A BILL

To modernize the business of selling firearms.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “Federal Firearm Li-
5 censee Act”.

6 SEC. 2. FINDINGS.

7 The Congress finds the following:

1 (1) A growing body of evidence demonstrates
2 that gun dealers' sales practices affect the prob-
3 ability of guns getting to criminals and that policies
4 designed to hold gun sellers accountable can curtail
5 the diversion of guns to criminals.

6 (2) Federal laws governing firearm dealers have
7 not been updated in over 30 years, contain safe-
8 guards that protect dealers who engage in illegal
9 practices from adverse enforcement action, frustrate
10 law enforcement efforts to curb gun trafficking and
11 violence and are, thus, inadequate to meet the reali-
12 ties of the twenty-first century.

13 (3) The Tiahrt Amendments, for one, severely
14 limit the authority of the Bureau of Alcohol, To-
15 bacco, Firearms and Explosives (ATF) to disclose
16 crime gun trace data to the public, prevent the col-
17 lection of valuable information, and the establish-
18 ment of effective policies to prevent illegal guns from
19 being used in crimes and impede enforcement of the
20 gun laws by requiring most background check
21 records to be destroyed within 24 hours, and by bar-
22 ring the Government from requiring annual inven-
23 tory audits by owners of gun shops. Repealing the
24 Tiahrt Amendments would support law enforcement
25 efforts and give the public vital information needed

1 to craft the most effective policies against illegal
2 guns.

3 (4) Additionally, Federal law imposes no re-
4 quirements that dealers physically secure their high-
5 ly valuable and lethal inventory. The number of gun
6 thefts from licensed gun dealers has increased more
7 than the number from any other source. Between
8 2013 and 2017, the number of firearms stolen in
9 gun-dealer burglaries more than doubled and the
10 number of firearms stolen in gun-dealer robberies
11 tripled.

12 **SEC. 3. DEFINITIONS.**

13 Section 921(a) of title 18, United States Code, is
14 amended by adding at the end the following:

15 “(38) The term ‘facilitator’ means any person en-
16 gaged in the business of hosting a commercial marketplace
17 in which offers for firearm sales, purchases, or other
18 transfers are allowed to be made, except that such a per-
19 son shall not be considered to be a facilitator with respect
20 to any transaction that is made through the use of a
21 website or mobile application owned or operated by the
22 person if the transaction violates the terms of service of
23 the website or mobile application and the person has made
24 a good faith effort to enforce the terms of service by, at

1 a minimum, auditing firearms transactions on a quarterly
2 basis to ensure compliance with this chapter.

3 “(39) The term ‘occasional’ means, with respect to
4 transactions, fewer than 5 transactions in a 12-month pe-
5 riod.

6 “(40) The term ‘personal collection’ includes any fire-
7 arm obtained only for the personal use of an individual
8 and not for the purpose of selling or trading, except that
9 a firearm obtained through inheritance shall not be consid-
10 ered part of a personal collection until the firearm has
11 been possessed for 1 year.

12 “(41) The term ‘business inventory firearm’ means,
13 with respect to a person, a firearm required by law to be
14 recorded in the acquisition and disposition logs of any fire-
15 arms business of the person.

16 “(42)(A) The term ‘frame’ means the part of a hand-
17 gun, or variants thereof, that provides housing or a struc-
18 ture for the primary energized component designed to hold
19 back the hammer, striker, bolt, or similar component prior
20 to initiation of the firing sequence (such as a sear or the
21 equivalent), even if pins or other attachments are required
22 to connect such component to the housing or structure.

23 “(B) The term ‘receiver’ means the part of a rifle,
24 shotgun, or projectile weapon other than a handgun, or
25 variants thereof, that provides housing or a structure for

1 the primary component designed to block or seal the
2 breech prior to initiation of the firing sequence (such as
3 a bolt, breechblock, or the equivalent), even if pins or other
4 attachments are required to connect such component to
5 the housing or structure.

6 “(C) For purposes of this paragraph, the terms ‘vari-
7 ant’ and ‘variants thereof’ mean a weapon utilizing a simi-
8 lar frame or receiver design irrespective of new or different
9 model designations or configurations, characteristics, fea-
10 tures, components, accessories, or attachments. For exam-
11 ple, an AK-type firearm with a short stock and a pistol
12 grip is a pistol variant of an AK-type rifle, an AR-type
13 firearm with a short stock and a pistol grip is a pistol
14 variant of an AR-type rifle, and a revolving cylinder shot-
15 gun is a shotgun variant of a revolver.”.
