

114TH CONGRESS  
1ST SESSION

# H. R. 2663

To promote the development of renewable energy on public land, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

JUNE 4, 2015

Mr. GOSAR (for himself, Mr. POLIS, Mr. HECK of Nevada, Mr. THOMPSON of California, Mr. FRANKS of Arizona, Mr. RUIZ, Mr. BENISHEK, Mr. CÁRDENAS, Mr. CARTWRIGHT, Mr. CRAMER, Ms. MICHELLE LUJAN GRISHAM of New Mexico, Mrs. KIRKPATRICK, Mr. LAMALFA, Mr. LOWENTHAL, Mr. BEN RAY LUJÁN of New Mexico, Mr. MCGOVERN, Mr. PEARCE, Mr. SALMON, Mr. SCHWEIKERT, Mr. SIMPSON, Ms. SINEMA, Mr. ZINKE, and Mr. HUFFMAN) introduced the following bill; which was referred to the Committee on Natural Resources, and in addition to the Committee on Agriculture, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

---

## A BILL

To promote the development of renewable energy on public land, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4           (a) SHORT TITLE.—This Act may be cited as the  
5       “Public Land Renewable Energy Development Act of  
6       2015”.

1       (b) TABLE OF CONTENTS.—The table of contents for  
2 this Act is as follows:

## Sec. 1. Short title; table of contents.

## TITLE I—GEOTHERMAL ENERGY

Sec. 101. Extension of funding for implementation of Geothermal Steam Act of 1970.

## TITLE II—DEVELOPMENT OF GEOTHERMAL, SOLAR, AND WIND ENERGY ON PUBLIC LAND

## Subtitle A—Environmental Reviews and Permitting

Sec. 201. Definitions.

Sec. 202. Land use planning; supplements to programmatic environmental impact statements.

Sec. 203. Environmental review on covered land.

Sec. 204. Program to improve renewable energy project permit coordination.

## Subtitle B—Revenues and Enforcement

Sec. 211. Definitions.

### Sec. 212. Disposition of revenues.

### Sec. 213. Royalties.

#### Sec. 214. Enforcement of royalty and payment provisions.

### Sec. 215. Enforcement.

Sec. 216. Segregation from appropriation under mining and Federal land laws.

## Sec. 217. Study and report on conservation banking

### Sec. 218. Applicability of law.

### **3 TITLE I—GEOTHERMAL ENERGY**

#### **4 SEC. 101. EXTENSION OF FUNDING FOR IMPLEMENTATION**

## **5 OF GEOTHERMAL STEAM ACT OF 1970.**

6                 (a) IN GENERAL.—Section 234(a) of the Energy Pol-  
7         icy Act of 2005 (42 U.S.C. 15873(a)) is amended by strik-  
8         ing “in the first 5 fiscal years beginning after the date  
9         of enactment of this Act” and inserting “through fiscal  
10         year 2020”.

(b) AUTHORIZATION.—Section 234(b) of the Energy Policy Act of 2005 (42 U.S.C. 15873(b)) is amended—

1                             (1) by striking “Amounts” and inserting the  
2                             following:

3                             “(1) IN GENERAL.—Amounts”; and

4                             (2) by adding at the end the following:

5                             “(2) AUTHORIZATION.—Effective for fiscal year  
6                             2015 and each fiscal year thereafter, amounts de-  
7                             posited under subsection (a) shall be available to the  
8                             Secretary of the Interior for expenditure, subject to  
9                             appropriation and without fiscal year limitation, to  
10                            implement the Geothermal Steam Act of 1970 (30  
11                            U.S.C. 1001 et seq.) and this Act.”.

12                           **TITLE II—DEVELOPMENT OF  
13                            GEOTHERMAL, SOLAR, AND  
14                            WIND ENERGY ON PUBLIC  
15                            LAND**

16                           **Subtitle A—Environmental  
17                            Reviews and Permitting**

18                           **SEC. 201. DEFINITIONS.**

19                           In this subtitle:

20                           (1) COVERED LAND.—The term “covered land”  
21                           means land that is—

22                           (A) public land administered by the Sec-  
23                           retary; and

24                           (B) not excluded from the development of  
25                           geothermal, solar, or wind energy under—

11                             (4) PRIORITY AREA.—The term “priority area”  
12                             means covered land identified by the land use plan-  
13                             ning process of the Bureau of Land Management as  
14                             being a preferred location for a renewable energy  
15                             project.

