“(ii) the required trailing documents are outstanding.

“(B) TERMINATION OF INDEMNIFICATION AGREEMENT.—An indemnification agreement between an originating lender and the Secretary described in subparagraph (A) shall only terminate upon receipt by the Secretary of the trailing documents described in that subparagraph in a form and manner that is acceptable to the Secretary.

“(C) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed as authorizing the Bureau of Indian Affairs to delay the issuance of a final certified title status report and recorded mortgage relating to a loan closed on Indian trust land.”

(c) REPORTING.—The Secretary of Housing and Urban Development shall—

(1) report to the Committee on Banking, Housing, and Urban Affairs and the Committee on Indian Affairs of the Senate and the Committee on Financial Services and the Committee on Natural Resources of the House of Representatives on a semi-annual basis on the progress that the Secretary is making to accelerate the processing of loan applications on fee simple and Indian trust land under section 184 of the Housing and Community Development Act of 1992 (12 U.S.C. 1715z-13a); and

“(ii) If a claim is found to be noncompliant under clause (i), the Copyright Claims Board shall provide the claimant with information concerning the service of such a notice under the applicable provision of section 512.

“(2) COUNTERCLAIMS.—Upon the filing and service of a counterclaim, the counterclaim shall be reviewed by a Copyright Claims Attorney to ensure that the counterclaim complies with the provisions of this chapter and applicable regulations. If the counterclaim is found not to comply, the counterclaimant and the other parties to the proceeding shall be notified that the counterclaim is deficient, and the counterclaimant shall be permitted to file and serve an amended counterclaim not later than 30 days after the date of such notice. If the counterclaimant files and serves a compliant counterclaim within that 30-day period, the counterclaimant and such other parties shall be so notified. If the counterclaim is refiled and served within that 30-day period but still fails to comply, the counterclaimant and such other parties shall again be notified that the counterclaim is deficient, and the counterclaimant shall be provided a second opportunity to amend the counterclaim not later than 30 days after the date of the second notice. If the counterclaim is refiled and served again within that second 30-day period and is compliant, the counterclaimant and such other parties shall be so notified, but if the counterclaim still fails to comply, upon confirmation of such noncompliance by a Copyright Claims Officer, the counterclaim, but not the proceeding, shall be dismissed without prejudice.

“(3) DISMISSAL FOR UNSUITABILITY.—The Copyright Claims Board shall dismiss a claim or counterclaim without prejudice if, upon reviewing the claim or counterclaim, or at any other time in the proceeding, the Copyright Claims Board concludes that the claim or counterclaim is unsuitable for determination by the Copyright Claims Board, including on account of any of the following:

“(A) The failure to join a necessary party.

“(B) The lack of an essential witness, evidence, or expert testimony.

“(C) The determination of a relevant issue of law or fact that could exceed either the number of proceedings the Copyright Claims Board could reasonably administer or the subject matter competence of the Copyright Claims Board.

“(g) SERVICE OF NOTICE AND CLAIMS.—In order to proceed with a claim against a respondent, a claimant shall, not later than 90 days after receiving notification under subsection (f) to proceed with service, file with the Copyright Claims Board proof of service on the respondent. In order to effectuate service on a respondent, the claimant shall cause notice of the proceeding and a copy of the claim to be served on the respondent, either by personal service or pursuant to a waiver of personal service, as prescribed in regulations established by the Register of Copyrights. Such regulations shall include the following requirements:

“(1) The notice of the proceeding shall adhere to a prescribed form and shall set forth the nature of the Copyright Claims Board and proceeding, the right of the respondent to opt out, and the consequences of opting out and not opting

“(B) waives the right to a jury trial regarding the dispute.

“(2) The copy of the claim served on the respondent shall be the same as the claim that was filed with the Copyright Claims Board.

“(B) delivering a copy of the notice and claim to the individual personally;

“(C) leaving a copy of the notice and claim at the individual’s dwelling or usual place of abode with someone of suitable age and discretion who resides there; or

“(5)(A) A corporation, partnership, or unincorporated association that is subject to suit in courts of general jurisdiction under a common name shall be served by delivering a copy of the notice and claim to its service agent. If such service agent has not been designated, service shall be accomplished—

“(i) by complying with State law for serving a summons in an action brought in courts of general jurisdiction in the State where service is made; or

“(ii) by delivering a copy of the notice and claim to an officer, a managing or general agent, or any other agent authorized by appointment or by law to receive service of process in an action brought in courts of general jurisdiction in the State where service is made and, if the agent is one authorized by statute and the statute so requires, by also mailing a copy of the notice and claim to the respondent.

“(B) A corporation, partnership, or unincorporated association that is subject to suit in courts of general jurisdiction under a common name may elect to designate a service agent to receive notice of a claim against it before the Copyright Claims Board by complying with requirements that the Register of Copyrights shall establish by regulation. The Register of Copyrights shall maintain a current directory of service agents that is available to the public for inspection, including through the internet, and may require such corporations, partnerships, and unincorporated associations designating such service agents to pay a fee to cover the costs of maintaining the directory.

