold
164.8 to households.

164.9 Sec. 107. Minnesota Statutes 2014, section 115A.1415, subdivision 16, is amended to
164.10 read:

164.11 Subd. 16. **Administrative fee.** (a) The stewardship organization or individual
164.12 producer submitting a stewardship plan shall pay an annual administrative fee to the
164.13 commissioner. The agency may establish a variable fee based on relevant factors,
164.14 including, but not limited to, the portion of architectural paint sold in the state by members
164.15 of the organization compared to the total amount of architectural paint sold in the state by
164.16 all organizations submitting a stewardship plan.

164.17 (b) Prior to July 1, 2014, and before July 1 annually thereafter, the agency shall
164.18 identify the costs it incurs under this section. The agency shall set the fee at an amount
164.19 that, when paid by every stewardship organization or individual producer that submits a
164.20 stewardship plan, is adequate to reimburse the agency's full costs of administering this
164.21 section. The total amount of annual fees collected under this subdivision must not exceed
164.22 the amount necessary to reimburse costs incurred by the agency to administer this section.

164.23 (c) A stewardship organization or individual producer subject to this subdivision
164.24 must pay the agency's administrative fee under paragraph (a) on or before July 1, 2014,
164.25 and annually thereafter. Each year after the initial payment, the annual administrative fee
164.26 may not exceed five percent of the aggregate stewardship assessment added to the cost of
164.27 all architectural paint sold by producers in the state for the preceding calendar year.

164.28 (d) All fees received under this section shall be deposited in the state treasury and
164.29 credited to a product stewardship account in the special revenue fund. For fiscal years
164.30 ~~2014 and~~ 2015, 2016, and 2017, the amount collected under this section is annually
164.31 appropriated to the agency to implement and enforce this section.

164.32 Sec. 108. Minnesota Statutes 2014, section 115A.551, subdivision 2a, is amended to
164.33 read:

165.1 Subd. 2a. **County recycling goals.** (a) By December 31, 2030, each county will
165.2 have as a goal to recycle the following amounts:

165.3 (1) for a county outside of the metropolitan area, 35 percent by weight of total
165.4 solid waste generation; and

165.5 (2) for a metropolitan county, 75 percent by weight of total solid waste generation.

165.6 (b) Each county will develop and implement or require political subdivisions within
165.7 the county to develop and implement programs, practices, or methods designed to meet its
165.8 recycling goal. Nothing in this section or in any other law may be construed to prohibit a
165.9 county from establishing a higher recycling goal.

165.10 (c) Any quantified recyclable materials that meet the definition in subdivision 1,
165.11 paragraph (a), or section 115A.03, subdivision 25a, are eligible to be counted toward a
165.12 county's recycling goal under this subdivision.

165.13 Sec. 109. Minnesota Statutes 2014, section 115A.557, subdivision 2, is amended to read:

165.14 Subd. 2. **Purposes for which money may be spent.** (a) A county receiving money
165.15 distributed by the commissioner under this section may use the money only for the
165.16 development and implementation of programs to:

165.17 (1) reduce the amount of solid waste generated;

165.18 (2) recycle the maximum amount of solid waste technically feasible;

165.19 (3) create and support markets for recycled products;

165.20 (4) remove problem materials from the solid waste stream and develop proper
165.21 disposal options for them;

165.22 (5) inform and educate all sectors of the public about proper solid waste management
165.23 procedures;

165.24 (6) provide technical assistance to public and private entities to ensure proper solid
165.25 waste management;

165.26 (7) provide educational, technical, and financial assistance for litter prevention;

165.27 (8) process mixed municipal solid waste generated in the county at a resource
165.28 recovery facility located in Minnesota; ~~and~~

165.29 (9) compost source-separated compostable materials, including the provision of
165.30 receptacles for residential composting;

165.31 (10) prevent food waste or collect and transport food donated to humans or to be
165.32 fed to animals; and

165.33 (11) process source-separated compostable materials that are to be used to produce
165.34 Class I or Class II compost, as defined in Minnesota Rules, part 7035.2836, after being
165.35 processed in an anaerobic digester, but not to construct buildings or acquire equipment.