20                   (6) SECRETARY.—The term “Secretary” means  
21                   the Secretary of the Interior.

(7) VARIANCE AREA.—The term "variance area" means covered land that is—

24 (A) not an exclusion area; and  
25 (B) not a priority area.

## 1 SEC. 202. LAND USE PLANNING; SUPPLEMENTS TO PRO-

2                   **GRAMMATICAL      ENVIRONMENTAL      IMPACT**3                   **STATEMENTS.**

4                 (a) PRIORITY AND VARIANCE AREAS.—

5                 (1) IN GENERAL.—The Director shall establish  
6 priority and variance areas on covered land for geo-  
7 thermal, solar, and wind energy projects.

8                 (2) DEADLINE.—

9                 (A) GEOTHERMAL ENERGY.—For geo-  
10 thermal energy, the Director shall establish pri-  
11 ority and variance areas as soon as practicable,  
12 but not later than 5 years, after the date of en-  
13 actment of this Act.14                 (B) SOLAR ENERGY.—For solar energy,  
15 the 2012 western solar plan of the Bureau of  
16 Land Management shall be considered to estab-  
17 lish priority and variance areas for solar energy  
18 projects.19                 (C) WIND ENERGY.—For geothermal en-  
20 ergy, the Director shall establish priority and  
21 variance areas as soon as practicable, but not  
22 later than 5 years, after the date of enactment  
23 of this Act.24                 (3) REVIEW AND MODIFICATION.—Not less fre-  
25 quently than once every 10 years, the Director  
26 shall—

1                             (A) review the adequacy of land allocations  
2                             for geothermal, solar, and wind energy priority  
3                             and variance areas; and

4                             (B) based on the review carried out under  
5                             subparagraph (A), add, modify, or eliminate  
6                             priority and variance areas.

7                             (b) COMPLIANCE WITH THE NATIONAL ENVIRON-  
8                             MENTAL POLICY ACT.—For purposes of this section, com-  
9                             pliance with the National Environmental Policy Act of  
10                             1969 (42 U.S.C. 4321 et seq.) shall be accomplished—

11                             (1) for geothermal energy, by supplementing  
12                             the October 2008 final programmatic environmental  
13                             impact statement for geothermal leasing in the west-  
14                             ern United States;

15                             (2) for solar energy, by supplementing the July  
16                             2012 final programmatic environmental impact  
17                             statement for solar energy projects; and

18                             (3) for wind energy, by supplementing the July  
19                             2005 final programmatic environmental impact  
20                             statement for wind energy projects.

21                             (c) NO EFFECT ON PROCESSING APPLICATIONS.—A  
22                             requirement to prepare a supplement to a programmatic  
23                             environmental impact statement under this section shall  
24                             not result in any delay in processing an application for  
25                             a renewable energy project.

1       (d) COORDINATION.—In developing a supplement re-  
2 quired by this section, the Secretary shall coordinate, on  
3 an ongoing basis, with appropriate State, tribal, and local  
4 governments, transmission infrastructure owners and op-  
5 erators, developers, and other appropriate entities to en-  
6 sure that priority areas identified by the Secretary are—

7               (1) economically viable (including having access  
8 to transmission);

9               (2) likely to avoid or minimize conflict with  
10 habitat for animals and plants, recreation, and other  
11 uses of covered land; and

12               (3) consistent with local planning efforts.

13       (e) REMOVAL FROM CLASSIFICATION.—In carrying  
14 out subsections (a), (b), and (c), if the Secretary deter-  
15 mines an area previously suited for development should  
16 be removed from priority or variance classification, not  
17 later than 90 days after the date of the determination,  
18 the Secretary shall submit to Congress a report on the  
19 determination.

