

HOUSE BILL NO. 1279

Introduced by

Representatives Fehr, D. Anderson, Bellew, Hofstad, Seibel

1 A BILL for an Act to create and enact chapter 23-48 of the North Dakota Century Code, relating
2 to a hospital patient's designation of a caretaker to assist with after-care.

3 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

4 **SECTION 1.** Chapter 23-48 of the North Dakota Century Code is created and enacted as
5 follows:

6 **23-48-01. Definitions.**

7 As used in this chapter:

- 8 1. "After-care" means assistance provided by a caregiver to a patient after the patient's
9 release from a hospital. The term may include assisting with behavioral health support
10 services, basic activities of daily living, instrumental activities of daily living, and
11 carrying out medical or nursing tasks, such as managing wound care, assisting in
12 administering medications, and operating medical equipment.
- 13 2. "Caregiver" means an individual duly designated as a caregiver by a patient under this
14 chapter, who provides after-care assistance to a patient in the patient's residence. The
15 term may include a relative, partner, friend, or neighbor or any individual who has a
16 significant relationship with the patient.
- 17 3. "Entry" means a patient's admission to a hospital for the purposes of medical care or
18 behavioral health care.
- 19 4. "Hospital" means a facility licensed under chapter 23-16.
- 20 5. "Release" means a patient's exit or discharge from a hospital to the patient's residence
21 following an inpatient admission.
- 22 6. "Residence" means a dwelling the patient considers to be the patient's home or
23 temporary home. The term does not include a rehabilitation facility, hospital, nursing
24 home, assisted living facility, or group home.

1 **23-48-02. Designation of caregiver.**

2 1. Within twenty-four hours following a patient's entry to a hospital and again before the
3 patient's release or transfer to another hospital or facility, the hospital shall provide
4 each patient or the patient's legal guardian with at least one opportunity to designate
5 at least one caregiver for purposes of this chapter.

6 a. If the patient is unconscious or otherwise incapacitated upon entry to a hospital,
7 within twenty-four hours following the patient's recovery of consciousness or
8 capacity the hospital shall provide such patient or the patient's legal guardian with
9 an opportunity to designate a caregiver for purposes of this chapter.

10 b. If the patient or the patient's legal guardian declines to designate a caregiver
11 under this section, the hospital shall document this in the patient's medical
12 record.

13 c. If the patient or the patient's legal guardian designates an individual as a
14 caregiver:

15 (1) The hospital shall request the written consent of the patient or the patient's
16 legal guardian to release medical information to the patient's caregiver,
17 following the hospital's established procedures for releasing personal health
18 information and in compliance with all federal and state laws. If the patient
19 or the patient's legal guardian declines to consent to release medical
20 information to the patient's caregiver, the hospital is not required under
21 section 23-48-03 to provide notice to the caregiver or to provide information
22 contained in the patient's discharge plan.

23 (2) The hospital shall record in the patient's record the patient's or legal
24 guardian's designation of caregiver; the relationship of the caregiver to the
25 patient; and the name, telephone number, and address of the caregiver.

26 d. A patient or legal guardian may elect to change a caregiver designation at any
27 time. If a patient or legal guardian notifies the hospital of a change in caretaker
28 designation, within twenty-four hours of such notification the hospital shall record
29 this change in the patient's medical record.

30 2. A designation of a caregiver by a patient or a patient's legal guardian under this
31 section does not obligate an individual to perform any after-care tasks for a patient.

1 3. This section may not be construed to require a patient or a patient's legal guardian to
2 designate a caregiver.

3 **23-48-03. Caregiver notice and instruction - Rules.**

4 1. A hospital shall notify the patient's caregiver of the patient's release or transfer to
5 another hospital or facility. This notice may be provided after the patient's physician
6 issues a discharge order and may not be less than four hours before the patient's
7 actual release or transfer to such hospital or facility.

8 2. Before a hospital transfers a patient to another hospital or facility, the transferring
9 hospital shall include in the patient's discharge plan the name and contact information
10 of the caregiver.

11 3. Before a patient's release from a hospital, the hospital shall consult with the caregiver
12 and the patient regarding the caregiver's capabilities and limitations and shall issue a
13 discharge plan that describes a patient's after-care needs at the patient's residence.

14 a. At a minimum, the discharge plan must include:

15 (1) The name and contact information of the caregiver;

16 (2) A description of all after-care tasks necessary to maintain the patient's
17 ability to live at the patient's residence, taking into account the capabilities
18 and limitations of the caregiver; and

19 (3) Contact information for any health care, community resources, and
20 long-term services and supports necessary to successfully carry out the
21 patient's discharge plan.

22 b. The hospital issuing the discharge plan shall provide a caregiver with instruction
23 in all after-care tasks described in the discharge plan.

24 (1) At a minimum, the instruction must include a demonstration of the after-care
25 tasks performed and at the time of the demonstration an opportunity for the
26 caregiver and patient to have questions answered about the after-care
27 tasks.

28 (2) The hospital shall document in the patient's medical record the instruction
29 required under this subsection, including, at a minimum, the date, time, and
30 contents of the instruction.

1 4. The state health council may adopt rules to implement the provisions of this chapter,
2 including rules to further define the content and scope of any instruction provided to a
3 caregiver under this chapter.

4 **23-48-04. Limitations.**

5 1. This chapter may not be construed to interfere with the rights of an agent operating
6 under a valid health care directive under chapter 23-06.5.

7 2. To the extent the unique circumstances of a patient's care require the hospital to vary
8 from complying with provisions of this chapter, that hospital shall document the
9 variance and the efforts made by the hospital to comply with the provisions of this
10 chapter.

11 3. This chapter does not create a private right of action against a hospital, a hospital
12 employee, or an individual with whom a hospital has a contractual relationship and
13 does not supersede or replace exiting rights or remedies under any other provision of
14 law.
