23 the state committee shall appoint from among the legal voters of each new  
24 school district created the number of school board members specified in  
25 the plan of reorganization. A reorganized school district shall be formed  
26 and organized and shall have a school board not later than April 1  
27 following the last legal action, as prescribed in section 79-450,  
28 necessary to effect the changes in boundaries as set forth in the plan of

6 even-numbered year following their appointment and the terms of the  
7 remaining members shall expire on the first Thursday after the first

16 fee, holder of a school land lease under section 72-232, or entrant upon  
17 government land who has not yet received a patent therefor may file a  
18 petition on or before June 1 for all other years with a board consisting  
19 of the county assessor, county clerk, and county treasurer, asking to  
20 have any tract or tracts of land described in the petition set off from  
21 an existing school district in which the land is situated and attached to  
22 a different school district which is contiguous to such tract or tracts  
23 of land if:

24 (a)(i) The school district in which the land is situated is a Class  
25 I, II, or III school district which has had an average daily membership  
26 in grades nine through twelve of less than sixty for the two consecutive  
27 school fiscal years immediately preceding the filing of the petition;

28 (ii) Such Class I, II, or III school district has voted pursuant to  
29 section 77-3444 to exceed the maximum levy established pursuant to  
30 subdivision (2)(a) of section 77-3442, which vote is effective for the  
31 school fiscal year in which the petition is filed or for the following

1 school fiscal year;

2 (iii) The high school in such Class I, II, or III school district is  
3 within fifteen miles on a maintained public highway or maintained public  
4 road of another public high school; and

5 (iv) Neither school district is a member of a learning community; or

6 (b) Except as provided in subsection (7) of this section, the school  
7 district in which the land is situated, regardless of the class of school  
8 district, has approved a budget for the school fiscal year in which the  
9 petition is filed that will cause the combined levies for such school  
10 fiscal year, except levies for bonded indebtedness approved by the voters  
11 of such school district and levies for the refinancing of such bonded  
12 indebtedness, to exceed the greater of (i) one dollar and twenty cents  
13 per one hundred dollars of taxable valuation of property subject to the  
14 levy or (ii) the maximum levy authorized by a vote pursuant to section  
15 77-3444.

16 For purposes of determining whether a tract of land is contiguous,  
17 all petitions currently being considered by the board shall be considered  
18 together as a whole.

19 (2) The petition shall state the reasons for the proposed change and  
20 shall show with reference to the land of each petitioner: (a) That (i)  
21 the land described in the petition is either owned by the petitioner or  
22 petitioners or that he, she, or they hold a school land lease under  
23 section 72-232, are in possession or constructive possession as vendee  
24 under a contract of sale of the fee simple interest, or have made an  
25 entry on government land but have not yet received a patent therefor and  
26 (ii) such tract of land includes all such contiguous land owned or  
27 controlled by each petitioner; (b) that the conditions of subdivision (1)  
28 (a) or (1)(b) of this section have been met; and (c) that such petition  
29 is approved by a majority of the members of the school board of the  
30 district to which such land is sought to be attached.

31 (3) The petition shall be verified by the oath of each petitioner.

1 Notice of the filing of the petition and of the hearing on such petition  
2 before the board constituted as prescribed in subsection (1) or (4) of  
3 this section shall be given at least ten days prior to the date of such  
4 hearing by one publication in a legal newspaper of general circulation in  
5 each district and by posting a notice on the outer door of the  
6 schoolhouse in each district affected thereby, and such notice shall  
7 designate the territory to be transferred. Following the filing of a  
8 petition pursuant to this section, such board shall hold a public hearing  
9 on the petition and shall approve or disapprove the petition on or before  
10 July 15 following the filing of the petition based on a determination of  
11 whether the petitioner has complied with all requirements of this  
12 section. If such board approves the petition, such board shall change the  
13 boundaries of the school districts so as to set off the land described in  
14 the petition and attach it to such district pursuant to the petition with  
15 an effective date of August 15 following the filing of the petition,  
16 which actions shall cause such transfer to be in effect for levies set  
17 for the year in which such transfer takes effect.

18 (4) Petitions requesting transfers of property across county lines  
19 shall be addressed jointly to the county clerks of the counties  
20 concerned, and the petitions shall be acted upon by the county assessors,  
21 county clerks, and county treasurers of the counties involved as one  
22 board, with the county clerk of the county from which the land is sought  
23 to be transferred acting as chairperson of the board.