20 **SEC. 203. ENVIRONMENTAL REVIEW ON COVERED LAND.**

21       (a) IN GENERAL.—If the Director determines that a  
22 proposed renewable energy project has been sufficiently  
23 analyzed by a programmatic environmental impact state-  
24 ment conducted under section 202(b), the head of the ap-  
25 plicable Federal agency shall not require any additional

1 review under the National Environmental Policy Act of  
2 1969 (42 U.S.C. 4321 et seq.).

3 (b) ADDITIONAL ENVIRONMENTAL REVIEW.—If the  
4 Director determines that additional environmental review  
5 under the National Environmental Policy Act of 1969 (42  
6 U.S.C. 4321 et seq.) is necessary for a proposed renewable  
7 energy project, the head of the applicable Federal agency  
8 shall rely on the analysis in the programmatic environ-  
9 mental impact statement conducted under section 202(b),  
10 to the maximum extent practicable when analyzing the po-  
11 tential impacts of the project.

12 **SEC. 204. PROGRAM TO IMPROVE RENEWABLE ENERGY**  
13 **PROJECT PERMIT COORDINATION.**

14 (a) ESTABLISHMENT.—The Secretary shall establish  
15 a program to improve Federal permit coordination with  
16 respect to renewable energy projects on covered land.

17 (b) MEMORANDUM OF UNDERSTANDING.—

18 (1) IN GENERAL.—Not later than 90 days after  
19 the date of enactment of this Act, the Secretary  
20 shall enter into a memorandum of understanding for  
21 purposes of this section with—

22 (A) the Secretary of Agriculture;  
23 (B) the Administrator of the Environ-  
24 mental Protection Agency; and  
25 (C) the Chief of Engineers.

1                             (2) STATE PARTICIPATION.—The Secretary  
2       may request the Governor of any interested State to  
3       be a signatory to the memorandum of understanding  
4       under paragraph (1).

5                             (c) INTERAGENCY COORDINATION.—The Secretary  
6       shall establish an ombudsman in the Office of the Sec-  
7       retary, who shall be responsible for resolving interagency  
8       disputes between 2 or more of the following agencies:

9                             (1) The United States Fish and Wildlife Serv-  
10      ice.

11                             (2) The National Park Service.

12                             (3) The Bureau of Land Management.

13                             (d) VARIANCE AREAS.—

14                             (1) IN GENERAL.—In carrying out subsections  
15       (b) and (c), the heads of the Federal agencies de-  
16       scribed in those subsections shall consider entering  
17       into agreements and memoranda of understanding  
18       to expedite the environmental analysis of applica-  
19       tions for projects proposed on covered land deter-  
20       mined by the Secretary to be a variance area under  
21       section 202.

22                             (2) AVAILABILITY FOR RENEWABLE ENERGY  
23       PROJECT DEVELOPMENT.—To the maximum extent  
24       practicable, the variance areas described in para-  
25       graph (1) shall be made available for renewable en-

1       ergy project development, after completion of an en-  
2       vironmental impact statement or similar analysis re-  
3       quired under the National Environmental Policy Act  
4       of 1969 (42 U.S.C. 4321 et seq.), and subject to the  
5       policies and procedures set forth by the Secretary  
6       for evaluating variance applications in the pro-  
7       grammatic environmental impact statement de-  
8       scribed in section 202(b).

9                     (e) DESIGNATION OF QUALIFIED STAFF.—

10                     (1) IN GENERAL.—Not later than 30 days after  
11       the date on which the memorandum of under-  
12       standing under subsection (b) is executed, all Fed-  
13       eral signatories, as appropriate, shall assign to each  
14       of the field offices described in subsection (f) an em-  
15       ployee who has expertise in the regulatory issues re-  
16       lating to the office in which the employee is em-  
17       ployed, including, as applicable, particular expertise  
18       in—

19                     (A) consultation regarding, and prepara-  
20       tion of, biological opinions under section 7 of  
21       the Endangered Species Act of 1973 (16 U.S.C.  
22       1536);

23                     (B) permits under section 404 of Federal  
24       Water Pollution Control Act (33 U.S.C. 1344);

(C) regulatory matters under the Clean Air Act (42 U.S.C. 7401 et seq.);

(E) the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.);

(F) the Migratory Bird Treaty Act (16 U.S.C. 703 et seq.); and

10 (G) the preparation of analyses under the  
11 National Environmental Policy Act of 1969 (42  
12 U.S.C. 4321 et seq.).