“(6) In order to request a waiver of personal service, the claimant may notify a respondent, by first class mail or by

other reasonable means, that a proceeding has been commenced, such notice to be made in accordance with regulations established by the Register of Copyrights, subject to the following:

“(A) Any such request shall be in writing, shall be addressed to the respondent, and shall be accompanied by a prescribed notice of the proceeding, a copy of the claim as filed with the Copyright Claims Board, a prescribed form for waiver of personal service, and a prepaid or other means of returning the form without cost.

“(B) The request shall state the date on which the request is sent, and shall provide the respondent a period of 30 days, beginning on the date on which the request is sent, to return the waiver form signed by the respondent. The signed waiver form shall, for purposes of this subsection, constitute acceptance and proof of service as of the date on which the waiver is signed.

“(7)(A) A respondent’s waiver of personal service shall not constitute a waiver of the respondent’s right to opt out of the proceeding.

“(B) A respondent who timely waives personal service under paragraph (6) and does not opt out of the proceeding shall be permitted a period of 30 days, in addition to the period otherwise permitted under the applicable procedures of the Copyright Claims Board, to submit a substantive response to the claim, including any defenses and counterclaims.

“(8) A minor or an incompetent individual may only be served by complying with State law for serving a summons or like process on such an individual in an action brought in the courts of general jurisdiction of the State where service is made.

“(9) Service of a claim and waiver of personal service may only be effected within the United States.

“(h) NOTIFICATION BY COPYRIGHT CLAIMS BOARD.—The Register of Copyrights shall establish regulations providing for a written notification to be sent by, or on behalf of, the Copyright Claims Board to notify the respondent of a pending proceeding against the respondent, as set forth in those regulations, which shall—

“(2) be in addition to, and separate and apart from, the notice requirements under subsection (g).

“(i) OPT-OUT PROCEDURE.—Upon being properly served with a notice and claim, a respondent who chooses to opt out of the proceeding shall have a period of 60 days, beginning on the date of service, in which to provide written notice of such choice to the Copyright Claims Board, in accordance with regulations established by the Register of Copyrights. If proof of service has been filed by the claimant and the respondent does not submit an opt-out notice to the Copyright Claims Board within that 60-day period, the proceeding shall be deemed an active proceeding and the

respondent shall be bound by the determination in the proceeding to the extent provided under section 1507(a). If the respondent opts out of the proceeding during that 60-day period, the proceeding shall be dismissed without prejudice, except that, in exceptional circumstances and upon written notice to the claimant, the Copyright Claims Board may extend that 60-day period in the interests of justice.

“(2) upon the request of a party, and for good cause shown, the Copyright Claims Board may issue a protective order to limit the disclosure of documents or testimony that contain confidential information; and

“(3) after providing notice and an opportunity to respond, and upon good cause shown, the Copyright Claims Board may apply an adverse inference with respect to disputed facts against a party who has failed to timely provide discovery materials in response to a proper request for materials that could be relevant to such facts.

“(1) A determination of the Copyright Claims Board shall not preclude litigation or relitigation as between the same or different parties before any court or tribunal, or the Copyright Claims Board, of the same or similar issues of fact or law in connection with claims or counterclaims not asserted or not finally determined by the Copyright Claims Board.

“(2) A determination of ownership of a copyrighted work for purposes of resolving a matter before the Copyright Claims Board may not be relied upon, and shall not have any preclusive effect, in any other action or proceeding before any court or tribunal, including the Copyright Claims Board.

SEC. 223. PROVIDING FOR THIRD-PARTY SUBMISSION OF EVIDENCE DURING EXAMINATION.

(a) AMENDMENT.—Section 1 of the Trademark Act of 1946 (15 U.S.C. 1051) is amended by adding at the end the following:

“(f) A third party may submit for consideration for inclusion in the record of an application evidence relevant to a ground for refusal of registration. The third-party submission shall identify the ground for refusal and include a concise description of each piece of evidence submitted in support of each identified ground for refusal. Not later than 2 months after the date on which the submission is filed, the Director shall determine whether the evidence should be included in the record of the application. The Director shall establish by regulation appropriate procedures for the consideration of evidence submitted by a third party under this subsection and may prescribe a fee to accompany the submission. If the Director determines that the third-party evidence should be included in the record of the application, only the evidence and the ground for refusal to which the evidence relates may be so included. Any determination by the Director whether or not to include evidence in the record of an application shall be final and non-reviewable, and a determination to include or to not include evidence in the record shall not prejudice any party’s right to raise any issue and rely on any evidence in any other proceeding.”

(c) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect 1 year after the date of enactment of this Act.

SEC. 224. PROVIDING FOR FLEXIBLE RESPONSE PERIODS.

Section 12(b) of the Trademark Act of 1946 (15 U.S.C. 1062(b)) is amended to read as follows:

“(b)(1) If the applicant is found not entitled to registration, the examiner shall notify the applicant thereof and of the reasons therefor. The applicant may reply or amend the application, which shall then be reexamined. This procedure may be repeated until the examiner finally refuses registration of the mark or the application is abandoned as described in paragraph (2).

