70.24 Sec. 9. Minnesota Statutes 2022, section 174.24, subdivision 3b, is amended to read:

70.25 Subd. 3b. **Operating assistance; recipient classifications.** ~~(a) The commissioner shall~~
70.26 ~~determine the total operating cost of any public transit system receiving or applying for~~

70.28 ~~financial assistance, an applicant or recipient shall provide to the commissioner all financial~~
70.29 ~~records and other information and shall permit any inspection reasonably necessary to~~
70.30 ~~determine total operating cost and correspondingly the amount of assistance that may be~~
70.31 ~~paid to the applicant or recipient. Where more than one county or municipality contributes~~

71.1 ~~assistance to the operation of a public transit system, the commissioner shall identify one~~
 71.2 ~~as lead agency for the purpose of receiving money under this section.~~

71.3 ~~(b)~~ (a) Prior to distributing operating assistance to eligible recipients for any contract
 71.4 period, the commissioner ~~shall~~ must place all recipients into one of the following
 71.5 classifications: large urbanized area service, small urban urbanized area service, rural area
 71.6 service, and elderly and disabled service, and complementary paratransit service (ADA).

71.7 ~~(e)~~ (b) The commissioner ~~shall~~ must distribute ~~funds~~ the operating assistance amount
 71.8 under this section so that the percentage of total contracted operating cost from local sources
 71.9 paid by any recipient from local sources will not exceed the following percentage for that
 71.10 recipient's classification, except as provided in this subdivision. The percentages must be:

71.11 (1) for urbanized area service and small urban area service, 20 percent;

71.12 (2) for rural area service, 15 percent; and

 71.14 percent.

71.15 ~~Except as provided in a United States Department of Transportation program allowing or~~
 71.16 ~~requiring a lower percentage to be paid from local sources, the remainder of the recipient's~~
 71.17 ~~total contracted operating cost will be paid from state sources of funds less any assistance~~
 71.18 ~~received by the recipient from the United States Department of Transportation.~~

71.19 ~~(d)~~ (c) For purposes of this subdivision, "local sources" means all local sources of funds
 71.20 and includes all operating revenue, tax levies, and contributions from public funds, ~~except~~
 71.21 ~~that the commissioner may exclude from the total assistance contract revenues derived from~~
 71.22 ~~operations the cost of which is excluded from the computation of total operating cost.~~

71.23 ~~(e)~~ (d) If a recipient informs the commissioner in writing after the establishment of these
 71.24 percentages but prior to the distribution of financial assistance for any year that paying its
 71.25 designated percentage of ~~total operating cost~~ the operating assistance amount from local
 71.26 sources will cause undue hardship, the commissioner may reduce the percentage to be paid
 71.27 from local sources by the recipient and increase the percentage to be paid from local sources
 71.28 by one or more other recipients inside or outside the classification. However, the
 71.29 commissioner may not reduce or increase any recipient's percentage under this paragraph
 71.30 for more than two years successively. If for any year the funds appropriated to the
 71.31 commissioner to carry out the purposes of this section are insufficient to allow the
 71.32 commissioner to pay the state share of ~~total operating cost~~ the operating assistance amount

72.1 as provided in this paragraph, the commissioner ~~shall~~ must reduce the state share in each
72.2 classification to the extent necessary.

72.3 Sec. 10. Minnesota Statutes 2022, section 174.24, subdivision 3c, is amended to read:

72.4 Subd. 3c. **Nonoperating assistance.** The commissioner ~~shall~~ must determine the total
72.5 cost of any planning and engineering design, capital assistance, other capital expenditures,
72.6 and other assistance for public transit services that furthers the purposes of section 174.21
72.7 for any public transit system receiving or applying for the assistance in accordance with
72.8 generally accepted accounting principles. The percentage of local sources paid by any
72.9 recipient must not exceed 20 percent of the awarded amount. To be eligible for
72.10 non-operating-cost financial assistance, an applicant or recipient ~~shall~~ must provide to the
72.11 commissioner all financial records and other information and ~~shall~~ must permit any inspection
72.12 reasonably necessary to determine total cost and the amount of assistance that may be paid
72.13 to the applicant or recipient. When more than one county or municipality contributes
72.14 assistance to the operation of a public transit system, the commissioner ~~shall~~ must identify
72.15 one as a lead agency for the purpose of receiving money under this section. The commissioner
72.16 has the sole discretion to determine the amount of state funds distributed to any recipient
72.17 for non-operating-cost assistance.