13                   (2) DUTIES.—Each employee assigned under  
14                   paragraph (1) shall—

(B) be responsible for all issues relating to  
the jurisdiction of the home office or agency of  
the employee; and

22 (C) participate as part of the team of per-  
23 sonnel working on proposed energy projects,  
24 planning, monitoring, inspection, enforcement,  
25 and environmental analyses.

1       (f) FIELD OFFICES.—The field offices referred to in  
2 subsection (e)(1) shall include field offices of the Bureau  
3 of Land Management in, at a minimum, the States of Ari-  
4 zona, California, Colorado, Idaho, Montana, Nevada, New  
5 Mexico, Oregon, Utah, Washington, and Wyoming.

6       (g) ADDITIONAL PERSONNEL.—The Secretary shall  
7 assign to each field office described in subsection (f) such  
8 additional personnel as are necessary to ensure the effec-  
9 tive implementation of any programs administered by the  
10 field offices, including inspection and enforcement relating  
11 to renewable energy project development on covered land,  
12 in accordance with the multiple use mandate of the Fed-  
13 eral Land Policy and Management Act of 1976 (43 U.S.C.  
14 1701 et seq.).

15       (h) REPORT TO CONGRESS.—

16           (1) IN GENERAL.—Not later than February 1  
17 of the first fiscal year beginning after the date of en-  
18 actment of this Act, and each February 1 thereafter,  
19 the Secretary shall submit to the Chairperson and  
20 Ranking Member of the Committee on Energy and  
21 Natural Resources of the Senate and the Committee  
22 on Natural Resources of the House of Representa-  
23 tives a report describing the progress made pursuant  
24 to the program under this subtitle during the pre-  
25 ceding year.

1                             (2) INCLUSIONS.—Each report under this sub-  
2                             section shall include—

3                                 (A) projections for renewable energy pro-  
4                             duction and capacity installations; and  
5                                 (B) a description of any problems relating  
6                             to leasing, permitting, siting, or production.

7                             **Subtitle B—Revenues and**  
8                             **Enforcement**

9                             **SEC. 211. DEFINITIONS.**

10                          In this subtitle:

11                          (1) COVERED LAND.—The term “covered land”  
12                          means land that is—

13                             (A)(i) public land administered by the Sec-  
14                             retary; or

15                             (ii) National Forest System land adminis-  
16                             tered by the Secretary of Agriculture; and

17                          (B) not excluded from the development of  
18                          solar or wind energy under—

19                             (i) a final land use plan established  
20                             under the Federal Land Policy and Man-  
21                             agement Act of 1976 (43 U.S.C. 1701 et  
22                             seq.);

23                             (ii) a final land use plan established  
24                             under the National Forest Management  
25                             Act of 1976 (16 U.S.C. 1600 et seq.); or

1 (iii) other Federal law.

(2) FEDERAL LAND.—The term “Federal land” means—

8 (B) public land

16                             (5) SECRETARIES.—The term “Secretaries”  
17                             means—

(A) in the case of public land administered by the Secretary, the Secretary; and

(B) in the case of National Forest System land administered by the Secretary of Agriculture, the Secretary of Agriculture.

23                         (6) SECRETARY.—The term “Secretary” means  
24                         the Secretary of the Interior.