“(2) After notification under paragraph (1), the applicant shall have a period of 6 months in which to reply or amend the application, or such shorter time that is not less than 60 days, as prescribed by the Director by regulation. If the applicant fails to reply or amend or appeal within the relevant time period, including any extension under paragraph (3), the application shall be deemed to have been abandoned, unless it can be shown to the satisfaction of the Director that the delay in responding was unintentional, in which case the application may be revived and such time may be extended. The Director may prescribe a fee to accompany any request to revive.

“(3) The Director shall provide, by regulation, for extensions of time to respond to the examiner for any time period under paragraph (2) that is less than 6 months. The Director shall allow the applicant to obtain extensions of time to reply or amend aggregating 6 months from the date of notification under paragraph (1) when the applicant so requests. However, the Director may

set by regulation the time for individual periods of extension, and prescribe a fee, by regulation, for any extension request. Any request for extension shall be filed on or before the date on which a reply or amendment is due under paragraph (1).”.

SEC. 225. EX PARTE EXPUNGEMENT; EX PARTE REEXAMINATION; NEW GROUNDS FOR CANCELLATION.

(a) EX PARTE EXPUNGEMENT.—The Trademark Act of 1946 is amended by inserting after section 16 (15 U.S.C. 1066) the following:

“SEC. 16A. EX PARTE EXPUNGEMENT.

“(a) PETITION.—Notwithstanding sections 7(b) and 22, and subsections (a) and (b) of section 33, any person may file a petition to expunge a registration of a mark on the basis that the mark has never been used in commerce on or in connection with some or all of the goods or services recited in the registration.

“(b) CONTENTS OF PETITION.—A petition filed under subsection (a), together with any supporting documents, shall—

“(1) identify the registration that is the subject of the petition;

“(2) identify each good or service recited in the registration for which it is alleged that the mark has never been used in commerce;

“(3) include a verified statement that sets forth—

“(A) the elements of the reasonable investigation the petitioner conducted to determine that the mark has never been used in commerce on or in connection with the goods and services identified in the petition; and

“(B) any additional facts that support the allegation that the mark has never been used in commerce on or in connection with the identified goods and services;

“(4) include any supporting evidence on which the petitioner relies; and

“(5) be accompanied by the fee prescribed by the Director.

“(c) INITIAL DETERMINATION; INSTITUTION.—

“(1) PRIMA FACIE CASE DETERMINATION, INSTITUTION, AND NOTIFICATION.—The Director shall, for each good or service identified under subsection (b)(2), determine whether the petition sets forth a prima facie case of the mark having never been used in commerce on or in connection with each such good or service, institute an ex parte expungement proceeding for each good or service for which the Director determines that a prima facie case has been set forth, and provide a notice to the registrant and petitioner of the determination of whether or not the proceeding was instituted. Such notice shall include a copy of the petition and any supporting documents and evidence that were included with the petition.

“(2) REASONABLE INVESTIGATION GUIDANCE.—The Director shall promulgate regulations regarding what constitutes a reasonable investigation under subsection (b)(3) and the general types of evidence that could support a prima facie case that a mark has never been used in commerce, but the Director shall retain the discretion to determine whether a prima facie case is set out in a particular proceeding.

“(3) DETERMINATION BY DIRECTOR.—Any determination by the Director whether or not to institute a proceeding under this section shall be final and non-reviewable, and shall not prejudice any party’s right to raise any issue and rely on

any evidence in any other proceeding, except as provided in subsection (j).

“(d) EX PARTE EXPUNGEMENT PROCEDURES.—The procedures for ex parte expungement shall be the same as the procedures for examination under section 12(b), except that the Director shall promulgate regulations establishing and governing a proceeding under this section, which may include regulations that—

“(1) set response and extension times particular to this type of proceeding, which, notwithstanding section 12(b)(3), need not be extendable to 6 months;

“(2) set limits governing the timing and number of petitions filed for a particular registration or by a particular petitioner or real parties in interest; and

“(3) define the relation of a proceeding under this section to other proceedings concerning the mark.

“(e) REGISTRANT’S EVIDENCE OF USE.—A registrant’s documentary evidence of use shall be consistent with when a mark shall be deemed to be in use in commerce under the definition of ‘use in commerce’ in section 45, but shall not be limited in form to that of specimens as provided in section 1(a).

“(f) EXCUSABLE NONUSE.—During an ex parte expungement proceeding, for a mark registered under section 44(e) or an extension of protection under section 66, the registrant may offer evidence showing that any nonuse is due to special circumstances that excuse such nonuse. In such a case, the examiner shall determine whether the facts and evidence demonstrate excusable nonuse and shall not find that the registration should be cancelled under subsection (g) for any good or service for which excusable nonuse is demonstrated.

“(g) EXAMINER’S DECISION; ORDER TO CANCEL.—For each good or service for which it is determined that a mark has never been used in commerce, and for which the provisions of subsection (f) do not apply, the examiner shall find that the registration should be cancelled for each such good or service. A mark shall not be found to have never been used in commerce if there is evidence of use in commerce by the registrant that temporally would have supported registration at the time the application was filed or the relevant allegation of use was made, or after registration, but before the petition to expunge was filed under subsection (a), or an ex parte expungement proceeding was instituted by the Director under subsection (h). Unless overturned on review of the examiner’s decision, the Director shall issue an order cancelling the registration, in whole or in part, after the time for appeal has expired or any appeal proceeding has terminated.