166.1 (b) Beginning in fiscal year 2015 and continuing thereafter, of any money distributed
 166.2 by the commissioner under this section to a metropolitan county, as defined in section
 166.3 473.121, subdivision 4, that exceeds the amount the county was eligible to receive under
 166.4 this section in fiscal year 2014: (1) at least 50 percent must be expended on activities in
 166.5 paragraph (a), ~~elause clauses~~ clauses (9) to (11); and (2) the remainder must be expended on
 166.6 activities in paragraph (a), clauses (1) to (7) and (9) to (11) that advance the county toward
 166.7 achieving its recycling goal under section 115A.551.

166.8 **EFFECTIVE DATE.** This section is effective the day following final enactment.

166.9 Sec. 110. **[115A.565] RECYCLING COMPETITIVE GRANT PROGRAM.**

166.10 **Subdivision 1. Grant program established.** The commissioner shall make
 166.11 competitive grants to political subdivisions to establish curbside recycling or composting,
 166.12 increase recycling or composting, reduce the amount of recyclable materials entering
 166.13 disposal facilities, or reduce the costs associated with hauling waste by locating collection
 166.14 sites as close as possible to the site where the waste is generated. To be eligible for grants
 166.15 under this section, a political subdivision must be located outside the seven-county
 166.16 metropolitan area and a city must have a population of less than 45,000.

166.17 **Subd. 2. Application.** (a) The commissioner must develop forms and procedures
 166.18 for soliciting and reviewing applications for grants under this section.

166.19 (b) The determination of whether to make a grant under this section is within the
 166.20 discretion of the commissioner, subject to subdivision 4. The commissioner's decisions
 166.21 are not subject to judicial review, except for abuse of discretion.

166.22 **Subd. 3. Priorities; eligible projects.** (a) If applications for grants exceed the
 166.23 available appropriations, grants must be made for projects that, in the commissioner's
 166.24 judgment, provide the highest return in public benefits.

166.25 (b) To be eligible to receive a grant, a project must:

166.26 (1) be locally administered;

166.27 (2) have an educational component and measurable outcomes;

166.28 (3) request \$250,000 or less;

166.29 (4) demonstrate local direct and indirect matching support of at least a quarter
 166.30 amount of the grant request; and

166.31 (5) include at least one of the following elements:

166.32 (i) transition to residential recycling through curbside or centrally located collection
 166.33 sites;

166.34 (ii) development of local recycling systems to support curbside recycling; or

167.1 (iii) development or expansion of local recycling systems to support recycling bulk
167.2 materials, including, but not limited to, electronic waste.

167.3 Subd. 4. **Cancellation of grant.** If a grant is awarded under this section and
167.4 funds are not encumbered for the grant within four years after the award date, the grant
167.5 must be canceled.

167.6 Sec. 111. Minnesota Statutes 2014, section 115A.93, subdivision 1, is amended to read:

167.7 Subdivision 1. **License and registration required; reporting.** (a) A person may
167.8 not collect mixed municipal solid waste for hire without a license from the jurisdiction
167.9 where the mixed municipal solid waste is collected. The local licensing entity shall submit
167.10 a list of licensed collectors to the agency.

167.11 (b) A person may not collect recyclable materials for hire unless registered with the
167.12 agency. If a person is licensed under paragraph (a), the person need not register with
167.13 the agency under this paragraph.

167.14 (c) The agency, in consultation with the Solid Waste Management Coordinating
167.15 Board, the Association of Minnesota Counties, the Minnesota Solid Waste Administrators
167.16 Association, and representatives from the waste industry shall, by July 1, 2016, develop
167.17 uniform short and long reporting forms that will reduce duplicative reporting to
167.18 governmental units by collectors of solid waste and recyclable materials.

167.19 (d) A collector of mixed municipal solid waste or recyclable materials shall separately
167.20 report to the agency on an annual basis information including, but not limited to, the
167.21 quantity of mixed municipal solid waste and the quantity of recyclable materials collected:

167.22 (1) from commercial customers;

167.23 (2) from residential customers;

167.24 (3) by county of origin; and

167.25 (4) by destination of the material.