1 **SEC. 212. DISPOSITION OF REVENUES.**

2       (a) DISPOSITION OF REVENUES.—Without further  
3 appropriation or fiscal year limitation, of the amounts col-  
4 lected as bonus bids, royalties, rentals, fees, or other pay-  
5 ments under a right-of-way, permit, lease, or other author-  
6 ization for the development of wind or solar energy on cov-  
7 ered land—

8              (1) 25 percent shall be paid by the Secretary of  
9 the Treasury to the State within the boundaries of  
10 which the revenue is derived;

11              (2) 25 percent shall be paid by the Secretary of  
12 the Treasury to the 1 or more counties within the  
13 boundaries of which the revenue is derived, to be al-  
14 located among the counties based on the percentage  
15 of land from which the revenue is derived;

16              (3) to be deposited in the Treasury and be  
17 made available to the Secretary to carry out the pro-  
18 gram established by section 204, including the trans-  
19 fer of the funds by the Bureau of Land Management  
20 to other Federal agencies and State agencies to fa-  
21 cilitate the processing of renewable energy permits  
22 on Federal land, with priority given to using the  
23 amounts, to the maximum extent practicable, to re-  
24 ducing the backlog of renewable energy permits that  
25 have not been processed in the State from which the  
26 revenues are derived—

(A) 15 percent for each of fiscal years 2015 through 2030;

3 (B) 14 percent for fiscal year 2031;

4 (C) 13 percent for fiscal year 2032;

5 (D) 12 percent for fiscal year 2033;

6 (E) 11 percent for fiscal year 2034; and

(F) 10 percent for fiscal year 2035 and

8 each fiscal year thereafter; and

(4) to be deposited in the Renewable Energy

10 Resource Conservation Fund established by sub-  
11 section (c)—

12 (A) 35 percent for each of fiscal years

13                           2015 through 2030;

14 (B) 36 percent for fiscal year 2031;

15 (C) 37 percent for fiscal year 2032;

16 (D) 38 percent for fiscal year 2033;

17 (E) 39 percent for fiscal year 2034; and

18 (F) 40 percent for fiscal year 2035 and

19 each fiscal year thereafter.

20 (b) PAYMENTS TO STATES AND

21 (1) IN GENERAL.—Amounts paid to Sta

22 counties under subsection (a) shall be used con-  
23 sistent with section 35 of the Mineral Leasing Act  
24 (30 U.S.C. 191).

5 (c) RENEWABLE ENERGY RESOURCE CONSERVATION  
6 FUND.—

7                   (1) IN GENERAL.—There is established in the  
8                   Treasury a fund, to be known as the “Renewable  
9                   Energy Resource Conservation Fund”, to be admin-  
10                  istered by the Secretary, in consultation with the  
11                  Secretary of Agriculture, for use in regions affected  
12                  by the development of wind or solar energy on Fed-  
13                  eral land.

## 14 (2) USE.—

1           the impacted region for fishing, hunting,  
2           and other forms of outdoor recreation in a  
3           manner consistent with the conservation of  
4           fish and wildlife habitat.

5           (B) ADVISORY BOARD.—The Secretaries  
6           shall establish an independent advisory board  
7           composed of key stakeholders and technical ex-  
8           perts to provide recommendations and guidance  
9           on the disposition of any amounts expended  
10          from the Fund.

11          (3) INVESTMENT OF FUND.—

12           (A) IN GENERAL.—Any amounts deposited  
13          in the Fund shall earn interest in an amount  
14          determined by the Secretary of the Treasury on  
15          the basis of the current average market yield on  
16          outstanding marketable obligations of the  
17          United States of comparable maturities.

18           (B) USE.—Any interest earned under sub-  
19          paragraph (A) may be expended in accordance  
20          with this subsection.

21          (4) INTENT OF CONGRESS.—It is the intent of  
22          Congress that the revenues deposited and used in  
23          the Fund shall supplement and not supplant annual  
24          appropriations for conservation activities described  
25          in paragraph (2)(A).

1   **SEC. 213. ROYALTIES.**

2       (a) IN GENERAL.—The Secretaries shall require as  
3   a term and condition of any lease, right-of-way, permit,  
4   or other authorization for the development of wind or solar  
5   energy on covered land the payment of a royalty.