24 (5) Appeals may be taken from the action of such board or, when such  
25 board fails to act on the petition, on or before August 1 following the  
26 filing of the petition, to the district court of the county in which the  
27 land is located on or before August 10 following the filing of the  
28 petition, in the same manner as appeals are now taken from the action of  
29 the county board in the allowance or disallowance of claims against the  
30 county. If an appeal is taken from the action of the board approving the  
31 petition or failing to act on the petition, the transfer shall occur

1 effective August 15 following the filing of the petition, which actions  
2 shall cause such transfer to be in effect for levies set for the year in  
3 which such transfer takes effect, unless action by the district court  
4 prevents such transfer.

5 (6) This section does not apply to any school district located on an  
6 Indian reservation and substantially or totally financed by the federal  
7 government.

8 (7) For school districts that have approved a budget for school  
9 fiscal year 2007-08 that will cause the combined levies, except levies  
10 for bonded indebtedness approved by the voters of the school district and  
11 levies for the refinancing of such bonded indebtedness, to exceed the  
12 greater of (a) one dollar and twenty cents per one hundred dollars of  
13 taxable valuation of property subject to the levy or (b) the maximum levy  
14 authorized by a vote pursuant to section 77-3444, the school boards of  
15 such school districts may adopt a binding resolution stating that the  
16 combined levies, except levies for bonded indebtedness approved by the  
17 voters of the school district and levies for the refinancing of such  
18 bonded indebtedness, for school fiscal year 2008-09 shall not exceed the  
19 greater of (i) one dollar and twenty cents per one hundred dollars of  
20 taxable valuation of property subject to the levy or (ii) the maximum  
21 levy authorized by a vote pursuant to section 77-3444. On or before May  
22 9, 2008, such binding resolutions shall be filed with the Auditor of  
23 Public Accounts and the county assessors, county clerks, and county  
24 treasurers for all counties in which the school district has territory.  
25 If such binding resolution is filed on or before May 9, 2008, land shall  
26 not be set off and attached to another district pursuant to subdivision  
27 (2)(b) of this section in 2008.

28 (8) Nothing in this section shall be construed to detach obligations  
29 for voter-approved bonds from any tract of land.

30 Sec. 14. Section 79-470, Revised Statutes Cumulative Supplement,  
31 2022, is amended to read:

1           79-470 (1) No district shall contract for the instruction of all of  
2 its pupils with another a ~~Class III, IV, or V~~ school district for more  
3 than two consecutive years.

4           (2) The State Committee for the Reorganization of School Districts  
5 shall dissolve and attach to a neighboring school district or districts  
6 any school district which, for two consecutive years, contracts for the  
7 instruction of all of its pupils with another a ~~Class III, IV, or V~~  
8 school district.

9           (3) The dissolution of any school district pursuant to this section  
10 shall be effected in the manner prescribed in section 79-498. When such  
11 dissolution would create extreme hardships on the pupils or the school  
12 district affected, the State Board of Education may, on application by  
13 the school board of the school district, waive the dissolution of the  
14 school district on an annual basis.

15           (4) Nothing in this section shall be construed as an extension of  
16 the limitations on contracting for the instruction of the pupils of a  
17 school district contained in section 79-598.

18           Sec. 15. Section 79-473, Revised Statutes Cumulative Supplement,  
19 2022, is amended to read:

20           79-473 (1) If the territory annexed by a change of boundaries of a  
21 city or village which lies within a Class I, II, or III school district  
22 as provided in section 79-407 has been part of a Class IV or Class V  
23 school district prior to such annexation, a merger of the annexed  
24 territory with the Class I, II, or III school district shall become  
25 effective only if the merger is approved by a majority of the members of  
26 the school board of the Class IV or V school district and a majority of  
27 the members of the school board of the Class I, II, or III school  
28 district within ninety days after the effective date of the annexation  
29 ordinance, except that a merger shall not become effective pursuant to  
30 this section if such merger involves a school district that is a member  
31 of a learning community.

1 (2) Notwithstanding subsection (1) of this section, when territory  
2 which lies within a Class I, II, or III school district or which does not  
3 lie within a Class IV or V school district is annexed by a city or  
4 village pursuant to section 79-407, the affected school board of the city  
5 or village school district and the affected school board or boards  
6 serving the territory subject to the annexation ordinance shall meet  
7 within thirty days after the effective date of the annexation ordinance  
8 if neither school district is a member of a learning community and  
9 negotiate in good faith as to which school district shall serve the  
10 annexed territory and the effective date of any transfer. During the  
11 process of negotiation, the affected boards shall consider the following  
12 criteria:

13 (a) The educational needs of the students in the affected school  
14 districts;

15 (b) The economic impact upon the affected school districts;

16 (c) Any common interests between the annexed or platted area and the  
17 affected school districts and the community which has zoning jurisdiction  
18 over the area; and

19 (d) Community educational planning.