“(h) EX PARTE EXPUNGEMENT BY THE DIRECTOR.—

“(1) IN GENERAL.—The Director may, on the Director’s own initiative, institute an ex parte expungement proceeding if the Director discovers information that supports a prima facie case of a mark having never been used in commerce on or in connection with any good or service covered by a registration. The Director shall promptly notify the registrant of such determination, at which time the ex parte expungement proceeding shall proceed according to the same procedures for ex parte expungement established pursuant to subsection (d). If the Director determines, based on the Director’s own initiative, to institute an expungement proceeding, the Director shall transmit or make available the information that formed the

basis for that determination as part of the institution notice sent to the registrant.

“(2) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to limit any other authority of the Director.

“(i) TIME FOR INSTITUTION.—

“(1) WHEN PETITION MAY BE FILED, EX PARTE EXPUNGEMENT PROCEEDING INSTITUTED.—A petition for ex parte expungement of a registration under subsection (a) may be filed, or the Director may institute on the Director’s own initiative an ex parte expungement proceeding of a registration under subsection (h), at any time following the expiration of 3 years after the date of registration and before the expiration of 10 years following the date of registration.

“(2) EXCEPTION.—Notwithstanding paragraph (1), for a period of 3 years after the date of enactment of this section, a petition for expungement of a registration under subsection (a) may be filed, or the Director may institute on the Director’s own initiative an ex parte expungement proceeding of a registration under subsection (h), at any time following the expiration of 3 years after the date of registration.

“(j) LIMITATION ON LATER EX PARTE EXPUNGEMENT PROCEEDINGS.—

“(1) NO CO-PENDING PROCEEDINGS.—With respect to a particular registration, while an ex parte expungement proceeding is pending, no later ex parte expungement proceeding may be instituted with respect to the same goods or services that are the subject of a pending ex parte expungement proceeding.

“(2) ESTOPPEL.—With respect to a particular registration, for goods or services previously subject to an instituted expungement proceeding for which, in that proceeding, it was determined that the registrant had used the mark for particular goods or services, as relevant, and the registration was not cancelled as to those goods or services, no further ex parte expungement proceedings may be initiated as to those goods or services, regardless of the identity of the petitioner.

“(k) USE IN COMMERCE REQUIREMENT NOT ALTERED.—Nothing in this section shall affect the requirement for use in commerce of a mark registered under section 1(a) or 23.”.

(b) NEW GROUNDS FOR CANCELLATION.—Section 14 of the Trademark Act of 1946 (15 U.S.C. 1064) is amended—

(1) by striking the colon at the end of paragraph (5) and inserting a period;

(2) by inserting after paragraph (5) the following:

“(6) At any time after the 3-year period following the date of registration, if the registered mark has never been used in commerce on or in connection with some or all of the goods or services recited in the registration:”; and

(3) in the flush text following paragraph (6), as added by paragraph (2) of this subsection, by inserting “Nothing in paragraph (6) shall be construed to limit the timing applicable to any other ground for cancellation. A registration under section 44(e) or 66 shall not be cancelled pursuant to paragraph (6) if the registrant demonstrates that any nonuse is due to special circumstances that excuse such nonuse.” after “identical certification mark is applied.”.

(c) EX PARTE REEXAMINATION.—The Trademark Act of 1946 is amended by inserting after section 16A, as added by subsection (a), the following:

“SEC. 16B. EX PARTE REEXAMINATION.

“(a) PETITION FOR REEXAMINATION.—Any person may file a petition to reexamine a registration of a mark on the basis that the mark was not in use in commerce on or in connection with some or all of the goods or services recited in the registration on or before the relevant date.

“(b) RELEVANT DATE.—In this section, the term ‘relevant date’ means, with respect to an application for the registration of a mark with an initial filing basis of—

“(1) section 1(a) and not amended at any point to be filed pursuant to section 1(b), the date on which the application was initially filed; or

“(2) section 1(b) or amended at any point to be filed pursuant to section 1(b), the date on which—

“(A) an amendment to allege use under section 1(c) was filed; or

“(B) the period for filing a statement of use under section 1(d) expired, including all approved extensions thereof.

“(c) REQUIREMENTS FOR THE PETITION.—A petition filed under subsection (a), together with any supporting documents, shall—

“(1) identify the registration that is the subject of the petition;

“(2) identify each good and service recited in the registration for which it is alleged that the mark was not in use in commerce on or in connection with on or before the relevant date;

“(3) include a verified statement that sets forth—

“(A) the elements of the reasonable investigation the petitioner conducted to determine that the mark was not in use in commerce on or in connection with the goods and services identified in the petition on or before the relevant date; and

“(B) any additional facts that support the allegation that the mark was not in use in commerce on or before the relevant date on or in connection with the identified goods and services;

“(4) include supporting evidence on which the petitioner relies; and

“(5) be accompanied by the fee prescribed by the Director.