72.18 Sec. 11. Minnesota Statutes 2022, section 174.247, is amended to read:

72.19 **174.247 ANNUAL TRANSIT REPORT.**

72.20 (a) By February 15 annually, the commissioner ~~shall~~ must submit a report to the

72.28 (4) data that identifies use of volunteers in providing transit service;

72.29 (5) financial data that identifies for each public transit system and for each transit system
72.30 classification under section 174.24, subdivision 3b:

72.31 (i) the operating and capital costs;

- 73.1 (ii) each of the funding sources used to provide financial assistance; and
- 73.2 (iii) for federal funds, the amount from each specific federal program under which
73.3 funding is provided;
- 73.4 (6) a summary of the differences in program implementation requirements and aid
73.5 recipient eligibility between federal aid and state sources of funds; and
- 73.6 (7) ~~in each odd-numbered year~~, an analysis of public transit system needs and operating
73.7 expenditures on an annual basis, which must include a methodology for identifying monetary
73.8 needs, and calculations of:
- 73.9 (i) the total monetary needs for all public transit systems, for the year of the report and
73.10 the ensuing five years;
- 73.11 (ii) the total expenditures from local sources for each transit system classification;
- 73.12 (iii) the comprehensive transit assistance percentage for each transit system classification,
73.13 which equals (A) the expenditures identified under item (ii), for a transit system classification,
73.14 divided by (B) the amounts identified under subitem (A), plus the sum of state sources of
73.15 funds plus federal funds provided to all transit systems in that classification; and
- 73.16 (iv) the amount of surplus or insufficient funds available for paying capital and operating
73.17 costs to fully implement the greater Minnesota transit investment plan under section 174.24,
73.18 subdivision 1a.

73.19 **Sec. 12. REPEALER.**

73.20 (a) Minnesota Statutes 2022, sections 174.22, subdivisions 5 and 15; and 174.23,

CONFORMING CHANGES

74.3 Section 1. Minnesota Statutes 2023 Supplement, section 256B.0625, subdivision 17, is
74.4 amended to read:

74.5 Subd. 17. **Transportation costs.** (a) "Nonemergency medical transportation service"
74.6 means motor vehicle transportation provided by a public or private person that serves
74.7 Minnesota health care program beneficiaries who do not require emergency ambulance
74.8 service, as defined in section 144E.001, subdivision 3, to obtain covered medical services.

74.9 (b) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means
74.10 a census-tract based classification system under which a geographical area is determined
74.11 to be urban, rural, or super rural.

74.12 (c) Medical assistance covers medical transportation costs incurred solely for obtaining
74.13 emergency medical care or transportation costs incurred by eligible persons in obtaining
74.14 emergency or nonemergency medical care when paid directly to an ambulance company,
74.15 nonemergency medical transportation company, or other recognized providers of
74.16 transportation services. Medical transportation must be provided by:

74.17 (1) nonemergency medical transportation providers who meet the requirements of this
74.18 subdivision;

74.19 (2) ambulances, as defined in section 144E.001, subdivision 2;

74.20 (3) taxicabs that meet the requirements of this subdivision;

74.21 (4) public transit, within the meaning of "public transportation" as defined in section
74.22 174.22, subdivision 7; or

74.23 (5) not-for-hire vehicles, including volunteer drivers, as defined in section 65B.472,
74.24 subdivision 1, paragraph (h).

74.25 (d) Medical assistance covers nonemergency medical transportation provided by
74.26 nonemergency medical transportation providers enrolled in the Minnesota health care
74.27 programs. All nonemergency medical transportation providers must comply with the
74.28 operating standards for special transportation service as defined in sections 174.29 to 174.30
74.29 and Minnesota Rules, chapter 8840, and all drivers must be individually enrolled with the
74.30 commissioner and reported on the claim as the individual who provided the service. All
74.31 nonemergency medical transportation providers shall bill for nonemergency medical
74.32 transportation services in accordance with Minnesota health care programs criteria. Publicly

75.1 operated transit systems, volunteers, and not-for-hire vehicles are exempt from the
75.2 requirements outlined in this paragraph.

75.3 (e) An organization may be terminated, denied, or suspended from enrollment if:

75.4 (1) the provider has not initiated background studies on the individuals specified in
75.5 section 174.30, subdivision 10, paragraph (a), clauses (1) to (3); or

75.6 (2) the provider has initiated background studies on the individuals specified in section
75.7 174.30, subdivision 10, paragraph (a), clauses (1) to (3), and:

75.8 (i) the commissioner has sent the provider a notice that the individual has been
75.9 disqualified under section 245C.14; and

75.10 (ii) the individual has not received a disqualification set-aside specific to the special
75.11 transportation services provider under sections 245C.22 and 245C.23.