20 If no agreement has been reached within ninety days after the  
21 effective date of the annexation ordinance, the territory shall transfer  
22 to the school district of the annexing city or village ten days after the  
23 expiration of such ninety-day period unless an affected school district  
24 petitions the district court within the ten-day period and obtains an  
25 order enjoining the transfer and requiring the boards of the affected  
26 school districts to continue negotiation. The court shall issue the order  
27 upon a finding that the affected board or boards have not negotiated in  
28 good faith based on one or more of the criteria listed in this  
29 subsection. The district court shall require no bond or other surety as a  
30 condition for any preliminary injunctive relief. If no agreement is  
31 reached after such order by the district court and additional

1 negotiations, the annexed territory shall become a part of the school  
2 district of the annexing city or village.

3 (3) Whenever an application for approval of a final plat or replat  
4 is filed for territory which lies within the zoning jurisdiction of a  
5 city of the first or second class and does not lie within the boundaries  
6 of a Class IV or V school district, the boundaries of a school district  
7 that is a member of a learning community, the boundaries of any county in  
8 which a city of the metropolitan class is located, or the boundaries of  
9 any county that has a contiguous border with a city of the metropolitan  
10 class, the affected school board of the school district within the city  
11 of the first or second class or its representative and the affected board  
12 or boards serving the territory subject to the final plat or replat or  
13 their representative shall meet within thirty days after such application  
14 and negotiate in good faith as to which school district shall serve the  
15 platted or replatted territory and the effective date of any transfer  
16 based upon the criteria prescribed in subsection (2) of this section.

17 If no agreement has been reached prior to the approval of the final  
18 plat or replat, the territory shall transfer to the school district of  
19 the city of the first or second class upon the filing of the final plat  
20 unless an affected school district petitions the district court within  
21 ten days after approval of the final plat or replat and obtains an order  
22 enjoining the transfer and requiring the affected boards to continue  
23 negotiation. The court shall issue the order upon a finding that the  
24 affected board or boards have not negotiated in good faith based on one  
25 or more of the criteria listed in subsection (2) of this section. The  
26 district court shall require no bond or other surety as a condition for  
27 any preliminary injunctive relief. If no agreement is reached after such  
28 order by the district court and additional negotiations, the platted or  
29 replatted territory shall become a part of the school district of the  
30 city of the first or second class.

31 For purposes of this subsection, plat and replat apply only to (a)

1 vacant land, (b) land under cultivation, or (c) any plat or replat of  
2 land involving a substantive change in the size or configuration of any  
3 lot or lots.

4 (4) Notwithstanding any other provisions of this section, all  
5 negotiated agreements relative to boundaries or to real or personal  
6 property of school districts reached by the affected school boards shall  
7 be valid and binding, except that such agreements shall not be binding on  
8 reorganization plans pursuant to the Learning Community Reorganization  
9 Act.

10 Sec. 16. Section 79-474, Reissue Revised Statutes of Nebraska, is  
11 amended to read:

12 79-474 Whenever an existing school district or a part thereof is  
13 merged into a Class I, II, or III school district under the provisions of  
14 section 79-407 or 79-473, the property included in such school district  
15 or part thereof which is merged into the Class I, II, or III school  
16 district shall continue to be liable for any bonded indebtedness incurred  
17 by the school district of which it was a part prior to such merger and  
18 the property included in such school district or part thereof which is  
19 merged into the Class I, II, or III school district shall not be liable  
20 for any bonded indebtedness incurred by the Class I, II, or III school  
21 district prior to such merger.

22 Sec. 17. Section 79-475, Reissue Revised Statutes of Nebraska, is  
23 amended to read:

24 79-475 Whenever an existing school district, or a part thereof, is  
25 merged into a Class I, II, III, or IV school district under the  
26 provisions of section 79-407, 79-408, or 79-473, such merger shall be  
27 effective on July 1 immediately following the effective date of the  
28 change of city or village boundaries which caused the merger pursuant to  
29 section 79-407, 79-408, or 79-473.