“(d) INITIAL DETERMINATION; INSTITUTION.—

“(1) PRIMA FACIE CASE DETERMINATION, INSTITUTION, AND NOTIFICATION.—The Director shall, for each good or service identified under subsection (c)(2), determine whether the petition sets forth a prima facie case of the mark having not been in use in commerce on or in connection with each such good or service, institute an ex parte reexamination proceeding for each good or service for which the Director determines that the prima facie case has been set forth, and provide a notice to the registrant and petitioner of the determination of whether or not the proceeding was instituted. Such notice shall include a copy of the petition and any supporting documents and evidence that were included with the petition.

“(2) REASONABLE INVESTIGATION GUIDANCE.—The Director shall promulgate regulations regarding what constitutes a reasonable investigation under subsection (c)(3) and the general types of evidence that could support a prima facie case that the mark was not in use in commerce on or in connection with a good or service on or before the relevant date, but the Director shall retain discretion to determine whether a prima facie case is set out in a particular proceeding.

“(3) DETERMINATION BY DIRECTOR.—Any determination by the Director whether or not to institute a reexamination proceeding under this section shall be final and non-reviewable, and shall not prejudice any party’s right to raise any issue and rely on any evidence in any other proceeding, except as provided in subsection (j).

“(e) REEXAMINATION PROCEDURES.—The procedures for reexamination shall be the same as the procedures established under section 12(b) except that the Director shall promulgate regulations establishing and governing a proceeding under this section, which may include regulations that—

“(1) set response and extension times particular to this type of proceeding, which, notwithstanding section 12(b)(3), need not be extendable to 6 months;

“(2) set limits governing the timing and number of petitions filed for a particular registration or by a particular petitioner or real parties in interest; and

“(3) define the relation of a reexamination proceeding under this section to other proceedings concerning the mark.

“(f) REGISTRANT’S EVIDENCE OF USE.—A registrant’s documentary evidence of use shall be consistent with when a mark shall be deemed to be in use in commerce under the definition of ‘use in commerce’ in section 45, but shall not be limited in form to that of specimens as provided in section 1(a).

“(g) EXAMINER’S DECISION; ORDER TO CANCEL.—For each good or service for which it is determined that the registration should not have issued because the mark was not in use in commerce on or before the relevant date, the examiner shall find that the registration should be cancelled for each such good or service. Unless overturned on review of the examiner’s decision, the Director shall issue an order cancelling the registration, in whole or in part, after the time for appeal has expired or any appeal proceeding has terminated.

“(h) REEXAMINATION BY DIRECTOR.—

“(1) IN GENERAL.—The Director may, on the Director’s own initiative, institute an ex parte reexamination proceeding if the Director discovers information that supports a prima facie case of the mark having not been used in commerce on or in connection with some or all of the goods or services covered by the registration on or before the relevant date. The Director shall promptly notify the registrant of such determination, at which time reexamination shall proceed according to the same procedures established pursuant to subsection (e). If the Director determines, based on the Director’s own initiative, to institute an ex parte reexamination proceeding, the Director shall transmit or make available the information that formed the basis for that determination as part of the institution notice.

“(2) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to limit any other authority of the Director.

“(i) TIME FOR INSTITUTION.—A petition for ex parte reexamination may be filed, or the Director may institute on the Director’s own initiative an ex parte reexamination proceeding, at any time not later than 5 years after the date of registration of a mark registered based on use in commerce.

“(j) LIMITATION ON LATER EX PARTE REEXAMINATION PROCEEDINGS.—

“(1) NO CO-PENDING PROCEEDINGS.—With respect to a particular registration, while an ex parte reexamination proceeding is pending, no later ex parte reexamination proceeding may be instituted with respect to the same goods or services that are the subject of a pending ex parte reexamination proceeding.

“(2) ESTOPPEL.—With respect to a particular registration, for any goods or services previously subject to an instituted ex parte reexamination proceeding for which, in that proceeding, it was determined that the registrant had used the mark for particular goods or services before the relevant date, and the registration was not cancelled as to those goods or services, no further ex parte reexamination proceedings may be initiated as to those goods or services, regardless of the identity of the petitioner.

“(k) SUPPLEMENTAL REGISTER.—The provisions of subsection (b) apply, as appropriate, to registrations under section 23. Nothing in this section shall be construed to limit the timing of a cancellation action under section 24.”

(B) ESSENTIAL USES.—

(i) IN GENERAL.—Beginning on the date of enactment of this Act and subject to paragraphs (2) and (3) and clauses (ii) and (iii), the Administrator may, by rule, after considering technical achievability, commercial demands, affordability for residential and small business consumers, safety, and other relevant factors, including overall economic costs and environmental impacts compared to historical trends, allocate a quantity of allowances for a period of not more than 5 years for the production and consumption of a regulated substance exclusively for the use of the regulated substance in an application, if—

(I) no safe or technically achievable substitute will be available during the applicable period for that application; and

(II) the supply of the regulated substance that manufacturers or users of the regulated substance for that application are capable of securing from chemical manufacturers, as authorized under paragraph (2)(A), including any quantities of a regulated substance available from production or import, is insufficient to accommodate the application.

(ii) PETITION.—If the Administrator receives a petition requesting the designation of an application as an essential use under clause (i), the Administrator shall—

(I) not later than 180 days after the date on which the Administrator receives the petition—

(aa) make the complete petition available to the public; and

(bb) when making the petition available to the public under item (aa), propose and seek public comment on—

(AA) a determination of whether to designate the application as an essential use; and

(BB) if the Administrator proposes to designate the application as an essential use, making the requisite allocation of allowances; and

(II) not later than 270 days after the date on which the Administrator receives the petition, take final action on the petition.