75.12 (f) The administrative agency of nonemergency medical transportation must:

75.13 (1) adhere to the policies defined by the commissioner;

75.14 (2) pay nonemergency medical transportation providers for services provided to
75.15 Minnesota health care programs beneficiaries to obtain covered medical services;

75.16 (3) provide data monthly to the commissioner on appeals, complaints, no-shows, canceled
75.17 trips, and number of trips by mode; and

75.18 (4) by July 1, 2016, in accordance with subdivision 18e, utilize a web-based single
75.19 administrative structure assessment tool that meets the technical requirements established
75.20 by the commissioner, reconciles trip information with claims being submitted by providers,
75.21 and ensures prompt payment for nonemergency medical transportation services.

75.22 (g) Until the commissioner implements the single administrative structure and delivery
75.23 system under subdivision 18e, clients shall obtain their level-of-service certificate from the
75.24 commissioner or an entity approved by the commissioner that does not dispatch rides for
75.25 clients using modes of transportation under paragraph (l), clauses (4), (5), (6), and (7).

75.26 (h) The commissioner may use an order by the recipient's attending physician, advanced
75.27 practice registered nurse, physician assistant, or a medical or mental health professional to
75.28 certify that the recipient requires nonemergency medical transportation services.

75.29 Nonemergency medical transportation providers shall perform driver-assisted services for
75.30 eligible individuals, when appropriate. Driver-assisted service includes passenger pickup
75.31 at and return to the individual's residence or place of business, assistance with admittance

76.1 of the individual to the medical facility, and assistance in passenger securement or in securing
76.2 of wheelchairs, child seats, or stretchers in the vehicle.

76.3 (i) Nonemergency medical transportation providers must take clients to the health care
76.4 provider using the most direct route, and must not exceed 30 miles for a trip to a primary
76.5 care provider or 60 miles for a trip to a specialty care provider, unless the client receives
76.6 authorization from the local agency.

76.7 (j) Nonemergency medical transportation providers may not bill for separate base rates
76.8 for the continuation of a trip beyond the original destination. Nonemergency medical
76.9 transportation providers must maintain trip logs, which include pickup and drop-off times,
76.10 signed by the medical provider or client, whichever is deemed most appropriate, attesting
76.11 to mileage traveled to obtain covered medical services. Clients requesting client mileage
76.12 reimbursement must sign the trip log attesting mileage traveled to obtain covered medical
76.13 services.

76.14 (k) The administrative agency shall use the level of service process established by the
76.15 commissioner to determine the client's most appropriate mode of transportation. If public
76.16 transit or a certified transportation provider is not available to provide the appropriate service
76.17 mode for the client, the client may receive a onetime service upgrade.

76.18 (l) The covered modes of transportation are:

76.19 (1) client reimbursement, which includes client mileage reimbursement provided to
76.20 clients who have their own transportation, or to family or an acquaintance who provides
76.21 transportation to the client;

76.22 (2) volunteer transport, which includes transportation by volunteers using their own
76.23 vehicle;

76.24 (3) unassisted transport, which includes transportation provided to a client by a taxicab
76.25 or public transit. If a taxicab or public transit is not available, the client can receive
76.26 transportation from another nonemergency medical transportation provider;

76.27 (4) assisted transport, which includes transport provided to clients who require assistance
76.28 by a nonemergency medical transportation provider;

76.29 (5) lift-equipped/ramp transport, which includes transport provided to a client who is
76.30 dependent on a device and requires a nonemergency medical transportation provider with
76.31 a vehicle containing a lift or ramp;

76.32 (6) protected transport, which includes transport provided to a client who has received
76.33 a prescreening that has deemed other forms of transportation inappropriate and who requires

77.1 a provider: (i) with a protected vehicle that is not an ambulance or police car and has safety
77.2 locks, a video recorder, and a transparent thermoplastic partition between the passenger and
77.3 the vehicle driver; and (ii) who is certified as a protected transport provider; and

77.4 (7) stretcher transport, which includes transport for a client in a prone or supine position
77.5 and requires a nonemergency medical transportation provider with a vehicle that can transport
77.6 a client in a prone or supine position.

77.7 (m) The local agency shall be the single administrative agency and shall administer and
77.8 reimburse for modes defined in paragraph (l) according to paragraphs (p) and (q) when the
77.9 commissioner has developed, made available, and funded the web-based single administrative
77.10 structure, assessment tool, and level of need assessment under subdivision 18e. The local
77.11 agency's financial obligation is limited to funds provided by the state or federal government.