30 Sec. 18. Section 79-499, Revised Statutes Cumulative Supplement,  
31 2022, is amended to read:

1           79-499 (1) If the fall school district membership or the average  
2 daily membership of an existing Class I, II, or III school district shows  
3 fewer than forty-five students in grades kindergarten through twelve, the  
4 district shall submit a plan for developing cooperative programs with  
5 other school districts, including the sharing of curriculum and  
6 certificated and noncertificated staff, to the State Committee for the  
7 Reorganization of School Districts. The cooperative program plan shall be  
8 submitted by the school district by September 1 of the year following  
9 such fall school district membership or average daily membership report.  
10 A cooperative program plan shall not be required if there is no school  
11 within fifteen miles from such district on a reasonably improved highway.  
12 The state committee shall review the plan and provide advice and  
13 communication to such school district and other school districts.

14           (2) If for two consecutive years the fall school district  
15 membership, or for two consecutive years the average daily membership, of  
16 an existing Class I, II, or III school district is fewer than forty-five  
17 students in grades kindergarten through twelve as determined by the  
18 Commissioner of Education, such school district shall, except as provided  
19 in subsection (3) of this section, be dissolved pursuant to the  
20 procedures described in subdivision (3)(b) of this section through the  
21 order of the state committee if the school district is within fifteen  
22 miles on a reasonably improved highway of another school.

23           This subsection does not apply to any school district located on an  
24 Indian reservation and substantially or totally financed by the federal  
25 government.

26           (3)(a) Any Class I, II, or III school district which is the only  
27 public school district in the county and which has a fall school district  
28 membership or an average daily membership of fewer than forty-five  
29 students in grades kindergarten through twelve shall be subject to this  
30 subsection until such school district reaches a fall school district  
31 membership or an average daily membership in grades kindergarten through

1 twelve of at least forty-five students or such school district dissolves.  
2 Such school district may continue to operate if:

3 (i) The plan submitted pursuant to subsection (1) of this section  
4 provides a broad-based curriculum as determined by the state committee;  
5 and

6 (ii) At a districtwide election held the second Tuesday of November  
7 by whatever means the county conducts balloting, in the second  
8 consecutive school year that the fall school district membership for  
9 grades kindergarten through twelve is fewer than forty-five students, a  
10 majority of voters approve a ballot issue to continue to operate the  
11 school district for the immediately following four school years. If such  
12 ballot issue succeeds and the school district remains subject to this  
13 subsection, such school board or board of education shall conduct a  
14 public hearing and, after receiving testimony at the public hearing, vote  
15 whether to continue to operate the school district every four years  
16 thereafter. If such ballot issue or such vote of the school board or  
17 board of education fails, the school district shall be dissolved pursuant  
18 to the procedures described in subdivision (3)(b) of this section.

19 (b) The state committee shall dissolve the school district and  
20 attach the territory to other school districts based on the preferences  
21 of each landowner if such preference is provided in the time and manner  
22 required by the state committee and would transfer such parcels to a  
23 school district with a boundary contiguous to the school district being  
24 dissolved. Landowners submitting such preferences shall sign a statement  
25 that the district of preference is the district which children who might  
26 reside on the property, at the time of the dissolution or in the future,  
27 would be expected to attend. For property for which a preference is not  
28 provided in the time and manner required by the state committee, the  
29 state committee shall transfer such property to one or more of the school  
30 districts with boundaries contiguous to the district being dissolved in a  
31 manner that will best serve children who might reside on such property,

1 at the time of the dissolution or in the future, and that will, to the  
2 extent possible, create compact and contiguous districts.

3 (4) For purposes of this section, when calculating fall school  
4 district membership or average daily membership, a resident school  
5 district as defined in section 79-233 shall not count students attending  
6 an option district as defined in such section and a Class I, II, or III  
7 school district shall not count foreign exchange students and nonresident  
8 students who are wards of the court or state.

9 Sec. 19. Section 79-4,108, Revised Statutes Cumulative Supplement,  
10 2022, is amended to read:

11 79-4,108 (1) Unified system means two or more Class I, II, or III  
12 school districts participating in an interlocal agreement under the  
13 Interlocal Cooperation Act with approval from the State Committee for the  
14 Reorganization of School Districts. The interlocal agreement shall  
15 provide:

16 (a) For a minimum term of three school years;

17 (b) That all property tax and state aid resources shall be shared by  
18 the unified system;

19 (c) That a board composed of school board members, with at least one  
20 school board member from each district, shall determine the general fund  
21 levy, within the limitations placed on school districts and multiple-  
22 district school systems pursuant to section 77-3442, to be applied in all  
23 participating districts and shall determine the distribution of property  
24 tax and state aid resources within the unified system. For purposes of  
25 section 77-3442, the multiple-district school system shall include all of  
26 the districts participating in the unified system;