167.26 Sec. 112. Minnesota Statutes 2014, section 115B.34, subdivision 2, is amended to read:

167.27 Subd. 2. **Property damage losses.** (a) Losses compensable by the fund for property
167.28 damage are limited to the following losses caused by damage to the principal residence of
167.29 the claimant:

167.30 (1) the reasonable cost of replacing or decontaminating the primary source of
167.31 drinking water for the property not to exceed the amount actually expended by the
167.32 claimant or assessed by a local taxing authority, if the Department of Health has confirmed
167.33 that the remedy provides safe drinking water and advised that the water not be used for

168.1 drinking or determined that the replacement or decontamination of the source of drinking
168.2 water was necessary, up to a maximum of \$25,000;

168.3 (2) the reasonable cost to install a mitigation system for the claimant's principal
168.4 residence, not to exceed the amount actually expended by the claimant, if the agency has
168.5 recommended such installation to protect human health due to soil vapor intrusion into
168.6 the residence from releases of harmful substances. Reimbursement of eligible claims
168.7 shall not exceed \$25,000;

168.8 ~~(2)~~ (3) losses incurred as a result of a bona fide sale of the property at less than
168.9 the appraised market value under circumstances that constitute a hardship to the owner,
168.10 limited to 75 percent of the difference between the appraised market value and the selling
168.11 price, but not to exceed \$25,000; and

168.12 ~~(3)~~ (4) losses incurred as a result of the inability of an owner in hardship circumstances
168.13 to sell the property due to the presence of harmful substances, limited to the increase in
168.14 costs associated with the need to maintain two residences, but not to exceed \$25,000.

168.15 (b) In computation of the loss under paragraph (a), clause ~~(3)~~ (4), the agency shall
168.16 offset the loss by the amount of any income received by the claimant from the rental
168.17 of the property.

168.18 (c) For purposes of paragraph (a), the following definitions apply:

168.19 (1) "appraised market value" means an appraisal of the market value of the property
168.20 disregarding any decrease in value caused by the presence of a harmful substance in
168.21 or on the property; and

168.22 (2) "hardship" means an urgent need to sell the property based on a special
168.23 circumstance of the owner including catastrophic medical expenses, inability of the owner
168.24 to physically maintain the property due to a physical or mental condition, and change of
168.25 employment of the owner or other member of the owner's household requiring the owner
168.26 to move to a different location.

168.27 (d) Appraisals are subject to agency approval. The agency may adopt rules
168.28 governing approval of appraisals, criteria for establishing a hardship, and other matters
168.29 necessary to administer this subdivision.

168.30 Sec. 113. Minnesota Statutes 2014, section 115B.48, is amended by adding a
168.31 subdivision to read:

168.32 Subd. 9. **Owner or operator.** "Owner or operator" means a person who:

168.33 (1) owns or has owned a dry cleaning facility; or

168.34 (2) owns or owned real property on which a dry cleaning facility operates or operated.

169.1 **EFFECTIVE DATE.** This section is effective only upon enactment of a transfer
169.2 of \$743,000 in fiscal year 2017 from the general fund to the dry cleaner environmental
169.3 response and reimbursement account for reimbursement of remediation costs by persons
169.4 other than responsible parties, as specified in article 3, section 2, subdivision 4.

169.5 Sec. 114. Minnesota Statutes 2014, section 116.02, subdivision 1, is amended to read:

169.6 Subdivision 1. **Creation.** A pollution control agency, designated as the Minnesota
169.7 Pollution Control Agency, is hereby created. ~~The agency shall consist of the commissioner~~
169.8 ~~and eight members appointed by the governor, by and with the advice and consent of the~~
169.9 ~~senate. One of such members shall be a person knowledgeable in the field of agriculture~~
169.10 ~~and one shall be representative of organized labor.~~