(iii) LIMITATION.—A person receiving an allocation under clause (i) or (iv) or as a result of a petition granted under clause (ii) may not produce or consume a produced quantity of regulated substances that, considering the respective exchange values of the regulated substances, exceeds the number of allowances issued under paragraphs (2) and (3) that are held by that person.

(iv) MANDATORY ALLOCATIONS.—

(I) IN GENERAL.—Notwithstanding clause (i) and subject to clause (iii) and paragraphs (2) and (3), for the 5-year period beginning on the date of enactment of this Act, the Administrator shall allocate the full quantity of allowances necessary, based on projected, current, and historical trends, for the production or consumption of a regulated substance for the exclusive use of the regulated substance in an application solely for—

(aa) a propellant in metered-dose inhalers;

(bb) defense sprays;

(cc) structural composite preformed polyurethane foam for marine use and trailer use;

(dd) the etching of semiconductor material or wafers and the cleaning of chemical vapor deposition chambers within the semiconductor manufacturing sector;

(II) EXTENSION.—If, pursuant to a review under subclause (I), the Administrator determines, subject to notice and opportunity for public comment, that the requirements described in subclauses (I) and (II) of clause (i) are met, the Administrator shall authorize the production or consumption, as applicable, of any regulated substance used in the application for renewable periods of not more than 5 years for exclusive use in the application.

(5) DOMESTIC MANUFACTURING.—Notwithstanding paragraph (2)(A)(i), the Administrator may, by rule, authorize a

person to produce a regulated substance in excess of the number of production allowances held by that person, subject to the conditions that—

(A) the authorization is—

(i) for a renewable period of not more than 5 years; and

(ii) subject to notice and opportunity for public comment; and

(B) the production—

(i) is at a facility located in the United States;

(ii) is solely for export to, and use in, a foreign country that is not subject to the prohibition in subsection (j)(1); and

(iii) would not violate paragraph (2)(B).

(f) ACCELERATED SCHEDULE.—

(1) IN GENERAL.—Subject to paragraph (4), the Administrator may, only in response to a petition submitted to the Administrator in accordance with paragraph (3) and after notice and opportunity for public comment, promulgate regulations that establish a schedule for phasing down the production or consumption of regulated substances that is more stringent than the production and consumption levels of regulated substances required under subsection (e)(2)(C).

(2) REQUIREMENTS.—Any regulations promulgated under this subsection—

(A) shall—

(i) apply uniformly to the allocation of production and consumption allowances for regulated substances, in accordance with subsection (e)(3);

(I) applications that receive an allocation under clause (i) of subsection (e)(4)(B); and

(II) all applications that receive a mandatory allocation under items (aa) through (ff) of clause (iv)(I) of that subsection; and

(iii) foster continued reclamation of and transition from regulated substances; and

(B) shall not set the level of production allowances or consumption allowances below the percentage of the consumption baseline that is actually consumed during the calendar year prior to the year during which the Administrator makes a final determination with respect to the applicable proposal described in paragraph (3)(C)(iii)(I).

(3) PETITION.—

(A) IN GENERAL.—A person may petition the Administrator to promulgate regulations for an accelerated schedule for the phase-down of production or consumption of regulated substances under paragraph (1).

(I) not later than 180 days after the date on which the Administrator receives the petition—

(aa) make the complete petition available to the public; and

(bb) when making the petition available to the public under item (aa), propose and seek public comment on the proposal of the Administrator to grant or deny the petition; and

(II) not later than 270 days after the date on which the Administrator receives the petition, take final action on the petition.

(ii) FACTORS FOR DETERMINATION.—In making a determination to grant or deny a petition submitted under subparagraph (A), the Administrator shall, to the extent practicable, factor in—

(I) the best available data;

(II) the availability of substitutes for uses of the regulated substance that is the subject of the petition, taking into account technological achievability, commercial demands, affordability for residential and small business consumers, safety, consumer costs, building codes, appliance efficiency standards, contractor training costs, and other relevant factors, including the quantities of regulated substances available from reclaiming, prior production, or prior import;

(III) overall economic costs and environmental impacts, as compared to historical trends; and

(IV) the remaining phase-down period for regulated substances under the final rule issued under subsection (e)(3), if applicable.

(iii) REGULATIONS.—After receiving public comment with respect to the proposal under clause (i)(I)(bb), if the Administrator makes a final determination to grant a petition under subparagraph (A), the final regulations with respect to the petition shall—

(I) be promulgated by not later than 1 year after the date on which the Administrator makes the proposal to grant the petition under that clause; and

(II) meet the requirements of paragraph (2).

(D) PUBLICATION.—When the Administrator makes a final determination to grant or deny a petition under subparagraph (A), the Administrator shall publish a description of the reasons for that grant or denial, including a description of the information considered under subclauses (I) through (IV) of subparagraph (C)(ii).