27 (d) That certificated staff will be employees of the unified system.  
28 For any certificated staff employed by the unified system, tenure and  
29 seniority as of the effective date of the interlocal agreement shall be  
30 transferred to the unified system and tenure and seniority provisions  
31 shall continue in the unified system except as provided in sections

1 79-850 to 79-858. If a district withdraws from the unified system or if  
2 the interlocal agreement expires and is not renewed, certificated staff  
3 employed by a participating district immediately prior to the unification  
4 shall be reemployed by the original district and tenure and seniority as  
5 of the effective date of the withdrawal or expiration shall be  
6 transferred to the original district. The certificated staff hired by the  
7 unified system but not employed by a participating district immediately  
8 prior to the unification shall be subject to the reduction-in-force  
9 policy of the unified system;

10 (e) That the participating districts shall pay obligations of the  
11 unified system pursuant to sections 79-850 to 79-858 on a pro rata basis  
12 based on the adjusted valuations if a district withdraws from the unified  
13 system or if the interlocal agreement expires and is not renewed; and

14 (f) The permissible method or methods for accomplishing the partial  
15 or complete termination of the interlocal agreement and for disposing of  
16 assets and liabilities upon such partial or complete termination.

17 Additional provisions in the interlocal agreement shall be  
18 determined by the participating districts and shall encourage cooperation  
19 within the unified system.

20 (2) Application for unification shall be made to the state  
21 committee. The application shall contain a copy of the interlocal  
22 agreement signed by the president of each participating school board. The  
23 state committee shall approve or disapprove applications for unification  
24 within forty days after receipt of the application. If the interlocal  
25 agreement complies with subsection (1) of this section and all school  
26 boards of the participating districts have approved the interlocal  
27 agreement, the state committee shall approve the application. Unification  
28 agreements shall be effective on June 1 following approval from the state  
29 committee for status as a unified system or on the date specified in the  
30 interlocal agreement, except that the date shall be on or after June 1  
31 and on or before September 1 for a specified year. The board established

1 in the interlocal agreement may begin meeting any time after the  
2 application has been approved by the state committee.

3 (3) Upon granting the application for unification, the State  
4 Department of Education shall recognize the unified system as a single  
5 Class I, II, or III district for state aid, budgeting, accreditation,  
6 enrollment of students, state programs, and reporting. Except as  
7 otherwise required by the department, the unified system shall submit a  
8 single report document for each of the reports required of school  
9 districts pursuant to Chapter 79 and shall submit a single budget  
10 document pursuant to the Nebraska Budget Act and sections 13-518 to  
11 13-522.

12 (4) The school districts participating in a unified system shall  
13 retain their separate identities for all purposes except those specified  
14 in this section, and participation in a unified system shall not be  
15 considered a reorganization.

1 district that is a member of a learning community may place before the  
2 legal voters of the school district the issue of whether to begin to have  
3 a caucus for nominations by adopting a resolution to place the issue  
4 before the legal voters and certifying the issue to the election  
5 commissioner or county clerk prior to September 1 for placement on the  
6 ballot at the next statewide general election. The legal voters of the  
7 school district may also have the issue placed on the ballot at the  
8 statewide general election by circulating a petition and gathering the  
9 signatures of the legal voters residing within the school district at  
10 least equal to seven percent of the number of persons registered to vote  
11 in the school district at the last statewide primary election. The  
12 petitions shall be filed with the election commissioner or county clerk  
13 for signature verification on or before August 15 prior to a statewide  
14 general election. If the election commissioner or county clerk determines  
15 that the appropriate number of legal voters signed the petition, he or  
16 she shall place the issue on the ballot for the next statewide general  
17 election. The issue shall not be placed on the ballot again within four  
18 years after voting on the issue at a statewide general election.