169.11 Sec. 115. Minnesota Statutes 2014, section 116.02, subdivision 5, is amended to read:

169.12 Subd. 5. **Agency is successor to commission.** The Pollution Control Agency is
169.13 the successor of the Water Pollution Control Commission, and all powers and duties
169.14 now vested in or imposed upon said commission by chapter 115, or any act amendatory
169.15 thereof or supplementary thereto, are hereby transferred to, imposed upon, and vested in
169.16 the Minnesota commissioner of the Pollution Control Agency, ~~except as to those matters~~
169.17 ~~pending before the commission in which hearings have been held and evidence has been~~
169.18 ~~adduced. The Water Pollution Commission shall complete its action in such pending~~
169.19 ~~matters not later than six months from May 26, 1967. The Water Pollution Control~~
169.20 ~~Commission, as heretofore constituted, is hereby abolished, (a) effective upon completion~~
169.21 ~~of its action in the pending cases, as hereinbefore provided for; or (b) six months from~~
169.22 ~~May 26, 1967, whichever is the earlier.~~

169.23 Sec. 116. Minnesota Statutes 2014, section 116.03, subdivision 1, is amended to read:

169.24 Subdivision 1. **Office.** (a) The Office of Commissioner of the Pollution Control
169.25 Agency is created and is under the supervision and control of the commissioner, who is
169.26 appointed by the governor under the provisions of section 15.06.

169.27 (b) The commissioner may appoint a deputy commissioner and assistant
169.28 commissioners who shall be in the unclassified service.

169.29 (c) The commissioner shall make all decisions on behalf of the agency ~~that are not~~
169.30 ~~required to be made by the agency under section 116.02.~~

169.31 Sec. 117. Minnesota Statutes 2014, section 116.03, subdivision 2a, is amended to read:

170.1 Subd. 2a. **Mission; efficiency.** It is part of the agency's mission that within the
 170.2 agency's resources the commissioner ~~and the members of the agency~~ shall endeavor to:

170.3 (1) prevent the waste or unnecessary spending of public money;

170.4 (2) use innovative fiscal and human resource practices to manage the state's
 170.5 resources and operate the agency as efficiently as possible;

170.6 (3) coordinate the agency's activities wherever appropriate with the activities of
 170.7 other governmental agencies;

170.8 (4) use technology where appropriate to increase agency productivity, improve
 170.9 customer service, increase public access to information about government, and increase
 170.10 public participation in the business of government;

170.11 (5) utilize constructive and cooperative labor-management practices to the extent
 170.12 otherwise required by chapters 43A and 179A;

170.13 (6) report to the legislature on the performance of agency operations and the
 170.14 accomplishment of agency goals in the agency's biennial budget according to section
 170.15 16A.10, subdivision 1; and

170.16 (7) recommend to the legislature appropriate changes in law necessary to carry out
 170.17 the mission and improve the performance of the agency.

170.18 Sec. 118. Minnesota Statutes 2014, section 116.07, subdivision 4d, is amended to read:

170.19 Subd. 4d. **Permit fees.** (a) The agency may collect permit fees in amounts not greater
 170.20 than those necessary to cover the reasonable costs of developing, reviewing, and acting
 170.21 upon applications for agency permits and implementing and enforcing the conditions of
 170.22 the permits pursuant to agency rules. Permit fees shall not include the costs of litigation.
 170.23 The fee schedule must reflect reasonable and routine direct and indirect costs associated
 170.24 with permitting, implementation, and enforcement. The agency may impose an additional
 170.25 enforcement fee to be collected for a period of up to two years to cover the reasonable costs
 170.26 of implementing and enforcing the conditions of a permit under the rules of the agency.
 170.27 Any money collected under this paragraph shall be deposited in the environmental fund.

170.28 (b) Notwithstanding paragraph (a), the agency shall collect an annual fee from
 170.29 the owner or operator of all stationary sources, emission facilities, emissions units, air
 170.30 contaminant treatment facilities, treatment facilities, potential air contaminant storage
 170.31 facilities, or storage facilities subject to ~~the requirement to obtain a permit~~ a notification,
 170.32 permit, or license requirement under ~~subchapter~~ this chapter, subchapters I and V of
 170.33 the federal Clean Air Act, United States Code, title 42, section 7401 et seq., or section
 170.34 ~~116.081~~ or rules adopted thereunder. The annual fee shall be used to pay for all direct
 170.35 and indirect reasonable costs, including ~~attorney general~~ legal costs, required to develop