6       (b) RATE CONSIDERATIONS.—The Secretary, in con-  
7   sultation with the Secretary of Agriculture, shall establish,  
8   through rulemaking, a royalty payable under subsection  
9   (a) that shall be a percentage of the gross proceeds from  
10   the sale of electricity at a rate that—

11              (1) encourages production of solar or wind en-  
12       ergy;

13              (2) ensures a fair return to the public com-  
14       parable to the return that would be obtained on  
15       State and private land; and

16              (3) encourages the maximum energy generation  
17       while disturbing the least quantity of covered land  
18       and other natural resources, including water.

19       (c) DIFFERENT ROYALTY RATES.—The Secretaries  
20   shall establish—

21              (1) a different royalty rate for wind or solar en-  
22       ergy generation, which takes into account relative  
23       capacity factors for the respective generation  
24       sources; and

(2) a reduced royalty rate for projects located within a zone identified for development of solar or wind energy.

4           (d) EXCLUSIVE PAYMENT ON SALE OF ELEC-  
5 TRICITY.—During the period of production, a royalty paid  
6 under subsection (a) shall be the only rent, royalty, or  
7 similar payment to the Federal Government required with  
8 respect to the sale of electricity produced under a lease.

9           (e) ROYALTY RELIEF.—To promote the generation of  
10 renewable energy, the Secretaries may reduce any royalty  
11 otherwise required on a showing by clear and convincing  
12 evidence by the person holding a lease, right-of-way, per-  
13 mit, or other authorization for the development of wind  
14 or solar energy on covered land under which the genera-  
15 tion of energy is or will be produced in commercial quan-  
16 tities that—

17                   (1) collection of the full royalty would unreason-  
18                   ably burden energy generation; and

**21 (f) PERIODIC REVIEW AND REPORT.—**

1                             (A) complete a review of collections and  
2                             impacts of the royalty and fees provided under  
3                             this subtitle; and

4                             (B) submit to the Committees on Energy  
5                             and Natural Resources and Agriculture, Nutri-  
6                             tion, and Forestry of the Senate and the Com-  
7                             mittees on Natural Resources and Agriculture  
8                             of the House of Representatives a report de-  
9                             scribing the results of the review.

10                         (2) TOPICS.—The report shall address—

11                             (A) the total revenues received (by cat-  
12                             egory) on an annual basis as royalties from  
13                             wind, solar, and geothermal development and  
14                             production (specified by energy source) on cov-  
15                             ered land;

16                             (B) whether the revenues received for the  
17                             development of wind, solar, and geothermal de-  
18                             velopment are comparable to the revenues re-  
19                             ceived for similar development on State and pri-  
20                             vate land;

21                             (C) any impact on the development of  
22                             wind, solar, and geothermal development and  
23                             production on covered land as a result of the  
24                             royalties; and

(g) REGULATIONS.—Not later than 2 years after the date of enactment of this Act, the Secretaries shall jointly issue final regulations to carry out this section.

## **9 SEC. 214. ENFORCEMENT OF ROYALTY AND PAYMENT PRO-**

10 VISIONS.

11       (a) DUTIES OF THE SECRETARY.—The Secretary  
12 shall establish a comprehensive inspection, collection, fis-  
13 cal, and production accounting and auditing system—

17                   (2) to collect and account for the payments in  
18                   a timely manner.

(b) APPLICABILITY OF OTHER LAW.—The Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701 et seq.) (including the civil and criminal enforcement provisions of that Act) shall apply to leases, permits, rights-of-way, or other authorizations issued for the development of solar or wind energy on covered land and the holders and operators of the leases, permits, rights-of-way,

1 or other authorizations (and designees) under this subtitle,

2 except that in applying that Act—

3                 (1) “wind or solar leases, permits, rights-of-  
4 way, or other authorizations” shall be substituted  
5 for “oil and gas leases”;

6                 (2) “electricity generated from wind or solar re-  
7 sources” shall be substituted for “oil and gas”  
8 (when used as nouns);

9                 (3) “lease, permit, right-of-way, or other au-  
10 thorization for the development of wind or solar en-  
11 ergy” shall be substituted for “lease” and “lease for  
12 oil and gas” (when used as nouns); and

13                 (4) “lessee, permittee, right-of-way holder, or  
14 holder of an authorization for the development of  
15 wind or solar energy” shall be substituted for “les-  
16 see”.