(E) INSUFFICIENT INFORMATION.—If the Administrator determines that the data included under subparagraph

(B)(ii) in a petition are not sufficient to make a determination under this paragraph, the Administrator shall use any authority available to the Administrator to acquire the necessary data.

(4) DATE OF EFFECTIVENESS.—The Administrator may not promulgate under paragraph (1) a regulation for the production or consumption of regulated substances that is more stringent than the production or consumption levels required under subsection (e)(2)(C) that takes effect before January 1, 2025.

(5) REVIEW.—

(A) IN GENERAL.—The Administrator shall review the availability of substitutes for regulated substances subject to an accelerated schedule established under paragraph (1) in each sector and subsector in which the regulated substance is used, taking into account technological achievability, commercial demands, safety, and other relevant factors, including the quantities of regulated substances available from reclaiming, prior production, or prior import, by January 1, 2026 (for the first review), by January 1, 2031 (for the second review), and at least once every 5 years thereafter.

(B) the exchange value described in the rule designating the substance as a regulated substance under subsection (c)(3).

(2) REQUIREMENTS.—The final rule promulgated pursuant to paragraph (1) shall—

(A) ensure that the transfers under this subsection will result in greater total reductions in the production of regulated substances in each year than would occur during the year in the absence of the transfers;

(B) permit 2 or more persons to transfer production allowances if the transferor of the allowances will be subject, under the final rule, to an enforceable and quantifiable reduction in annual production that—

(i) exceeds the reduction otherwise applicable to the transferor under this section;

(ii) exceeds the quantity of production represented by the production allowances transferred to the transferee; and

(iii) would not have occurred in the absence of the transaction; and

(C) provide for the trading of consumption allowances in the same manner as is applicable under this subsection to the trading of production allowances.

(h) MANAGEMENT OF REGULATED SUBSTANCES.—

(2) TRANSFERS.—Pursuant to paragraph (1), a person in the United States may engage in a trade or transfer of a production allowance—

(A) to a person in a foreign country if, at the time of the transfer, the Administrator revises the number of allowances for production under subsection (e)(2), as applicable, for the United States such that the aggregate national production of the regulated substance to be traded under the revised production limits is equal to the least of—

(i) the maximum production level permitted for the applicable regulated substance in the year of the transfer under this section, less the production allowances transferred;

(ii) the maximum production level permitted for the applicable regulated substances in the transfer year under applicable law, less the production allowances transferred; and

**DIVISION T—SMITHSONIAN AMERICAN
WOMEN’S HISTORY MUSEUM ACT AND
NATIONAL MUSEUM OF THE AMER-
ICAN LATINO**

**TITLE I—SMITHSONIAN AMERICAN
WOMEN’S HISTORY MUSEUM ACT**

SEC. 101. SHORT TITLE.

This title may be cited as the “Smithsonian American Women’s History Museum Act”.

SEC. 102. FINDINGS.

Congress finds the following:

(1) Since its founding, the United States has greatly benefitted from the contributions of women.

(2) Historical accounts, monuments, memorials, and museums disproportionately represent men’s achievements and contributions and often neglect those of women. For example—

(A) a study of 18 United States history textbooks concluded that 10 percent of the material documented contributions of women;

(B) 9 statues out of 91 in the United States Capitol’s National Statuary Hall depict women; and

(C) only one of the 44 monuments operated by the National Park Service specifically honors the achievements of women after the 2016 designation of the Belmont-Paul Women’s Equality National Monument.

(3) There exists no national museum in the United States that is devoted to the documentation of women’s contributions throughout the Nation’s history.

(4) On December 19, 2014, Congress created a Congressional Commission to study the potential for an American museum of women’s history. The bipartisan Commission unanimously concluded that the United States needs and deserves a physical national museum dedicated to showcasing the historical experiences and impact of women in the United States.

(5) A comprehensive women’s history museum would document the full spectrum of the experiences of women in the United States, represent a diverse range of viewpoints, experiences, and backgrounds, more accurately depict the history of the United States, and add value to the Smithsonian Institution.

(6) The collections, exhibits, historical narrative materials, and museum programming of the women’s history museum should be inclusive, comprehensive, and innovative. Such collections, exhibits, materials, and programming should present the diverse range of experiences and viewpoints of all women in the United States, reflecting upon the things that set women apart from one another while also highlighting the experiences that many of these women share.

SEC. 103. ESTABLISHMENT OF MUSEUM.

(a) **ESTABLISHMENT.**—There is established within the Smithsonian Institution a comprehensive women’s history museum, to be named by the Board of Regents in consultation with the council established under section 104 (referred to in this Act as the “Museum”).

(a) RULEMAKING PROCEEDING.—

(1) IN GENERAL.—Not later than 30 days after the date of enactment of this title, the Administrator shall initiate a rulemaking proceeding to require that manufacturers that hold both a type certificate and a production certificate issued pursuant to section 44704 of title 49, United States Code, where the United States is the State of Design and State of Manufacture, have in place a safety management system that is consistent with the standards and recommended practices established by ICAO and contained in annex 19 to the Convention on International Civil Aviation (61 Stat. 1180), for such systems.