171.1 and administer the notification, permit, or license program requirements of ~~subchapter~~
171.2 this chapter, subchapters I and V of the federal Clean Air Act, United States Code, title
171.3 42, section 7401 et seq., and sections of this chapter and the or rules adopted under
171.4 ~~this chapter related to air contamination and noise~~ thereunder. Those costs include the
171.5 reasonable costs of reviewing and acting upon an application for a permit; implementing
171.6 and enforcing statutes, rules, and the terms and conditions of a permit; emissions, ambient,
171.7 and deposition monitoring; preparing generally applicable regulations; responding to
171.8 federal guidance; modeling, analyses, and demonstrations; preparing inventories and
171.9 tracking emissions; and providing information to the public about these activities.

171.10 (c) The agency shall set fees that:

171.11 (1) will result in the collection, in the aggregate, from the sources listed in paragraph
171.12 (b), of an amount not less than \$25 per ton of each volatile organic compound; pollutant
171.13 regulated under United States Code, title 42, section 7411 or 7412 (section 111 or 112
171.14 of the federal Clean Air Act); and each pollutant, except carbon monoxide, for which a
171.15 national primary ambient air quality standard has been promulgated;

171.16 (2) may result in the collection, in the aggregate, from the sources listed in paragraph
171.17 (b), of an amount not less than \$25 per ton of each pollutant not listed in clause (1) that is
171.18 regulated under this chapter or air quality rules adopted under this chapter; and

171.19 (3) shall collect, in the aggregate, from the sources listed in paragraph (b), the
171.20 amount needed to match grant funds received by the state under United States Code, title
171.21 42, section 7405 (section 105 of the federal Clean Air Act).

171.22 The agency must not include in the calculation of the aggregate amount to be collected
171.23 under clauses (1) and (2) any amount in excess of 4,000 tons per year of each air pollutant
171.24 from a source. The increase in air permit fees to match federal grant funds shall be a
171.25 surcharge on existing fees. The commissioner may not collect the surcharge after the grant
171.26 funds become unavailable. In addition, the commissioner shall use nonfee funds to the
171.27 extent practical to match the grant funds so that the fee surcharge is minimized.

171.28 (d) To cover the reasonable costs described in paragraph (b), the agency shall provide
171.29 in the rules promulgated under paragraph (c) for an increase in the fee collected in each year
171.30 by the percentage, if any, by which the Consumer Price Index for the most recent calendar
171.31 year ending before the beginning of the year the fee is collected exceeds the Consumer Price
171.32 Index for the calendar year 1989. For purposes of this paragraph the Consumer Price Index
171.33 for any calendar year is the average of the Consumer Price Index for all-urban consumers
171.34 published by the United States Department of Labor, as of the close of the 12-month period
171.35 ending on August 31 of each calendar year. The revision of the Consumer Price Index that
171.36 is most consistent with the Consumer Price Index for calendar year 1989 shall be used.

172.1 (e) Any money collected under paragraphs (b) to (d) must be deposited in the
172.2 environmental fund and must be used solely for the activities listed in paragraph (b).

172.3 (f) Permit applicants who wish to construct, reconstruct, or modify a facility may
172.4 offer to reimburse the agency for the costs of staff time or consultant services needed to
172.5 expedite the permit development process, including the analysis of environmental review
172.6 documents. The reimbursement shall be in addition to permit application fees imposed by
172.7 law. When the agency determines that it needs additional resources to develop the permit
172.8 application in an expedited manner, and that expediting the development is consistent with
172.9 permitting program priorities, the agency may accept the reimbursement. Reimbursements
172.10 accepted by the agency are appropriated to the agency for the purpose of developing
172.11 the permit or analyzing environmental review documents. Reimbursement by a permit
172.12 applicant shall precede and not be contingent upon issuance of a permit; shall not affect
172.13 the agency's decision on whether to issue or deny a permit, what conditions are included
172.14 in a permit, or the application of state and federal statutes and rules governing permit
172.15 determinations; and shall not affect final decisions regarding environmental review.

172.16 (g) The fees under this subdivision are exempt from section 16A.1285.