77.12 (n) The commissioner shall:

77.13 (1) verify that the mode and use of nonemergency medical transportation is appropriate;

77.14 (2) verify that the client is going to an approved medical appointment; and

77.15 (3) investigate all complaints and appeals.

77.16 (o) The administrative agency shall pay for the services provided in this subdivision and
77.17 seek reimbursement from the commissioner, if appropriate. As vendors of medical care,
77.18 local agencies are subject to the provisions in section 256B.041, the sanctions and monetary
77.19 recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

77.20 (p) Payments for nonemergency medical transportation must be paid based on the client's
77.21 assessed mode under paragraph (k), not the type of vehicle used to provide the service. The
77.22 medical assistance reimbursement rates for nonemergency medical transportation services
77.23 that are payable by or on behalf of the commissioner for nonemergency medical
77.24 transportation services are:

77.25 (1) \$0.22 per mile for client reimbursement;

77.26 (2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer
77.27 transport;

77.28 (3) equivalent to the standard fare for unassisted transport when provided by public
77.29 transit, and \$12.10 for the base rate and \$1.43 per mile when provided by a nonemergency
77.30 medical transportation provider;

77.31 (4) \$14.30 for the base rate and \$1.43 per mile for assisted transport;

77.32 (5) \$19.80 for the base rate and \$1.70 per mile for lift-equipped/ramp transport;

78.1 (6) \$75 for the base rate and \$2.40 per mile for protected transport; and

78.2 (7) \$60 for the base rate and \$2.40 per mile for stretcher transport, and \$9 per trip for
78.3 an additional attendant if deemed medically necessary.

78.4 (q) The base rate for nonemergency medical transportation services in areas defined
78.5 under RUCA to be super rural is equal to 111.3 percent of the respective base rate in
78.6 paragraph (p), clauses (1) to (7). The mileage rate for nonemergency medical transportation
78.7 services in areas defined under RUCA to be rural or super rural areas is:

78.8 (1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage
78.9 rate in paragraph (p), clauses (1) to (7); and

78.10 (2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage
78.11 rate in paragraph (p), clauses (1) to (7).

78.12 (r) For purposes of reimbursement rates for nonemergency medical transportation services
78.13 under paragraphs (p) and (q), the zip code of the recipient's place of residence shall determine
78.14 whether the urban, rural, or super rural reimbursement rate applies.

78.15 (s) The commissioner, when determining reimbursement rates for nonemergency medical
78.16 transportation under paragraphs (p) and (q), shall exempt all modes of transportation listed
78.17 under paragraph (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

78.18 (t) Effective for the first day of each calendar quarter in which the price of gasoline as
78.19 posted publicly by the United States Energy Information Administration exceeds \$3.00 per
78.20 gallon, the commissioner shall adjust the rate paid per mile in paragraph (p) by one percent
78.21 up or down for every increase or decrease of ten cents for the price of gasoline. The increase
78.22 or decrease must be calculated using a base gasoline price of \$3.00. The percentage increase
78.23 or decrease must be calculated using the average of the most recently available price of all
78.24 grades of gasoline for Minnesota as posted publicly by the United States Energy Information
78.25 Administration.

Subp. 5. **Charter revenue.** "Charter revenue" includes reimbursement for charter service received in association with publicly funded transit service, providing that charter service rates are developed so that cost recovery equals or exceeds the full cost of providing the charter service.

Subp. 6. **Auxiliary revenue.** "Auxiliary revenue" means revenue earned from an activity closely associated with the transit operation, including revenue received from an advertising service, delivery, a lease, and station and vehicle concessions.

Subp. 7. **Other financial assistance.** "Other financial assistance" includes revenue earned from an activity not associated with the provision of the recipient's transit service but which is applied to help cover the system's costs, including tax levies, a federal cash grant, senior citizen fare assistance, investment income, and any general donation.

8835.0320 CAPITAL ASSISTANCE.

Subpart 1. **Budget.** An applicant seeking financial assistance for capital costs shall include in its budget a description of the vehicle, facility, or equipment desired, its cost and the reason for the request.

Subp. 2. **Criteria.** The department shall use the following criteria to evaluate requests for capital assistance:

A. the extent to which the request maintains public transit services, promotes safety, and promotes efficient operations;

B. the extent to which accessibility is enhanced; and

C. the availability of local share money.

Subp. 3. **Allocation formula.** The department shall determine the amount of capital assistance for the public transit participation program according to the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c. Except as provided in subparts 4 and 5, the department shall fund 80 percent of the capital costs approved by the department under the public transit participation program. The recipient shall provide the remaining 20 percent of the approved capital costs from local sources.