(2) CONTENTS OF REGULATIONS.—The regulations issued under paragraph (1) shall, at a minimum—

(A) ensure safety management systems are consistent with, and complementary to, existing safety management systems;

(B) include provisions that would permit operational feedback from operators and pilots qualified on the manufacturers' equipment to ensure that the operational assumptions made during design and certification remain valid;

(C) include provisions for the Administrator's approval of, and regular oversight of adherence to, a certificate holder's safety management system adopted pursuant to such regulations; and

(D) require such certificate holder to adopt, not later than 4 years after the date of enactment of this title, a safety management system.

(b) FINAL RULE DEADLINE.—Not later than 24 months after initiating the rulemaking under subsection (a), the Administrator shall issue a final rule.

(c) SURVEILLANCE AND AUDIT REQUIREMENT.—The final rule issued pursuant to subsection (b) shall include a requirement for the Administrator to implement a systems approach to risk-based surveillance by defining and planning inspections, audits, and monitoring activities on a continuous basis, to ensure that design and production approval holders of aviation products meet and continue to meet safety management system requirements under the rule.

(d) ENGAGEMENT WITH ICAO.—The Administrator shall engage with ICAO and foreign civil aviation authorities to help encourage the adoption of safety management systems for manufacturers on a global basis, consistent with ICAO standards.

(e) SAFETY REPORTING PROGRAM.—The regulations issued under subsection (a) shall require a safety management system to include a confidential employee reporting system through which employees can report hazards, issues, concerns, occurrences, and incidents. A reporting system under this subsection shall include provisions for reporting, without concern for reprisal for reporting, of such items by employees in a manner consistent with confidential employee reporting systems administered by the Administrator. Such regulations shall also require a certificate holder described in subsection (a) to submit a summary of reports received under this subsection to the Administrator at least twice per year.

(f) CODE OF ETHICS.—The regulations issued under subsection (a) shall require a safety management system to include establishment of a code of ethics applicable to all appropriate employees of a certificate holder, including officers (as determined by the

FAA), which clarifies that safety is the organization's highest priority.

SEC. 625. SENSE OF CONGRESS ON REPORT ON MURDER OF JAMAL KHASHOGGI.

(a) FINDINGS.—Congress finds the following:

(1) There is a strong bipartisan conviction, shared widely throughout the legislative and executive branches of the United States Government and elsewhere, that ensuring full accountability for the brutal murder on October 2, 2018, of Jamal Khashoggi, a former Washington Post columnist and resident

of the United States, is in the public interest and also the national interest of the United States.

(2) Section 5714 of the Damon Paul Nelson and Matthew Young Pollard Intelligence Authorization Act for Fiscal Years 2018, 2019, and 2020 (division E of Public Law 116–92; 133 Stat. 2173) required the Director of National Intelligence to submit to Congress a written report in “unclassified form” that includes “identification of those who carried out, participated in, ordered, or were otherwise complicit in or responsible for the death of Jamal Khashoggi.”

(3) Section 1277 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92; 133 Stat. 1701) likewise obligated the Director to submit to the Committee on Foreign Affairs and the Permanent Select Committee on Intelligence of the House of Representatives and the Committee on Foreign Relations and the Select Committee on Intelligence of the Senate a written report on the assessment of the intelligence community regarding Mr. Khashoggi’s brutal murder.

(4) Such section 1277 specifically called, among other things, for a determination and presentation of evidence with respect to the advance knowledge and role of any current or former official of the Government of Saudi Arabia or any current or former senior Saudi political figure over the directing, ordering, or tampering of evidence in relation to Mr. Khashoggi’s murder.

(5) Such section 1277 also required the Director to submit a list of foreign persons whom the Director has high confidence were responsible for, complicit in, or otherwise knowingly and materially assisted the murder, or impeded its impartial investigation, or who ordered or otherwise directed an act or acts contributing to or causing the murder.

(6) Contrary to the unambiguous and lawful command of Congress under such sections 5714 and 1277, the Director did not produce any unclassified report as required by either such section, and instead, on February 20, 2020, the Director submitted to such committees a classified report, which the Director referred to as an “annex”.

(7) The evident belief of the Director that no unclassified information can be produced in accordance with the directives of Congress is dubious, in light of the extensive body of credible, unclassified reporting available regarding the murder of Mr. Khashoggi, and the roles and culpability of officials at the highest levels of the Government of Saudi Arabia.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Director of National Intelligence should reasonably have been able to produce an unclassified report pursuant to section 5714 of the Damon Paul Nelson and Matthew Young Pollard Intelligence Authorization Act for Fiscal Years 2018, 2019, and 2020 and section 1277 of the National Defense Authorization Act for Fiscal Year 2020 that did not alter or obscure, in any way, the intelligence community’s core determinations, its presentation of evidence, or identification of relevant persons, as required, without putting sources and methods at risk.

(a) **ADDRESSING FOSTER CARE AGE RESTRICTIONS DURING THE PANDEMIC.**—A State operating a program under part E of title IV of the Social Security Act may not require a child who is in foster care under the responsibility of the State to leave foster care solely by reason of the child's age. (A) a description of the final methodology for determining which minerals, elements, substances, and materials qualify as critical minerals;

(B) the final list of critical minerals; and

(C) the final list of critical minerals recovered as byproducts and their host minerals.