172.17 Sec. 119. Minnesota Statutes 2014, section 116.07, subdivision 4j, is amended to read:

172.18 Subd. 4j. **Permits; solid waste facilities.** (a) The agency may not issue a permit
172.19 for new or additional capacity for a mixed municipal solid waste resource recovery or
172.20 disposal facility as defined in section 115A.03 unless each county using or projected in
172.21 the permit to use the facility has in place a solid waste management plan approved under
172.22 section 115A.46 or 473.803 and amended as required by section 115A.96, subdivision 6.
172.23 The agency shall issue the permit only if the capacity of the facility is consistent with the
172.24 needs for resource recovery or disposal capacity identified in the approved plan or plans.
172.25 Consistency must be determined by the Pollution Control Agency. Plans approved before
172.26 January 1, 1990, need not be revised if the capacity sought in the permit is consistent
172.27 with the approved plan or plans.

172.28 (b) The agency shall require as part of the permit application for a waste incineration
172.29 facility identification of preliminary plans for ash management and ash leachate treatment
172.30 or ash utilization. The permit issued by the agency must include requirements for ash
172.31 management and ash leachate treatment.

172.32 (c) Within 180 days of receipt of a completed application, the agency shall approve,
172.33 disapprove, or delay decision on the application, with reasons for the delay, in writing.

172.34 (d) The agency may not issue a permit for a new disposal facility, as defined in
172.35 section 115A.03, subdivision 10, or a permit to expand an existing disposal facility unless:

173.1 (1) all local units of government in which the facility is to be sited and exercising
 173.2 their respective land use and zoning authority pursuant to chapter 366, 494, or 462 have
 173.3 granted approval for and provided any required public notices of the new or expanded
 173.4 facility prior to the issuance of the permit;

173.5 (2) all local units of government in which the facility is to be sited and exercising
 173.6 their respective land use and zoning authority pursuant to chapter 366, 494, or 462 have
 173.7 authorized the permit to be issued prior to or concurrent with the required approval by
 173.8 the local unit of government; or

173.9 (3) the new or expanded facility is part of and will be sited on land already identified
 173.10 in an approved solid waste management plan as described in paragraph (a).

173.11 (e) The commissioners of the Pollution Control Agency and natural resources shall
 173.12 apply Minnesota Rules, parts 7001.3050, subpart 3, item G, and 7035.2525, subpart 2,
 173.13 item G, to solid waste facilities permitted under and in compliance with those rules and in
 173.14 compliance with Minnesota Rules, chapter 6132.

173.15 **EFFECTIVE DATE.** This section is effective the day following final enactment.

173.16 Sec. 120. Minnesota Statutes 2014, section 116.07, subdivision 7, is amended to read:

173.17 **Subd. 7. Counties; processing of applications for animal lot permits.** Any
 173.18 Minnesota county board may, by resolution, with approval of the Pollution Control
 173.19 Agency, assume responsibility for processing applications for permits required by the
 173.20 Pollution Control Agency under this section for livestock feedlots, poultry lots or other
 173.21 animal lots. The responsibility for permit application processing, if assumed by a county,
 173.22 may be delegated by the county board to any appropriate county officer or employee.

173.23 (a) For the purposes of this subdivision, the term "processing" includes:

173.24 (1) the distribution to applicants of forms provided by the Pollution Control Agency;

173.25 (2) the receipt and examination of completed application forms, and the certification,
 173.26 in writing, to the Pollution Control Agency either that the animal lot facility for which a
 173.27 permit is sought by an applicant will comply with applicable rules and standards, or, if
 173.28 the facility will not comply, the respects in which a variance would be required for the
 173.29 issuance of a permit; and

173.30 (3) rendering to applicants, upon request, assistance necessary for the proper
 173.31 completion of an application.

173.32 (b) For the purposes of this subdivision, the term "processing" may include, at the
 173.33 option of the county board, issuing, denying, modifying, imposing conditions upon, or
 173.34 revoking permits pursuant to the provisions of this section or rules promulgated pursuant
 173.35 to it, subject to review, suspension, and reversal by the Pollution Control Agency. The

174.1 Pollution Control Agency shall, after written notification, have 15 days to review, suspend,
174.2 modify, or reverse the issuance of the permit. After this period, the action of the county
174.3 board is final, subject to appeal as provided in chapter 14. For permit applications filed
174.4 after October 1, 2001, section 15.99 applies to feedlot permits issued by the agency or a
174.5 county pursuant to this subdivision.