19 (2) Any Class I, II, or III school district that nominated school  
20 board members by caucus pursuant to this section as it existed  
21 immediately before July 14, 2006, shall continue such procedure until the  
22 legal voters of the district vote not to continue to have a caucus for  
23 nominations pursuant to subsection (3) of this section. A caucus shall be  
24 held pursuant to subsection (5) of this section not less than seventy  
25 days prior to the holding of the election to nominate two or more  
26 candidates for each vacancy to be voted upon at the election to be held  
27 in conjunction with the statewide primary election pursuant to subsection  
28 (1) of section 32-543. No candidate nominated shall have his or her name  
29 placed upon the ballot for the general election unless, not more than ten  
30 days after his or her nomination, he or she files with the secretary of  
31 the school board a written statement accepting the nomination. The

1 secretary of the school board shall certify the names of the candidates  
2 to the election commissioner or county clerk who shall prepare the  
3 official ballot listing the names as certified and without any area  
4 designation. All legal voters residing within the school district shall

8 nominations by adopting a resolution to place the issue before the legal  
9 voters and certifying the issue to the election commissioner or county  
10 clerk prior to September 1 for placement on the ballot at the next  
11 statewide general election. The legal voters of the school district may  
12 also have the issue placed on the ballot at the statewide general  
13 election by circulating a petition and gathering the signatures of the  
14 legal voters residing within the school district at least equal to seven

16 district at the last statewide primary election. The petitions shall be  
17 filed with the election commissioner or county clerk for signature  
18 verification on or before August 15 prior to a statewide general  
19 election. If the election commissioner or county clerk determines that  
20 the appropriate number of legal voters signed the petition, he or she  
21 shall place the issue on the ballot for the next statewide general  
22 election. The issue shall not be placed on the ballot again within four  
23 years after voting on the issue at a statewide general election.

24 (4) If the legal voters vote not to continue to have a caucus, the  
25 school board shall determine the number of members to be nominated and  
26 elected as provided in subsection (2) of section 32-543. The terms of the  
27 members in office at the time of the vote shall be extended to the first  
28 Thursday after the first Tuesday in January after the expiration of their  
29 terms. At the first general election following the vote, a number of  
30 members receiving the greatest number of votes shall be elected for a  
31 term of four years and a number of members receiving the next greatest

1 number of votes shall be elected for a term of two years so that  
2 approximately one-half of the school board members are elected every two  
3 years.

4 (5) A school district which uses a caucus for nominations shall  
5 develop rules and procedures for conducting the caucus which will ensure:

6 (a) Publication of the rules and procedures by multiple sources if  
7 necessary so that every resident of the school district has access to  
8 information on the process for placing a name in nomination and voting at  
9 the caucus;

10 (b) Facilities for voting at the caucus which comply with the  
11 federal Americans with Disabilities Act of 1990 and which will  
12 accommodate a reasonably anticipated number of legal voters;

13 (c) Election security which will provide for a fair and impartial  
14 election, including the secrecy of the ballot, one vote per legal voter,  
15 and only legal voters of the school district being allowed to vote;

16 (d) Equal access to all legal voters of the school district,  
17 including the presence of an interpreter at the caucus at the expense of  
18 the school district and ballots for the blind and visually impaired to  
19 provide access to the process by all legal voters of the school district;

20 (e) Adequate time and opportunity for legal voters of the school  
21 district to exercise their right to vote; and

22 (f) Notification of nomination to the candidates and to the  
23 secretary of the school board.

24 The rules and regulations shall be approved by the election  
25 commissioner or county clerk prior to use for a caucus.

26 Sec. 29. Section 79-550, Revised Statutes Cumulative Supplement,  
27 2022, is amended to read:

29 may, by resolution adopted in an odd-numbered year, provide for a change  
30 in the number of members on the school board to a minimum of five members  
31 and a maximum of nine members to be effective at the beginning of the

4 eliminated from the school board;

5 (b) A statement that the change does not take effect until the  
6 beginning of the term of office for school board members elected at the  
7 next statewide general election;

8 (c) If the members are not nominated or elected by district or ward  
9 in the school district:

10 (i) If the change in number adds members to the school board, a  
11 statement of the number of members to be elected at the next statewide  
12 general election, including the members whose terms are expiring and the  
13 additional members, and the number of such members to be elected to four-  
14 year terms and the number of such members to be elected to two-year terms  
15 so that approximately one-half of the total number of members are elected  
16 at each statewide general election. The members receiving the highest  
17 number of votes shall be elected to four-year terms, and the members  
18 receiving the next highest number of votes shall be elected to two-year  
19 terms; and

20 (ii) If the change in number decreases the number of members on the  
21 school board, a statement of the number of members to be elected at the  
22 next statewide general election, if any, and at the subsequent statewide  
23 general election, if necessary, and the number of such members to be  
24 elected at such elections to four-year terms and the number of such  
25 members to be elected at such elections to two-year terms so that  
26 approximately one-half of the total number of members are elected at each  
27 statewide general election. The members receiving the highest number of  
28 votes shall be elected to four-year terms, and the members receiving the  
29 next highest number of votes shall be elected to two-year terms; and