17 **SEC. 215. ENFORCEMENT.**

18         (a) IN GENERAL.—Sections 302(c) and 303 of the  
19 Federal Land Policy and Management Act of 1976 (43  
20 U.S.C. 1732(c), 1733) shall apply to activities conducted  
21 on covered land under this subtitle.

22         (b) APPLICABILITY OF OTHER ENFORCEMENT PRO-  
23 VISIONS.—Nothing in this subtitle reduces or limits the  
24 enforcement authority vested in the Secretary or the At-  
25 torney General by any other law.

1   **SEC. 216. SEGREGATION FROM APPROPRIATION UNDER**  
2                   **MINING AND FEDERAL LAND LAWS.**

3         (a) IN GENERAL.—On covered land identified by the  
4   Secretary or the Secretary of Agriculture for the develop-  
5   ment of renewable energy projects under this subtitle or  
6   other applicable law, the Secretary or the Secretary of Ag-  
7   riculture may temporarily segregate the identified land  
8   from appropriation under the mining and public land laws.

9         (b) ADMINISTRATION.—Segregation of covered land  
10 under this section—

11                 (1) may only be made for a period not to exceed  
12         10 years; and

13                 (2) shall be subject to valid existing rights as  
14         of the date of the segregation.

15   **SEC. 217. STUDY AND REPORT ON CONSERVATION BANK-  
16                   ING.**

17         (a) STUDY.—

18                 (1) IN GENERAL.—Not later than 180 days  
19         after the date of enactment of this Act, the Secre-  
20         taries shall carry out a study on the siting, develop-  
21         ment, and management of projects to determine the  
22         feasibility of carrying out a conservation banking  
23         program on Federal land.

24                 (2) CONTENTS.—The study under paragraph  
25         (1) shall—

26                         (A) identify areas in which—

- (i) privately owned land is not available to fully offset the impacts of solar or wind energy development on federally administered land; or

(ii) mitigation investments on Federal land are likely to provide greater conservation value for impacts of solar or wind energy development on federally administered land; and

(B) examine—

(i) the effectiveness of laws (including regulations) and policies in effect on the date of enactment of this Act in facilitating the development and effective operation of conservation banks;

(ii) the advantages and disadvantages of using conservation banks on Federal land to mitigate impacts to natural resources on State, tribal, and private land; and

(iii) any changes in Federal law (including regulations) or policy necessary to further develop a Federal conservation banking program.

1       (b) REPORT TO CONGRESS.—Not later than 18  
2 months after the date of enactment of this Act, the Secretaries  
3 shall jointly submit to Congress a report that includes—

5                     (1) the recommendations of the Secretaries relating to—

7                         (A) the most effective system for Federal  
8 land described in subsection (a)(2)(A) to meet  
9 the goals of facilitating the development of a  
10 conservation banking program on Federal land;  
11 and

12                         (B) any change to Federal law (including  
13 regulations) or policy necessary to address more  
14 effectively the siting, development, and management  
15 of conservation banking programs on Federal land to mitigate impacts to natural resources on State, tribal, and private land; and  
16                         (2) any administrative action to be taken by the  
17 Secretaries in response to the recommendations.

18       (c) AVAILABILITY TO THE PUBLIC.—Not later than  
19 30 days after the date on which the report described in  
20 subsection (b) is submitted to Congress, the Secretaries  
21 shall make the results of the study available to the public.

**1 SEC. 218. APPLICABILITY OF LAW.**

2 Wind or solar generation projects with a capacity of  
3 20 megawatts or more that are issued a lease, right-of-  
4 way, permit, or other authorization under applicable law  
5 shall not be subject to the rental fee exemption for rights-  
6 of-way under section 504(g) of the Federal Land Policy  
7 and Management Act of 1976 (43 U.S.C. 1764(g)).

○