Subp. 4. **Program deviation from allocation formula.** Under the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c, the department may establish a capital assistance allocation formula that deviates from the formula established in subpart 3. In setting this formula, the department must consider all relevant conditions relating to funding the public transit participation program.

Subp. 5. **Individual exception to allocation formula.** The department may deviate from the capital assistance allocation formula for an exceptional circumstance. A recipient that seeks capital assistance from the public transit participation program in an amount greater than the allocation formula, established under subpart 3 or 4, must make a written request to the department that includes:

A. a detailed description of the exceptional circumstance that is the basis of the written request; and

B. a resolution from the governing body that the request is due to an exceptional circumstance.

The department shall consider a request for an individual exception to the allocation formula after assessing the nature of the exceptional circumstance, balancing the request against other requests from recipients for capital assistance, and considering the assurance provided by the governing body that the circumstance that gave rise to the request is exceptional.

Subp. 6. **Vehicle replacement or disposition.** The department shall determine financial assistance to a public transit system to replace, refurbish, or dispose of a vehicle based on the condition of the vehicle and the availability of funds.

Subp. 7. **Contract.** The financial assistance contract between the department and the recipient must specify the maximum amount of capital assistance to be allocated to the

recipient and the terms and conditions of assistance. The department shall determine the actual amount of capital assistance based on the availability of funds.

8835.0330 CONTRACT FOR FINANCIAL ASSISTANCE.

Subpart 1. **Content.** The financial assistance contract is a cost reimbursement contract that is based on the total operating cost in part 8835.0280. The contract must specify the maximum amount of financial assistance to be awarded to the recipient by the department and state the terms and conditions of assistance. The management plan must be incorporated into the contract as a legal part of the contract document. A resolution by the governing body, as provided in part 8835.0250, subpart 5, must be included with the contract.

Subp. 3. **Penalties.** If a recipient fails to comply with the terms and conditions of the contract, the department may withhold payment at any time or may terminate the financial assistance contract upon 30 days' written notice.

Subp. 4. **Amendments.** A recipient or the department may initiate an amendment to the contract. Before implementation, an amendment must be fully executed by the parties to the original contract, or their successors.

8835.0350 FINANCIAL RECORDS.

Subpart 1. **Records.** A recipient and any third party contractor shall maintain their financial records in accordance with generally accepted accounting principles. The records must permit audit verification of transit cost allocations claimed during the contract period. The recipient and any third party contractor also shall keep records on miles and hours of service and passenger trips. Records must be kept available for a period of six years from the date of final payment or the expiration date of the contract, whichever occurs first.

Subp. 3. **Audits.** The financial records of the recipient must be audited. They may be audited by the department or the department may accept all or part of the audit of an independent auditor instead of a departmental audit if the audit meets department standards. In addition to chapter 8835, department audits must be based on the contract cost principles and procedures in Code of Federal Regulations, title 48, chapter 1, part 31, and Office of Management and Budget Circular, Number A-87 and Number A-122, as amended. The financial records of a subcontractor may be audited at the department's discretion. The department shall submit year-end financial statements to the department auditor by April 15 of the year following the period covered by the financial assistance contract. Audits at the end of a contract period must establish approved total operating costs. New recipients are subject to a preaward audit before contract execution and fund encumbrance. As provided by Minnesota Statutes, section 16C.05, subdivision 5, the records, books, documents, and accounting practices of the recipient and of any third party contractor relating to the contract are subject to audit and examination by the department and the legislative auditor during working hours. If the department determines it has overpaid a recipient on a previous contract, the department may reduce payments under the current contract by the amount of overpayment.

Subp. 4. **Project monitoring.** The department shall use the management plan required under part 8835.0260 as a basis for monitoring and evaluating the performance of the public transit system during the contract period. Public transit policy decisions made by the recipient and actions taken during the contract period must conform with the management plan. A proposed deviation from the management plan must be reported to the department and approval secured in writing before implementation. Approval will be granted if it is clearly documented that the proposed deviation will not increase overall project costs. Failure to secure approval jeopardizes continued financial assistance.

Subp. 5. **Reserve account.** If a public transit system generates operating revenue in excess of the recipient's local share amount, the recipient shall deposit the excess into a reserve account to be used for approved operating expenses that are not covered by the contract or for part of the local share of capital expenses of the transit system. The recipient