30 (d) If the members are nominated or elected by district or ward in  
31 the school district:

1 (i) The changes to the boundaries of districts or wards;

2 (ii) A statement that the changes to the boundaries are effective  
3 for purposes of nominating or electing, as applicable, members to the  
4 school board beginning with the next statewide primary and general  
5 elections but that the changes in boundaries are not effective for  
6 purposes of representation until the beginning of the term of office for  
7 school board members elected at the next statewide general election;

8 (iii) A statement of which districts or wards, as changed, are on  
9 the ballot at the next statewide primary or general election, as  
10 applicable, and whether the members elected from such districts or wards  
11 are being elected for four-year terms or two-year terms;

12 (iv) A statement specifying the newly established districts which  
13 each member will represent for the remainder of his or her term, if  
14 necessary;

15 (v) If the change in number adds members to the school board, a  
16 statement of the number of members to be elected at the next statewide  
17 general election, including the members whose terms are expiring and the  
18 additional members, and the districts or wards of such members to be  
19 elected to four-year terms and the districts or wards of such members to  
20 be elected to two-year terms so that approximately one-half of the total  
21 number of members are elected at each statewide general election; and

22 (vi) If the change in number decreases the number of members on the  
23 school board, a statement of the number of members to be elected at the  
24 next statewide general election, if any, and at the subsequent statewide  
25 general election, if necessary, and the districts or wards of such  
26 members to be elected at such elections to four-year terms and the  
27 districts or wards of such members to be elected at such elections to  
28 two-year terms so that approximately one-half of the total number of  
29 members are elected at each statewide general election.

30 (2) If the members of the school board of a Class I, II, or III  
31 school district are nominated and elected by district or ward, the board

1 may by resolution provide for the nomination of the members by district  
2 or ward and the election of the members at large. If the members are  
3 nominated by district or ward and elected at large, the board may by  
4 resolution provide for the nomination and election of the members by  
5 district or ward.

6 (3) Any Class I, II, or III school district which has a nine-member

11           (a) When a student attends an elementary school in his or her own  
12 school district and lives more than four miles from such elementary  
13 school as measured by the shortest route that must actually and

25 student's residence. This subdivision does not apply to any elementary-  
26 only school district that merged with a high-school-only school district  
27 to form a new Class I, II, or III school district on or after January 1,  
28 1997, and before June 16, 2006; and

26 from providing transportation to any intradistrict student.

27 (c) For any student who resides within a learning community and  
28 transfers to another school building pursuant to the open enrollment  
29 provisions of section 79-2110 and who had not been accepted for open

6 custodial parent, or guardian of students qualifying for free  
7 transportation pursuant to subsection (1) or (2) of this section shall  
8 equal two hundred eighty-five percent of the mileage rate provided in  
9 section 81-1176, multiplied by each mile actually and necessarily

16 (3) of this section shall be payable as follows:

17 (a) To the parent, custodial parent, or guardian providing  
18 transportation for students from other families, one hundred percent of

21 guardian's own family and an additional five percent for students of each  
22 other family not to exceed a maximum of one hundred twenty-five percent  
23 of the amount determined pursuant to subsection (3) of this section; and

24 (b) To the parent, custodial parent, or guardian not providing  
25 transportation for students of other families, two hundred eighty-five  
26 percent of the mileage rate provided in section 81-1176 multiplied by

28 from the residence of the student to the pick-up point at which students  
29 transfer to the vehicle of a parent, custodial parent, or guardian  
30 described in subdivision (a) of this subsection.

31 (5) When a student who qualifies under the mileage requirements of

1 subsection (1) of this section lives more than three miles from the  
2 location where the student must be picked up and dropped off in order to  
3 access school-provided free transportation, as measured by the shortest  
4 route that must actually and necessarily be traveled by motor vehicle  
5 between his or her residence and such location, such school-provided  
6 transportation shall be deemed partially provided free transportation.  
7 School districts partially providing free transportation shall pay an  
8 allowance to the student's parent or guardian equal to two hundred  
9 eighty-five percent of the mileage rate provided in section 81-1176  
10 multiplied by each mile actually and necessarily traveled, on each day of  
11 attendance, beyond which the one-way distance from the residence of the  
12 student to the location where the student must be picked up and dropped  
13 off exceeds three miles.

