9. If the contract provides that the controlling producer, on insurance business placed with the insurer, is to be compensated contingent upon the insurer's profits on that business, then such compensation shall not be determined and paid until at least five (5) years after the premiums on liability insurance are earned and at least one (1) year after the premiums are earned on any other insurance. In no event shall the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified pursuant to subsection € D of this section;

10. A limit on the controlling producer's writings in relation to the controlled insurer's surplus and total writings. For those licensed in the fourth quarter, the prorated minimum tax is One Thousand Two Hundred Fifty Dollars (\$1,250.00). In the calendar year in which a captive is first licensed or the protected cell is first approved by the Commissioner, if the aggregate taxes to be paid calculated under subsections A and B of this section amount to less than the minimum tax prorated on a quarterly basis, the captive or protected cell shall pay the prorated minimum tax for that calendar year.

I. The tax provided for in this section constitutes all taxes collectible under the laws of this state from a captive insurance company or a protected cell of a sponsored captive insurance company, and no other occupation tax or other taxes may be levied or collected from a captive insurance company by the state or a county, city, or municipality within this state, except ad valorem taxes on real and personal property used in the production of income.