174.6 (c) For the purpose of administration of rules adopted under this subdivision, the
174.7 commissioner and the agency may provide exceptions for cases where the owner of a
174.8 feedlot has specific written plans to close the feedlot within five years. These exceptions
174.9 include waiving requirements for major capital improvements.

174.10 (d) For purposes of this subdivision, a discharge caused by an extraordinary natural
174.11 event such as a precipitation event of greater magnitude than the 25-year, 24-hour event,
174.12 tornado, or flood in excess of the 100-year flood is not a "direct discharge of pollutants."

174.13 (e) In adopting and enforcing rules under this subdivision, the commissioner shall
174.14 cooperate closely with other governmental agencies.

174.15 (f) The Pollution Control Agency shall work with the Minnesota Extension Service,
174.16 the Department of Agriculture, the Board of Water and Soil Resources, producer groups,
174.17 local units of government, as well as with appropriate federal agencies such as the Natural
174.18 Resources Conservation Service and the Farm Service Agency, to notify and educate
174.19 producers of rules under this subdivision at the time the rules are being developed and
174.20 adopted and at least every two years thereafter.

174.21 (g) The Pollution Control Agency shall adopt rules governing the issuance and
174.22 denial of permits for livestock feedlots, poultry lots or other animal lots pursuant to this
174.23 section. Pastures are exempt from the rules authorized under this paragraph. A feedlot
174.24 permit is not required for livestock feedlots with more than ten but less than 50 animal
174.25 units; provided they are not in shoreland areas. A livestock feedlot permit does not
174.26 become required solely because of a change in the ownership of the buildings, grounds,
174.27 or feedlot. These rules apply both to permits issued by counties and to permits issued
174.28 by the Pollution Control Agency directly.

174.29 (h) The Pollution Control Agency shall exercise supervising authority with respect

175.25 feeding operation under Code of Federal Regulations, title 40, section 122.23, in effect on
175.26 April 15, 2003, the agency may not require a feedlot operator:

175.27 (1) to spend more than \$3,000 to upgrade an existing feedlot with less than 300
175.28 animal units unless cost-share money is available to the feedlot operator for 75 percent of
175.29 the cost of the upgrade; or

175.30 (2) to spend more than \$10,000 to upgrade an existing feedlot with between 300

175.33 (q) For the purposes of this section, "pastures" means areas, including winter feeding
175.34 areas as part of a grazing area, where grass or other growing plants are used for grazing
175.35 and where the concentration of animals allows a vegetative cover to be maintained during
175.36 the growing season except that vegetative cover is not required:

- 176.1 (1) in the immediate vicinity of supplemental feeding or watering devices;
- 176.2 (2) in associated corrals and chutes where livestock are gathered for the purpose of
- 176.3 sorting, veterinary services, loading and unloading trucks and trailers, and other necessary

- 176.8 of private truck wash wastewater resulting from trucks that transport animals or supplies
- 176.9 to and from the feedlot does not require a permit to land-apply industrial by-products
- 176.10 if the feedlot operator stores and applies the wastewater in accordance with Pollution
- 176.11 Control Agency requirements for land applications of industrial by-product that do not
- 176.12 require a permit.
- 176.13 (s) A feedlot operator who holds a permit from the Pollution Control Agency to
- 176.14 land-apply industrial by-products from a private truck wash is not required to have a
- 176.15 certified land applicator apply the private truck wash wastewater if the wastewater is
- 176.16 applied by the feedlot operator to cropland owned or leased by the feedlot operator or
- 176.17 by a commercial animal waste technician licensed by the commissioner of agriculture
- 176.18 under chapter 18C.
- 176.19 For purposes of this paragraph and paragraph (r), "private truck wash" means a truck
- 176.20 washing facility owned or leased, operated, and used only by a feedlot operator to wash
- 176.21 trucks owned or leased by the feedlot operator and used to transport animals or supplies