14 (6) The board may authorize school-provided transportation to any  
15 student who does not qualify under the mileage requirements of subsection  
16 (1) of this section and may charge a fee to the parent or guardian of the  
17 student for such service. No transportation payments shall be made to a  
18 family for mileage not actually traveled by such family. The number of  
19 days the student has attended school shall be reported monthly by the  
20 teacher to the board of such public school district.

21 (7) No more than one allowance shall be made to a family  
22 irrespective of the number of students in a family being transported to  
23 school.

24 (8) No student shall be exempt from school attendance on account of  
25 distance from the school.

17 any school district may make a determination that an additional property  
18 tax levy is necessary for a specific abatement project to address an  
19 actual or potential environmental hazard, accessibility barrier, life  
20 safety code violation, life safety hazard, school safety infrastructure  
21 concern, or mold which exists within one or more existing school  
22 buildings or the school grounds of existing school buildings controlled  
23 by the school district. Such determination shall not include abatement  
24 projects related to the acquisition of new property, the construction of  
25 a new building, the expansion of an existing building, or the remodeling  
26 of an existing building for purposes other than the abatement of  
27 environmental hazards, accessibility barriers, life safety code  
28 violations, life safety hazards, school safety infrastructure concerns,  
29 or mold. Upon such determination, the school board may, not later than  
30 the date provided in section 13-508, make and deliver to the county clerk  
31 of such county in which any part of the school district is situated an

1 itemized estimate of the amounts necessary to be expended for such  
2 abatement project, any insurance proceeds or other anticipated funds that  
3 will be received by the school district related to the abatement project,  
4 the period of years for which the property tax will be levied for such  
5 project, and the estimated amount of the levy for each year of the period  
6 based on the taxable valuation of the district at the time of issuance.  
7 The period of years for such levy shall not exceed ten years and the levy  
8 for such project when combined with all other levies pursuant to this  
9 section and section 79-10,110 shall not exceed three cents per one  
10 hundred dollars of taxable valuation. Nothing in this section shall  
11 affect levies pursuant to section 79-10,110.

12 (2) The county clerk shall levy such taxes and such taxes shall be  
13 collected by the county treasurer at the same time and in the same manner  
14 as county taxes are collected and when collected shall be paid to the  
15 treasurer of the district. A separate abatement project account shall be  
16 established for each project by the school district. Taxes collected  
17 pursuant to this section shall be credited to the appropriate account to  
18 cover the project costs.

19 (3) For purposes of this section:

20 (a) Abatement includes, but is not limited to, any related  
21 inspection and testing, any maintenance to reduce, lessen, put an end to,  
22 diminish, moderate, decrease, control, dispose of, eliminate, or remove  
23 the issue causing the need for abatement, any related restoration or  
24 replacement of material or property, any related architectural and  
25 engineering services, and any other action to reduce or eliminate the  
26 issue causing the need for abatement in existing school buildings or on  
27 the school grounds of existing school buildings under the board's

5 project, the board may borrow money, establish a sinking fund, and issue  
6 bonds and other evidences of indebtedness of the district, which bonds  
7 and other evidences of indebtedness shall be secured by and payable from  
8 an irrevocable pledge by the district of amounts received in respect of  
9 the tax levy provided for by this section and any other funds of the  
10 district available therefor. Bonds and other evidences of indebtedness  
11 issued by a district pursuant to this subsection shall not constitute a  
12 general obligation of the district or be payable from any portion of its  
13 general fund levy. The total principal amount of bonds for abatement  
14 projects pursuant to this section shall not exceed the total amount  
15 specified in the itemized estimate described in subsection (1) of this  
16 section.

17 (5) A district may exceed the maximum levy of three cents per one  
18 hundred dollars of taxable valuation authorized by this section in any  
19 year in which (a) the taxable valuation of the district is lower than the  
20 taxable valuation in the year in which the district last issued bonds  
21 pursuant to this section and (b) such maximum levy is insufficient to  
22 meet the combined annual principal and interest obligations for all bonds  
23 issued pursuant to this section and section 79-10,110. The amount  
24 generated from a district's levy in excess of three cents per one hundred  
25 dollars of taxable valuation shall not exceed the combined annual  
26 principal and interest obligations for such bonds minus the amount  
27 generated by levying three cents per one hundred dollars of taxable

4 the board. Proceeds of sale of school property sold as provided in this  
5 section may be held separately from other funds of the school district  
6 and may be used for any school purpose as the board may determine,  
7 including, but not limited to, acquiring sites for school buildings or  
8 teacherages and purchasing existing buildings for use as school buildings
